Enterprise Communication & Collaboration

Presented by:

VNC - Virtual Network Consult AG
February 2022

Topics

1. VNC and the VNCIagoon Platform
2. Communication & Collaboration Suite
3. Hands-on demonstration
4. Questions and Answers

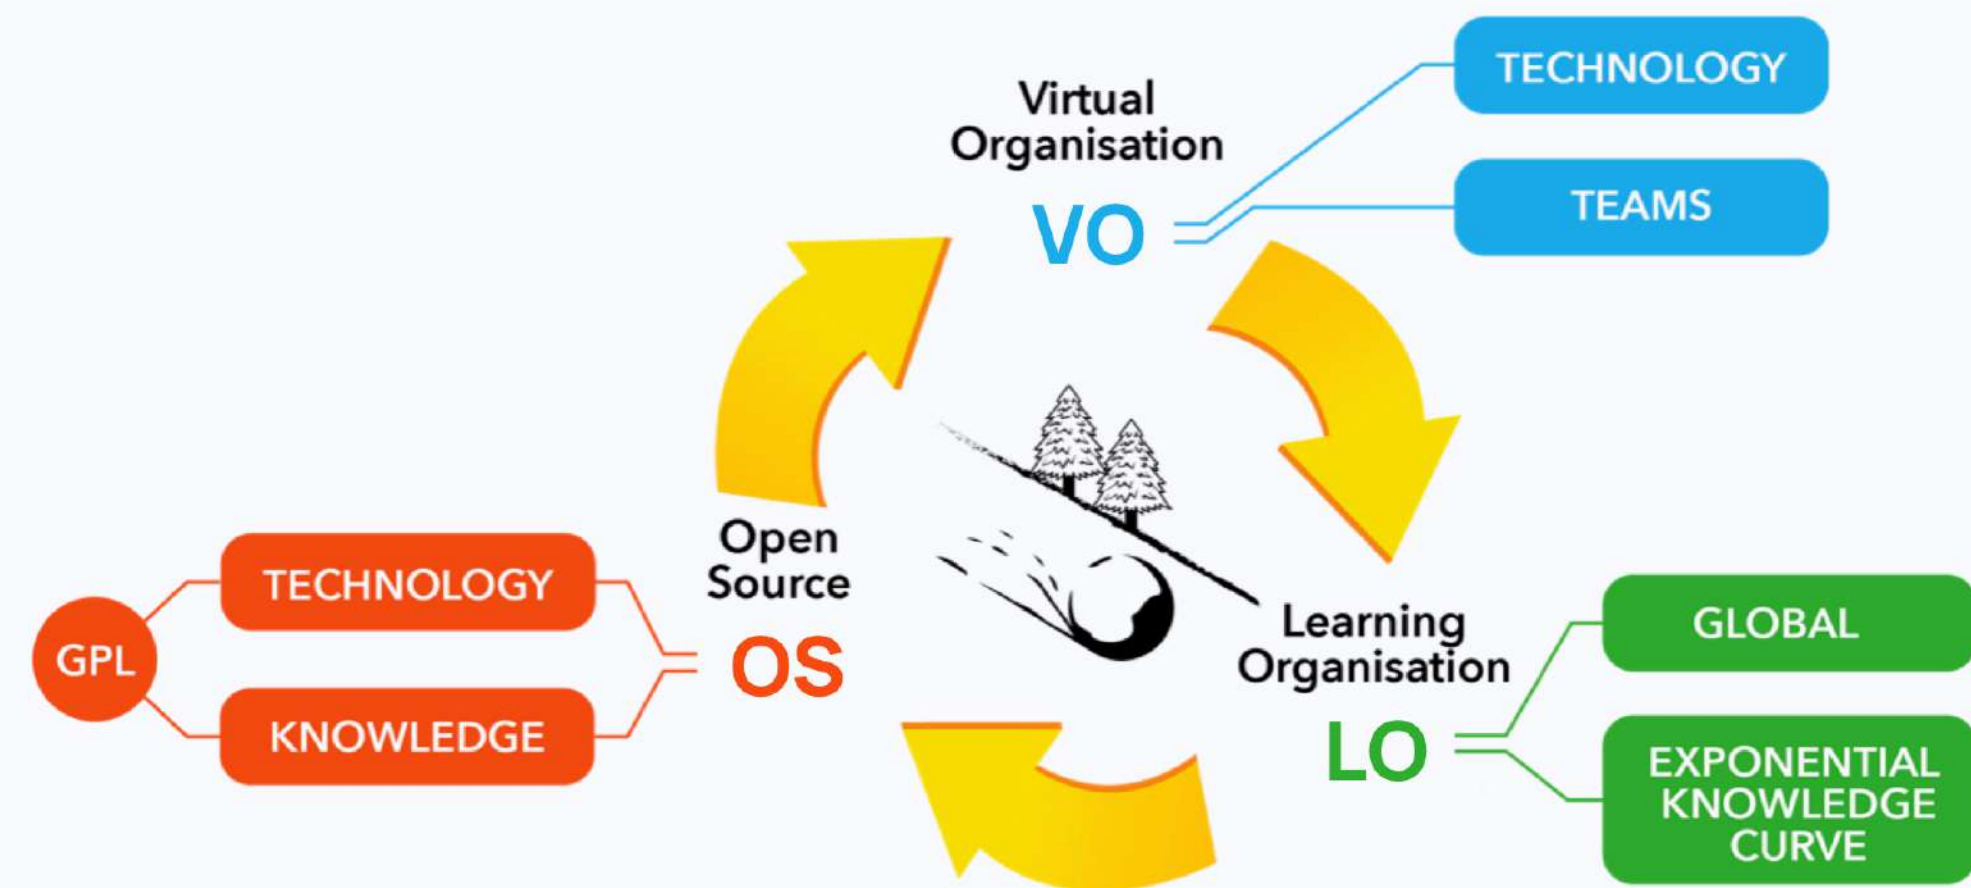

Topics

1. VNC and the VNCIagoon Platform

- **Virtual & Learning Organisation**
- **Open Source**
- **The VNC Archetypes**

Our Mission

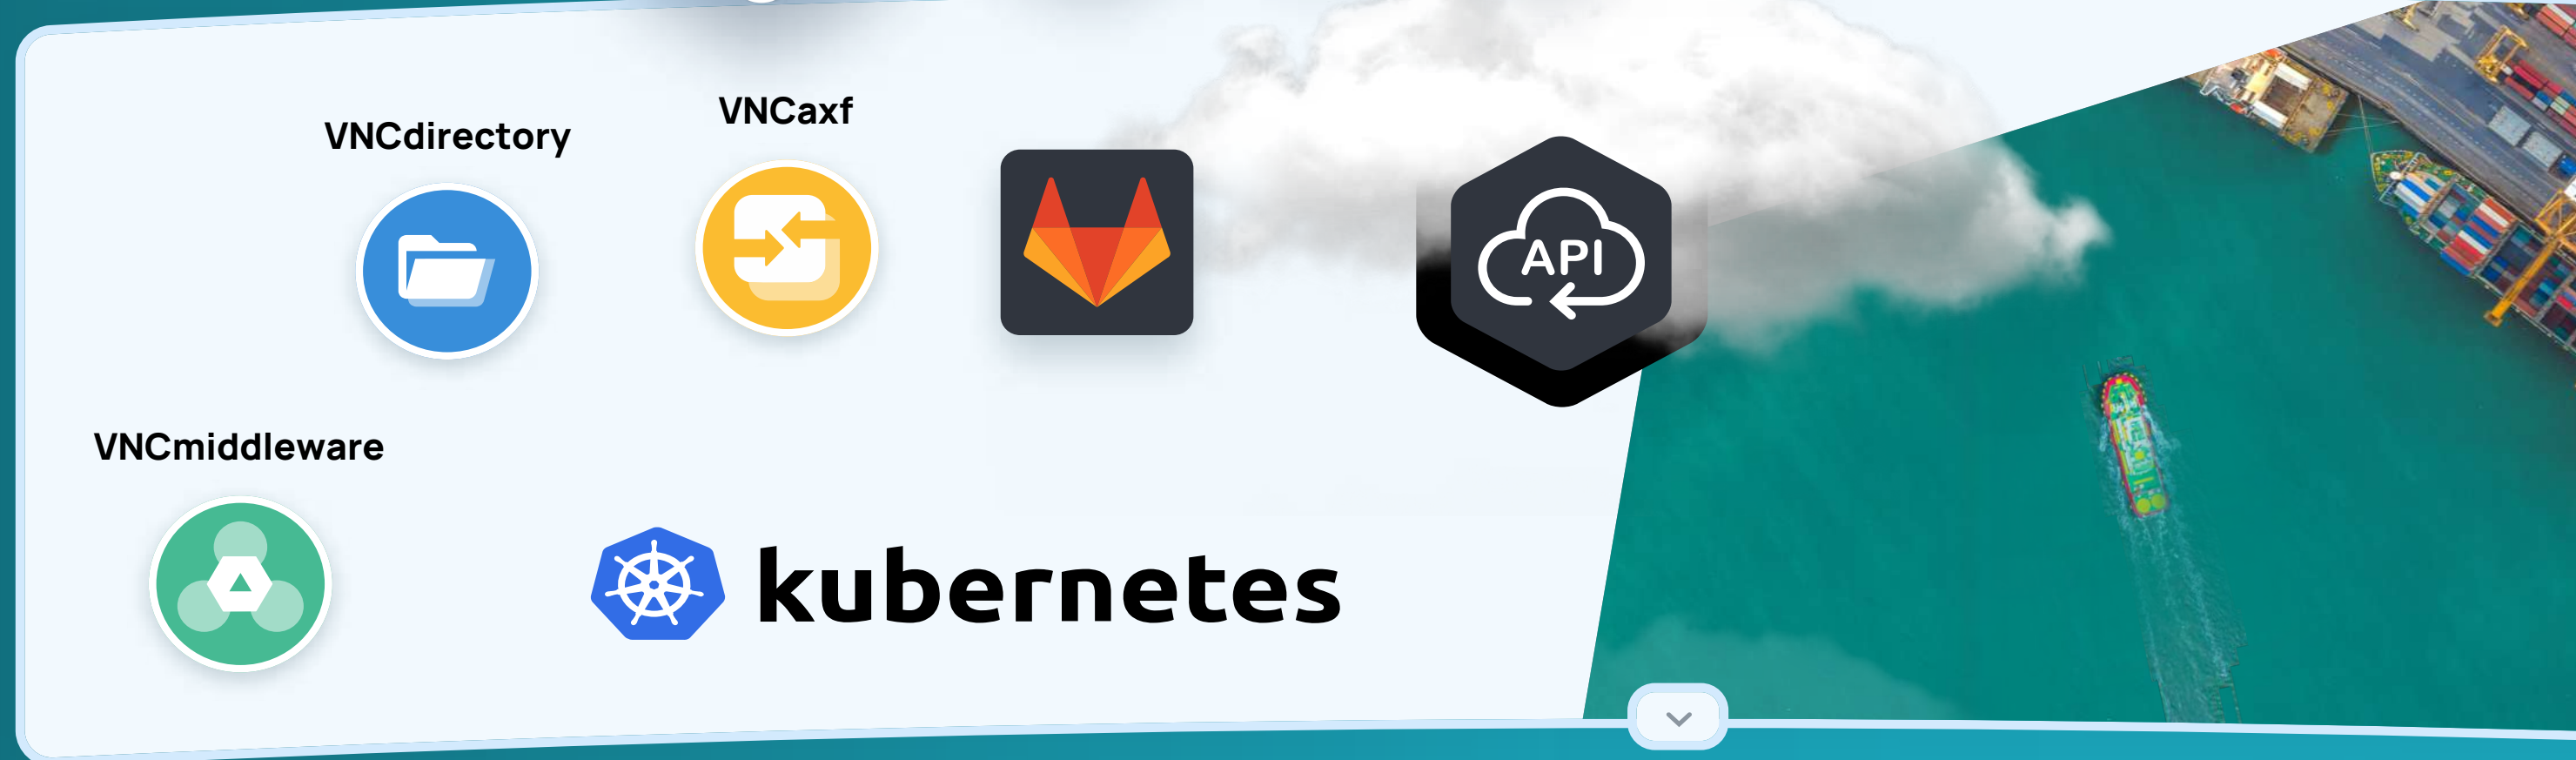

To provide secure communication and collaboration to our users via open technologies and platforms.

3

Layers of the VNClagoon Platform

Innovative Frontend & Backend Technologies

Best of class backend technologies with unified frontend technologies and open APIs →

VNCuxf

The VNC lagoon frontend technology

VNCdirectory

Full-blown directory tools for all VNC lagoon applications

VNCaxf

The enterprise backend framework for VNC lagoon

VNCtrustbase

The framework for encrypted email communication

Topics

2. The VNCIagoon Communication & Collaboration Suite

VNClagoon Suite

Products built for secure interactions of all kinds →

Communication Suite

 VNCtalk Web-based Real-Time Communication: chat, video and audio conferencing, screen	 VNCchannels A safe place to store data, share insights, grow knowledge & collaborate!	 VNCiom IOM: Inter-Organization Messenger
 VNCcontacts Contacts and address management	 VNCmail The future of e-mail and collaboration – more efficient, more open, more effective and	 VNCgroupware Your complete management tool for your emails, contacts, calendar and files!

Collaboration Suite

 VNCcommander The brilliant centerpiece of VNClagoon.	 VNCcalendar One calendar for all your meetings and dates.	 VNCproject Keep your projects in focus and your customers happy.
 VNCtask VNCtask – the easy to use Task Management & To-Do List application. Stay organized.	 VNCsafe Private and secure file sharing – on any device, any OS and stored on the server of your choice.	 VNCoffice Business-hardened office suite with long-term, multi-platform support.

Frontend & Backend Technologies

 VNCdirectory VNCdirectory is a full-blown directory service for the VNClagoon applications and	 VNCaxf The VNC Application Exchange Framework delivers the real magic in VNClagoon: seamless	 VNCapps Efficient and productive wherever you are
 VNCuxf VNCuxf delivers the real magic in VNClagoon	 VNCtrustbase VNCuxf delivers the real magic in VNClagoon	

VNCdirectory

Features:

- general login and access to the platform
- navigation to subscribed products with icons or app switcher
- directory service
- central management of users (internal and external), roles & permissions
- workflow management
- HelpDesk

Incidents & Helpdesk

ITIL based Helpdesk and Ticketing System

The screenshot displays the VNC project interface. At the top, there are navigation tabs for RELEASSES, CHANGES, PROBLEMS, INCIDENTS, SLA, and BENCHMARKS. The main content area is titled "Incidents Statistics" and features a "Filters" button. A pie chart titled "Incidents by status" is visible, showing a distribution of incident statuses. A "New Incident" modal form is open, containing the following fields:

- Subject * (Issue with my application)
- Project * (Helpdesk) and Type * (Incident)
- Description * (Raising this incident since I got a problem with my software)
- Status: New
- Owner: Mla Test
- Product * (Test product 1) and Severity
- Attachments (BROWSE button, Maximum size: 29.3 MB)

At the bottom of the modal are "CANCEL" and "CREATE" buttons. In the background, a list of incidents is visible with columns for #, ID #, Project, Customer, Severity, and Produkt.

#	ID #	Project	Customer	Severity	Produkt
10001-219	3585	Helpdesk	MLA Company	Critical	Test prod

Dashboard Views

Features:

- complete overview of all activities and projects
- customizable views and filters
- all projects from a meta roadmap perspective
- drill-down to tasks / projects / versions / tickets
- notification center & latest changes
- overview of multiple projects for cross-program management
- advanced search options

A brief overview of your projects and tasks

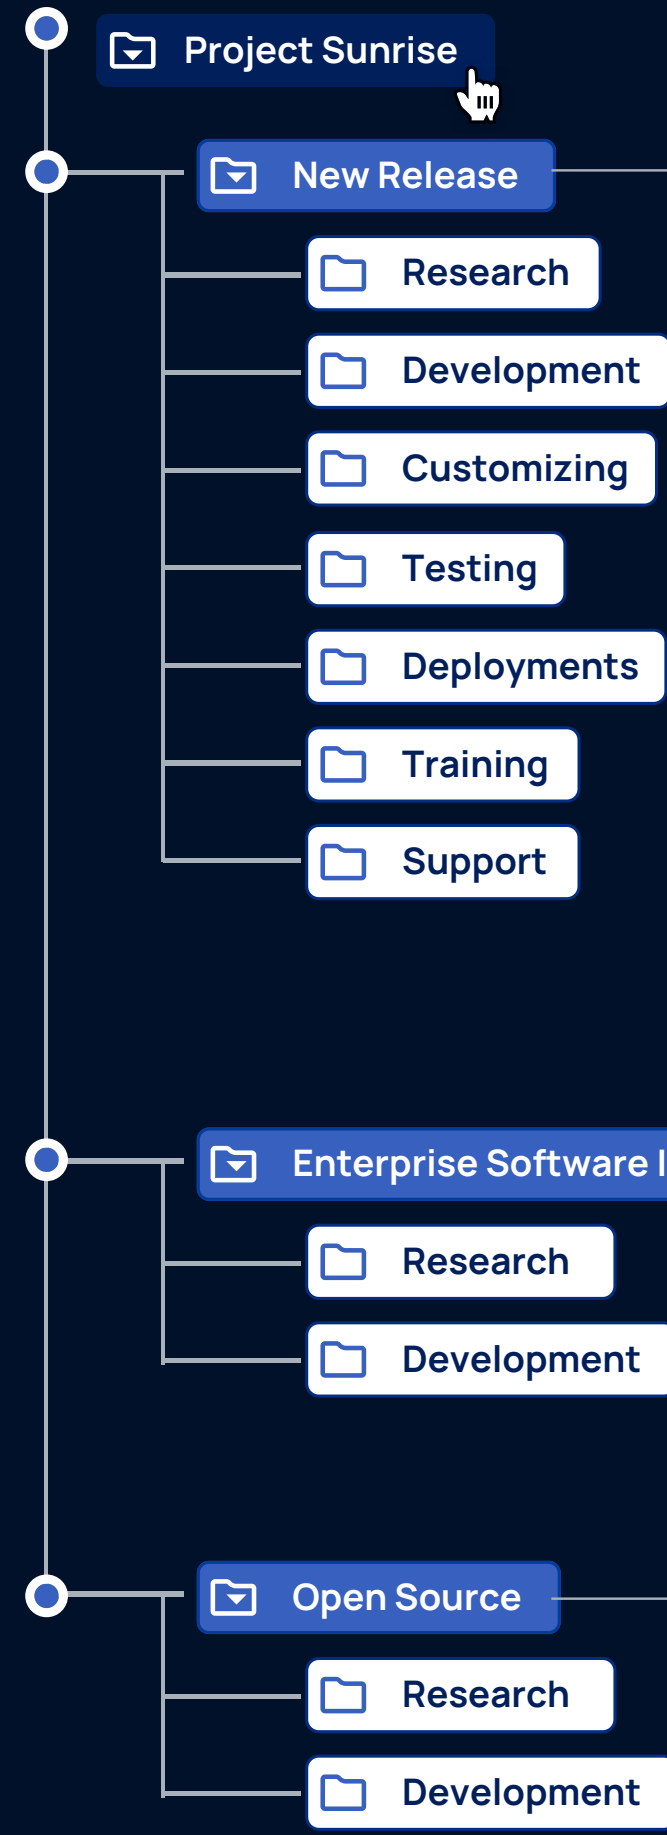

Quick filters of items based upon preconfigured selections →

VNCdashboard

The screenshot displays the VNCdashboard interface. At the top, there's a navigation bar with 'Dashboard' and 'Project Board' options. Below this, the 'My trophies' section shows a weekly overview from Monday to Saturday. The 'My Capacity' section features a table with columns for days of the week and values (e.g., Mon: 8.00, Tue: 8.00, Wed: 8.00, Thu: 8.00, Fri: 8.00, Sat: 0.00, Sun: 0.00). The 'Tickets Per Day' section includes a circular gauge showing '7.4 h Time distribution' and a table listing features like 'WP Decarbonization', 'WP Fuels', 'WP Supply Chain', 'WP Engine', and 'WP Engine' with corresponding ticket links. A notification panel on the right lists various alerts such as 'New Chat', 'New Project', 'New Ticket', 'New File', 'New channel', 'New topic', 'New mention', and 'Missed call'. At the bottom, there are sections for 'Open tasks' and 'Achievements'.

Notification Center

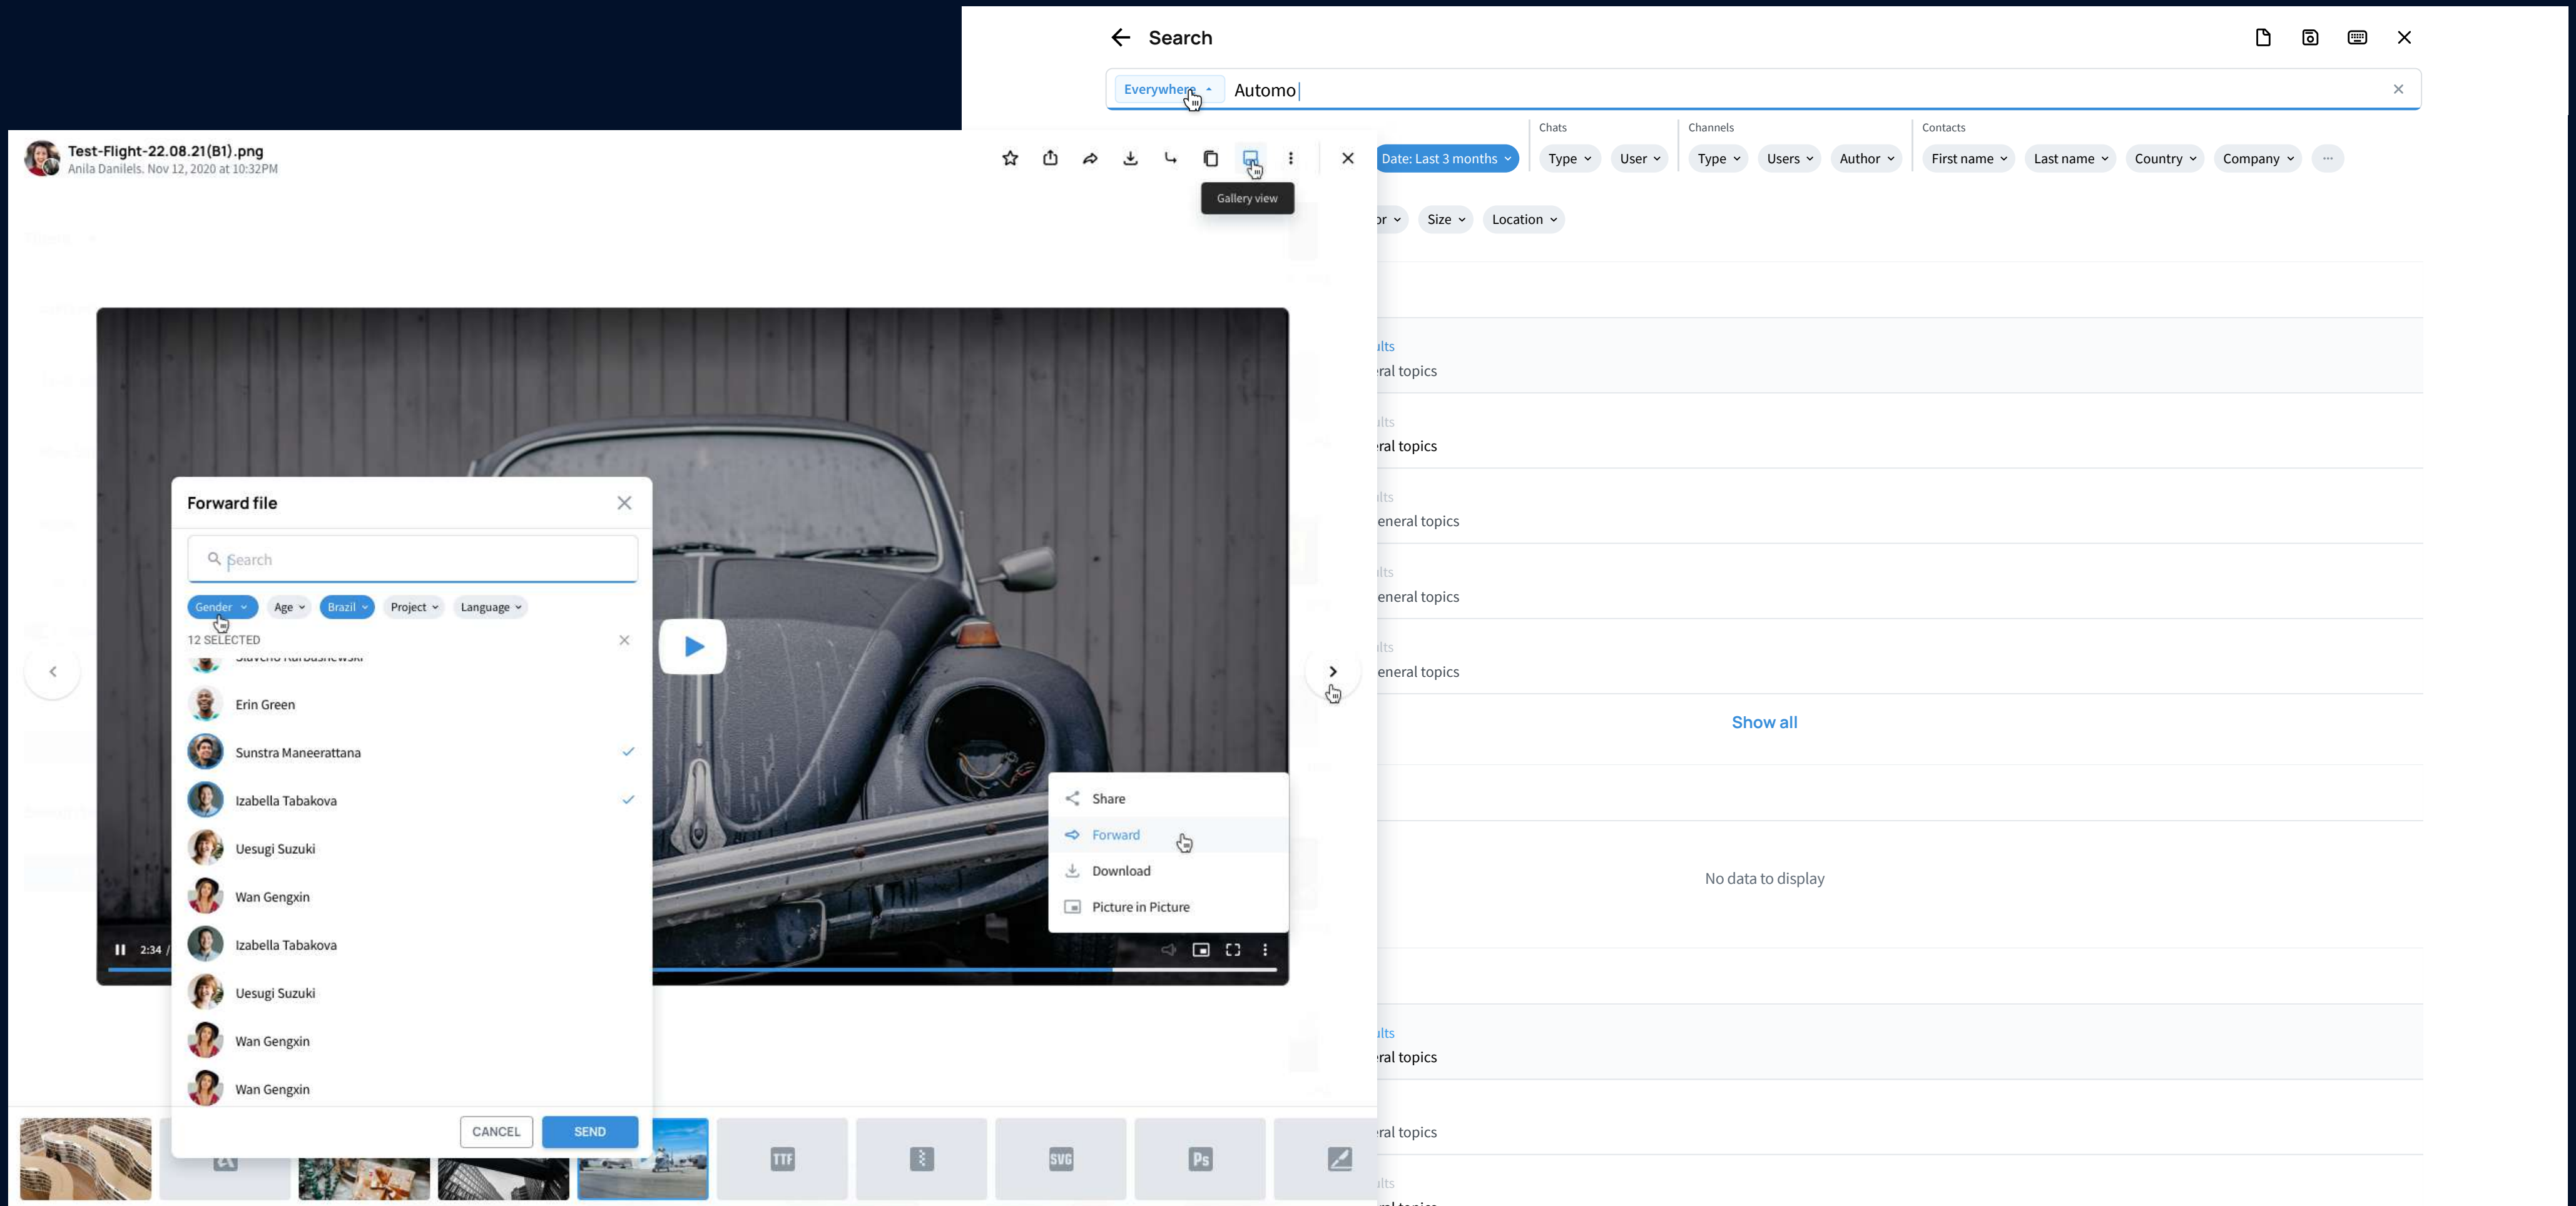

Notifications for any changes such as:
new project, changed ticket, new file, new
chat, new channel, new topic, new
comment and more →

The screenshot displays a notification center interface with the following elements:

- Header:** "Notifications" title, refresh icon, menu icon, and a hand cursor icon.
- Filters:** "all applications" (dropdown) and "unread" (button).
- Section Header:** "TODAY" with a trash icon.
- Notifications List:**
 - New Chat:** "You were invited to Aerospace Team chat." (Today · 14:54)
 - New Project:** "Albert Dera created new project Research" (Today · 14:39)
 - New Ticket:** "Engine construction Documentation convert to PDF tiket was created by Albert Dera" (Today · 12:39)
 - New File:** "New file 'Pillar Construction' was shared with you by Rachel Salivan." (Today · 11:05)
 - New channel:** "Anna Smith created new channel Making the transition from animating in After Effects to CSS." (Today · 11:02)
 - New topic:** "Anna Palmer published new topic Making the transition from animating in After Effects to CSS in Developers rules the World." (Today · 11:00)
 - New mention:** "You was mentioned in a Great new security feature topic by Anna Palmer." (Today · 9:12)
 - Missed call:** "You have a missed call in Team Talks & Discussions." (Today · 8:39)

Advanced Search by Role

The image displays a VNC dashboard interface with a search window and a file sharing dialog. The search window, titled "Search", has a search bar containing "Automotive" and a dropdown menu set to "Everywhere". Below the search bar are filters for "Date: Last 3 months", "Type", "User", "Channels", "Users", "Author", "Contacts", "First name", "Last name", "Country", and "Company". A "Gallery view" button is visible below the filters. The search results area shows a list of items, with a "Show all" button at the bottom. A "Forward file" dialog is open over a video player showing a car. The dialog has a search bar and filters for "Gender", "Age", "Brazil", "Project", and "Language". It lists 12 selected users: Erin Green, Sunstra Maneerattana, Izabella Tabakova, Uesugi Suzuki, Wan Gengxin, and Izabella Tabakova. A "Share" menu is open over the video player, showing options for "Share", "Forward", "Download", and "Picture in Picture". The dashboard background shows a grid of thumbnails and a "SEND" button.

Audio & Video Conferencing

The screenshot shows the VNCtalk desktop interface. On the left, a sidebar displays connection statistics: Connection (good), URL (jitsi server: some.url.here), Status (active), Online time (N/A), Last peak (N/A), Bitrate (N/A), Packets lost (N/A), Resolution (N/A), and Frame rate (N/A). The main area features a grid of video thumbnails for participants. A settings menu is open over the grid, listing options like Video Meeting Settings, Audio & Video, Copy Link, Background, Add participants, Rise your hand, Stop recording, Security options, Unmute everyone, and Enable everyone's camera. A 'Users' panel on the right lists participants: Aaron Pozniak, Anna Palmer, Andrea Smith, Albert Dera, and Andrea Smith.

This screenshot shows a mobile VNCtalk interface. At the top, it displays the name 'Rebecca Bradley' and a timer '00:00:32'. Below the name is a video thumbnail of a man wearing headphones. A control bar at the bottom includes icons for chat, mute, video, and end call.

This screenshot shows another mobile VNCtalk interface. It displays the name 'Rebecca Bradley' and a timer '00:00:32'. The video thumbnail shows a woman smiling.

This screenshot shows an incoming call notification on a mobile device. It features the name 'Rebecca Bradley' and a circular video thumbnail of a woman. Below the thumbnail are a 'Message' button and two call buttons: a red one with a white telephone handset icon and a green one with a white telephone handset icon.

This screenshot shows a screen sharing selection dialog on a mobile device. The dialog is titled 'Select a screen to share' and has two tabs: 'Desktop' and 'Window'. Under the 'Window' tab, several application windows are visible, including 'Agileboard (1)', 'ikea', and 'VNCtalk'. At the bottom, there is a 'Share computer sound' toggle and 'CANCEL' and 'APPLY' buttons.

Seamless Experience on Desktop & Mobile

The image displays a collage of VNCtalk interface elements across different devices and views:

- Desktop View (Top):** Shows a navigation bar with a search bar, notification bell, and user profile. Below it is a chat window for "Alexandr Richards-Wests..." with a message from "Albert Dera" containing 4 images and a message from "Eduardo Durta" with an audio player. Another message from "Antony Cagle" is partially visible.
- Mobile View (Middle):** Shows a notification center with a list of notifications including "Reminders", "Antony Cagle", "Gabie Sheber", "Xing Zheng", "Anne-Marije Markink", "Andrea Smith", and "QA Test Automation".
- Mobile View (Bottom):** Shows a channel list with various channels like "The Rebirth", "Admin Sign", "QA and Dev", "Sanity Fea", "Internation", "The New Yo", and "Memes".
- Smartlink Panel (Right):** A notification panel titled "Smartlink" showing a list of notifications categorized by date (TODAY, YESTERDAY). Notifications include "New channel", "New comment reply", "New topic", and "Private topic invite".

VNCchannels

Features:

- private and public channels with subscription
- topics in several types: generic, video, analysis
- smart links to relate various content types
- comment, like, forward, archive

VNCchannels

Your place to collaborate & innovate!

Store data, search and retrieve information and generate knowledge – collaboratively! →

The screenshot shows the VNCtalk application interface. On the left is a sidebar with a search bar and a list of channels including 'Chilling and fun', 'QA & Development', 'UI/UX Trends & Patterns', 'Schedule 2021', 'Company Strategy', 'New Processing Techniques', 'Manual Storage', 'Clean Code', 'Password management', 'Productivity Tricks', 'Agile and Scrum', 'Test-Driven Development', 'The Weekend Experiment', 'VNCmcb', 'Cmcb', 'YouTube and Patreon', and 'Online Courses'. The main content area shows a post from Alexander Cooper in the 'UI/UX Trends & Patterns' channel. The post title is 'Leading Content Marketers Share the Best Way to Make a Calendar' and it has 34 likes and 5/12 comments. The post text discusses the impact of broadband and DSL on internet usage and the spread of viruses and spyware. Below the post are several replies, each featuring a video thumbnail and the text 'Leading Content Marketers Share the Best Way to Make a Calendar Leading' with a hashtag and a mention of 'Sam Smith'. The bottom of the screenshot shows a landscape image and a '+10' indicator.

From: VNCtask Support <support@vnc.biz> (Wednesday, 16 January 2019, 16:10)

Attachments: activation instructions.pdf, Readme.txt, Welcome to VNCtask.doc, + 3 more

Body:

Dear Lene Vestgaard Hau, thanks for reaching out.

To solve your problem we will help you with the following steps:

1. Activation email might end up in your spam folder.
2. Is it possible that you entered an incorrect email address?
3. If that don't help, can you please provide us with a screenshot of the activation email? <https://activation.task.vnc.biz>

If this don't solve your problem, please let us know so we can help you further.

In the meantime, please check out our new collaboration tool.

Thanks

VNCtask

Best Regards,
Markus Crown

VNCcalendar

Power Calendar Features

The screenshot displays the VNCcalendar application interface. At the top, the header shows the VNCcalendar logo, a search bar, and navigation icons. The main calendar view is a weekly grid for the week of September 25th to 30th, 2019. Several events are visible: an orange event on Monday, a green event on Friday, and blue events on Tuesday and Wednesday. Two windows are overlaid on the calendar. The first window, titled 'Strategy Workshop', shows event details including the location 'VNC, Weigandufer 45, 12059 Berlin, Deutschland', a list of attendees (Greg Ha, Erik Luc, Alen Sa, Aatik Ta, Adam For), and options to edit, duplicate, or join the event. The second window, titled 'Video Meeting', shows details for a meeting on Thursday, April 14, including the agenda: '1. What did we do yesterday.', '1. What is agenda for today.', and '3. Is there any blockers/concerns.' It also includes a 'Watch recording' button and a timestamp 'Ended Apr 14 04:05 PM'.

VNCcontacts

Features:

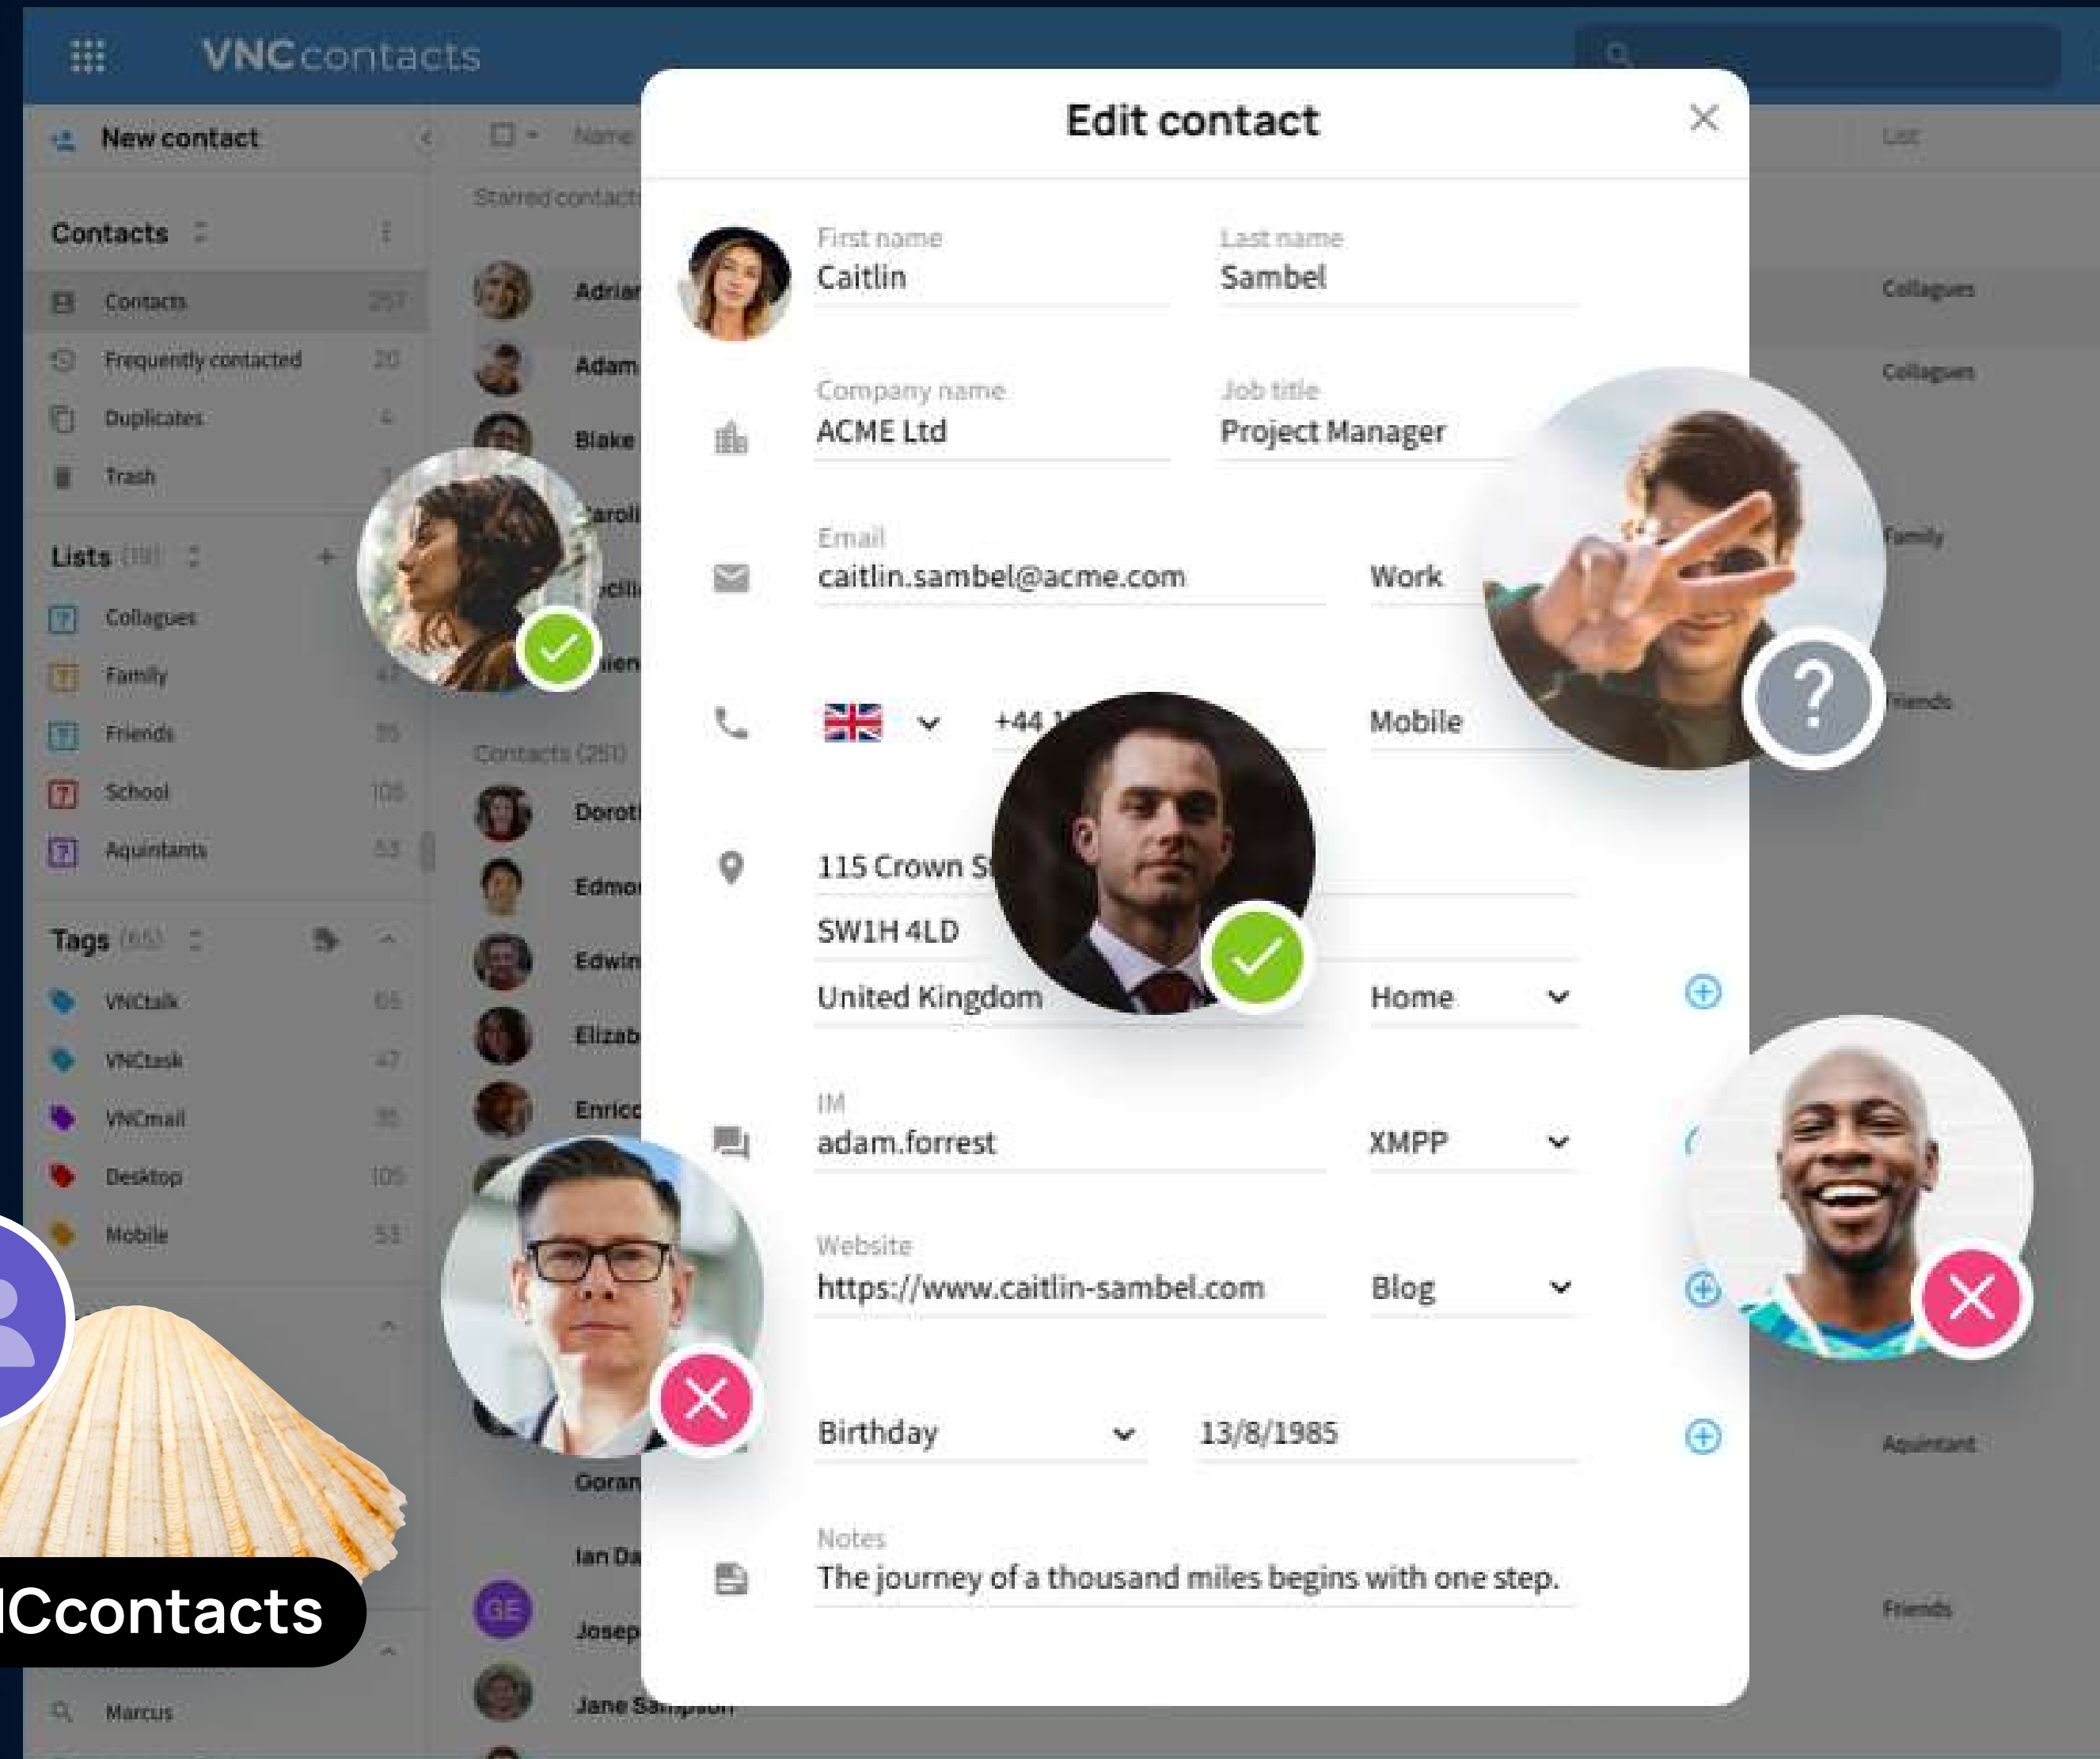

- enterprise contacts and address management
- fast and easy creation of new contacts
- group contacts in folders
- move contacts between folders
- easy earmarking of favorite contacts
- individual contact lists; filter and sort by criteria
- import, export and print saved contact lists
- add, change and remove your profile photo

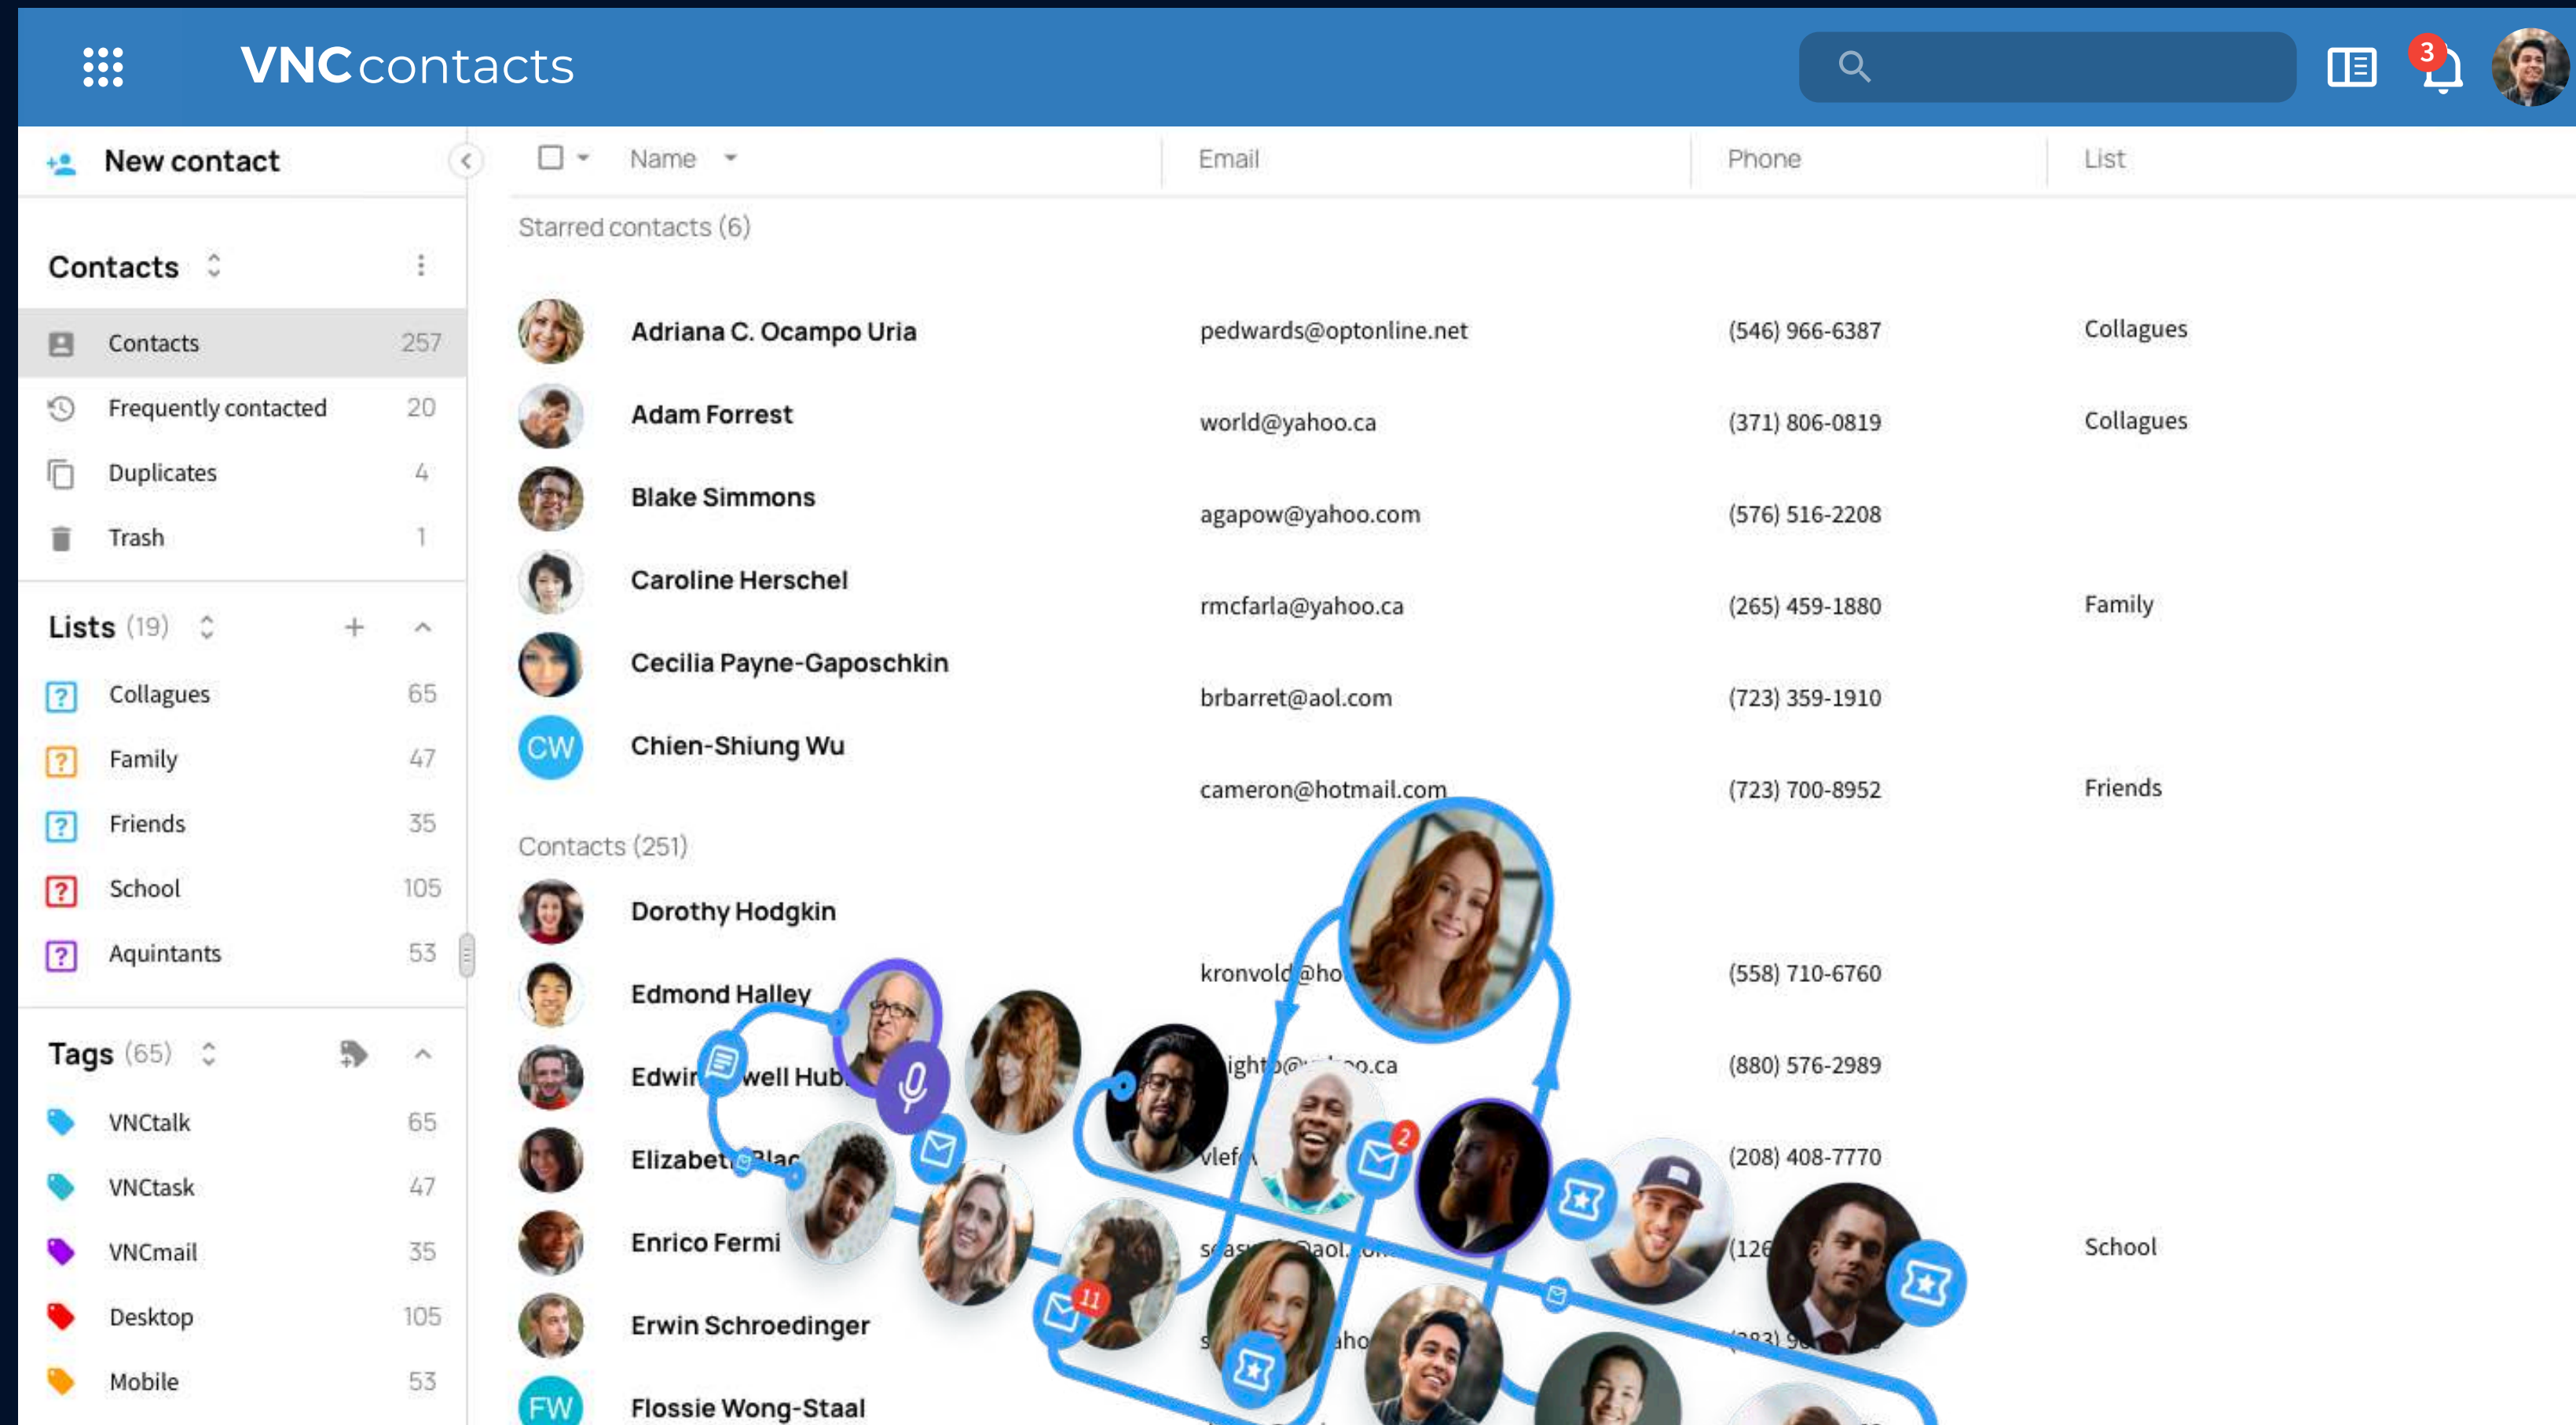

Enterprise contacts management

Manage all contact details in a structured manner

Start VNCIagoon actions from each contact

The screenshot displays the VNCcontacts application interface. The top navigation bar includes a search bar, a notification bell with a red '3' badge, and a user profile icon. The left sidebar contains navigation options: 'New contact', 'Contacts' (with sub-items: Contacts 257, Frequently contacted 20, Duplicates 4, Trash 1), 'Lists' (19 lists: Collagues 65, Family 47, Friends 35, School 105, Acquaintants 53), and 'Tags' (65 tags: VNCtalk 65, VNCtask 47, VNCmail 35, Desktop 105, Mobile 53).

The main content area shows a table of 'Starred contacts (6)'. The table has columns for Name, Email, Phone, and List. The contacts listed are:

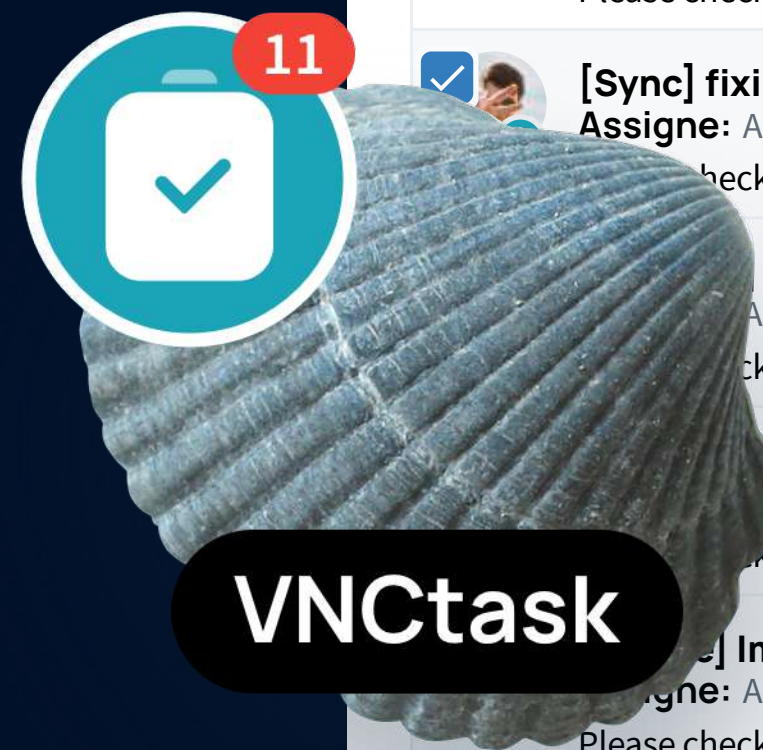

Name	Email	Phone	List
Adriana C. Ocampo Uria	pedwards@optonline.net	(546) 966-6387	Collagues
Adam Forrest	world@yahoo.ca	(371) 806-0819	Collagues
Blake Simmons	agapow@yahoo.com	(576) 516-2208	
Caroline Herschel	rmcfarla@yahoo.ca	(265) 459-1880	Family
Cecilia Payne-Gaposchkin	brbarret@aol.com	(723) 359-1910	
Chien-Shiung Wu	cameron@hotmail.com	(723) 700-8952	Friends

Below the 'Starred contacts' section, there is a 'Contacts (251)' section. A network diagram is overlaid on this section, showing a central node connected to several other nodes, each represented by a contact's profile picture. The diagram uses blue lines and circular nodes to represent relationships between contacts.

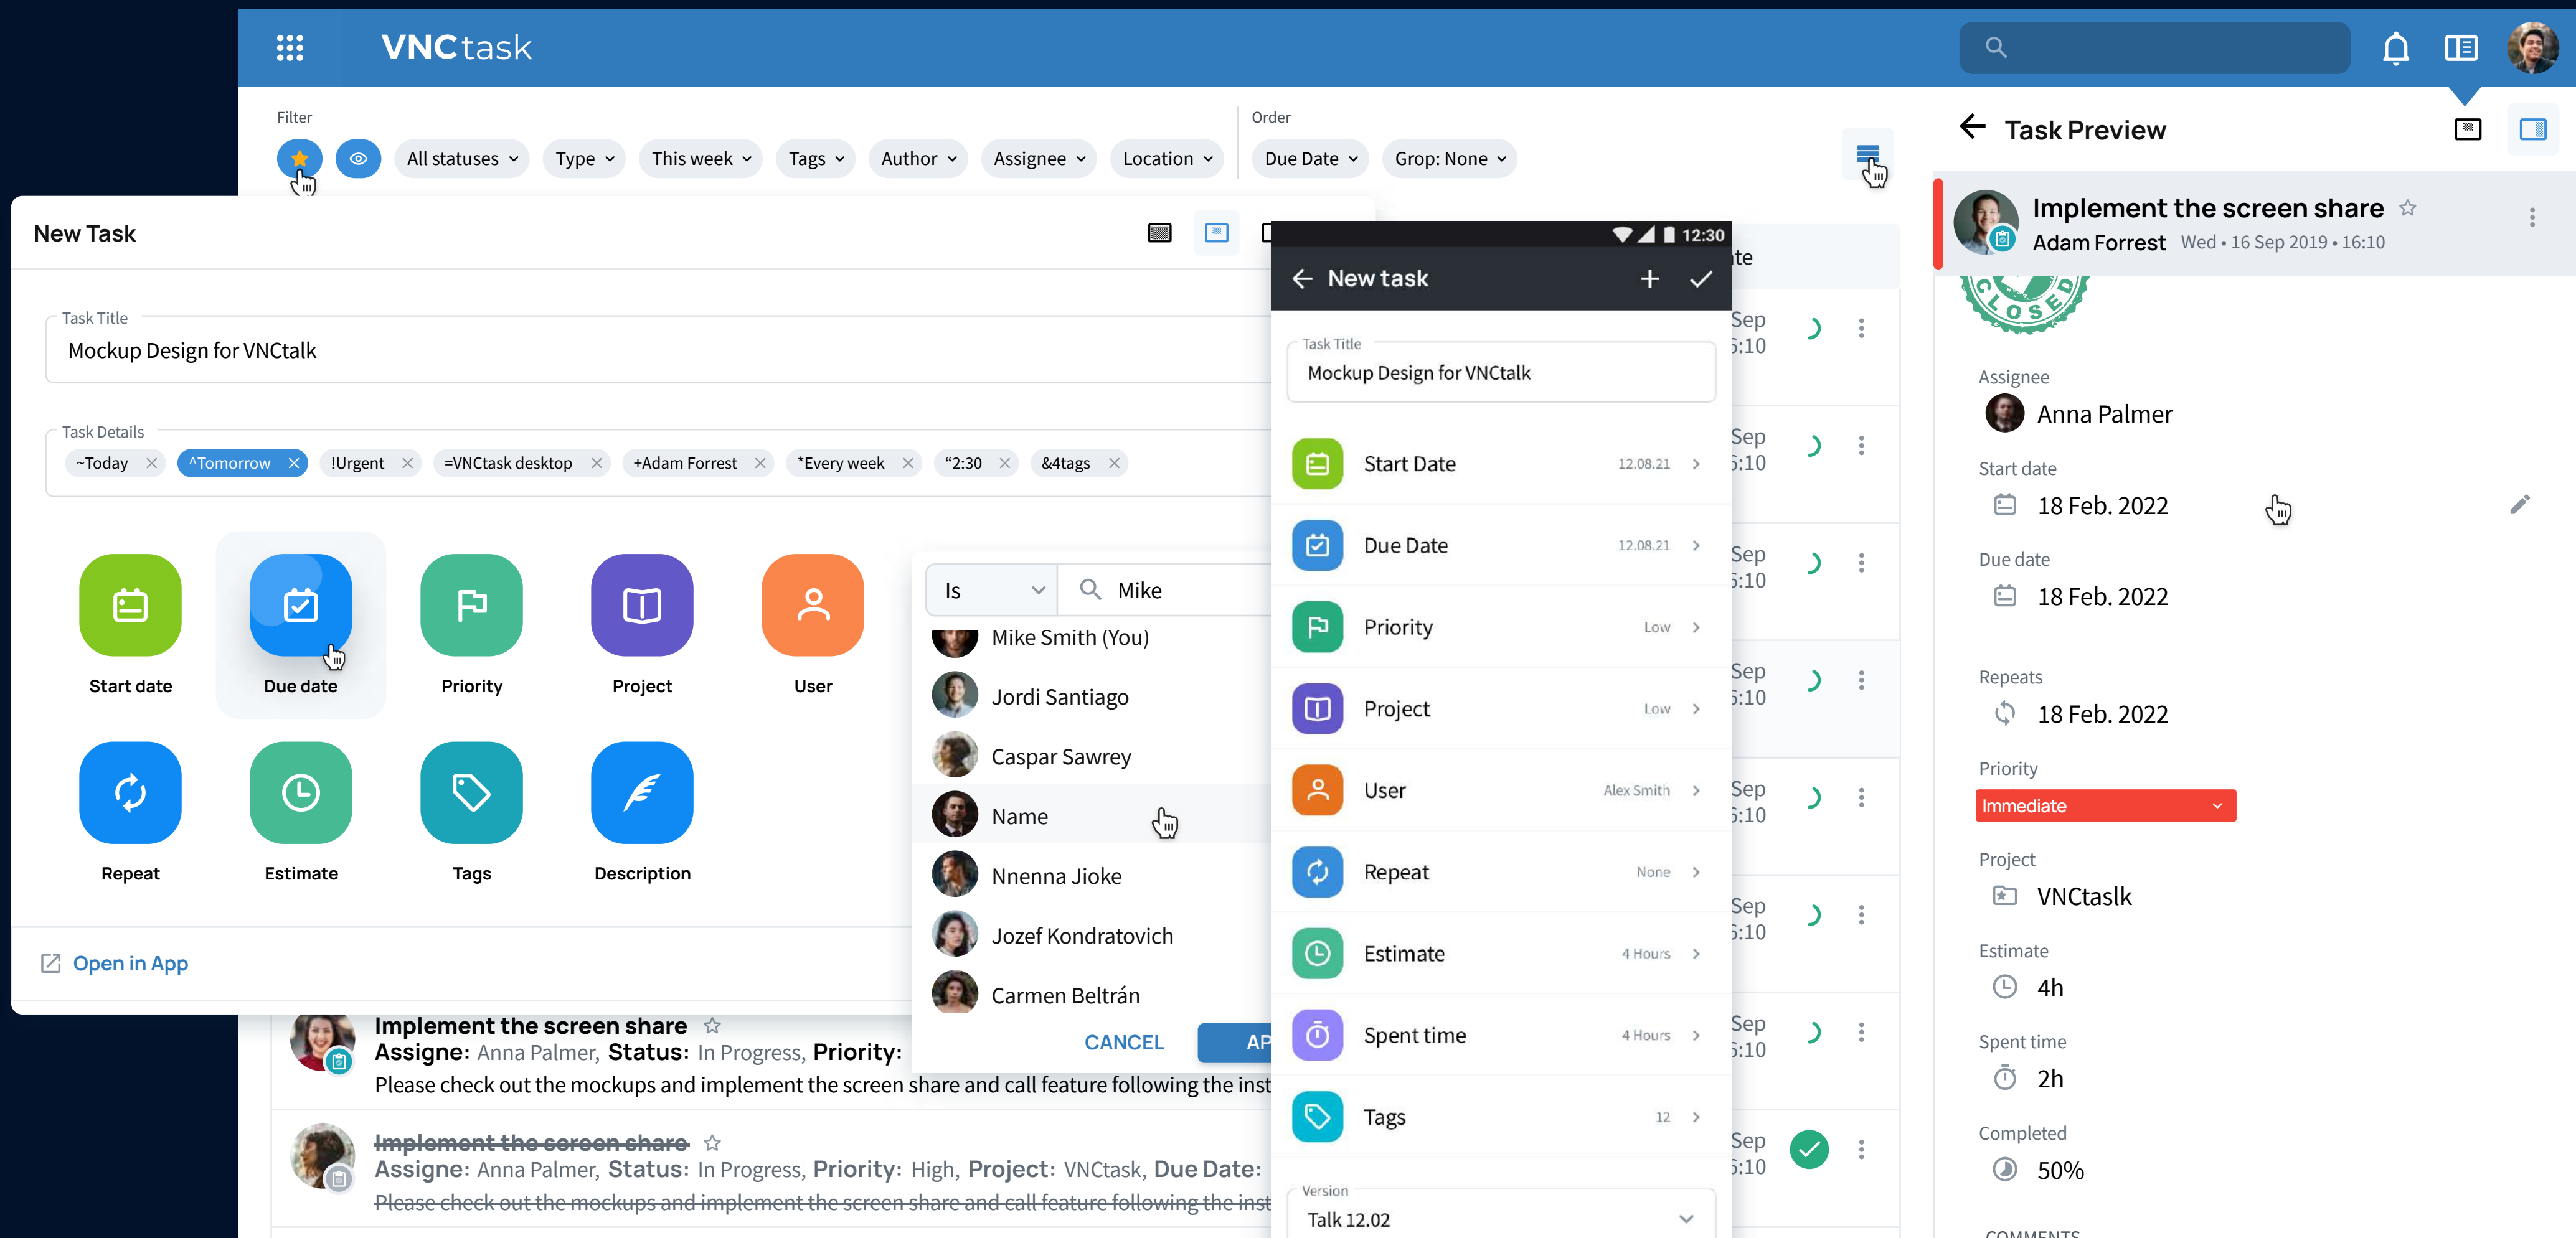

Enterprise Task Management

Create tasks, manage them, get organized
- all in one tool. →

The screenshot displays the VNCtask web application interface. At the top, there is a navigation bar with the VNCtask logo and a filter section. The filter section includes options for 'All statuses', 'Type', 'This week', 'Tags', 'Author', 'Assignee', 'Location', 'Due Date', and 'Group: None'. Below the filter, there is a list of tasks. The first task is '[VNCtalk desktop] Create components for chat bubbles in chats' with a status of 'In Progress' and a due date of '18 Feb. 2018'. A 'New task' modal is open, showing a form to create a new task with fields for 'Task Title', 'Start Date', 'Due Date', 'Priority', 'Project', 'User', 'Repeat', 'Estimate', 'Spent time', and 'Tags'. A 'Ticket preview' modal is also open, showing details for a ticket titled 'Monthly UI/UX best practice Strategy Workshop' with an author of 'Mike Jopson' and a creation date of 'Wed • 16 Sep 2019 • 16:10'. The ticket preview includes fields for 'Assignee', 'Priority', 'Status', 'Start date', 'Due date', 'Project', 'Version', 'Estimated time', 'Spent time', 'OTA', 'Repeats', 'Priority', 'Reminder', 'Location', 'Subtask', and 'Completed'.

Power Task Management Features

The screenshot displays the VNCtask mobile application interface. At the top, there is a blue header with the VNCtask logo, a search bar, and notification icons. Below the header, a filter bar allows users to filter tasks by status, type, time period, tags, author, assignee, and location. An order bar lets users sort tasks by due date and group. The main content area shows a list of tasks, with one task selected for a preview. The task preview shows details such as the task title, assignee, start and due dates, priority, repeats, project, estimate, spent time, and completion percentage. A 'New Task' modal is also visible, showing a form to create a new task with fields for title, details, and various task attributes like start date, due date, priority, project, user, repeat, estimate, tags, and description. A user selection dropdown is also shown.

VNCproject

Features:

- professional project management
- dashboards, agile board & achievement board, GANTT charts
- (meta) roadmaps, tasks, tickets, files and more
- easy navigation between projects
- access to multiple projects for PMO or management
- granular access rights & roles
- messages and notifications

Take control of complex projects

Manage your own and your Team's activities

The screenshot displays the VNC project dashboard with a calendar view. The main interface shows a calendar for June 7-13, 2019, with task cards for various activities. A detailed task card is highlighted, showing the following information:

- Task Title:** Implement new UI for mobile for Media files flow
- Project:** VNCtalk
- Work Request:** Work Request
- Update:** Talk updates v.12.1
- Status:** In progress (2hr), immediate
- Start Date:** 06/01/2019
- Time Allocation:** 8.00 (total), 4.60 (used), 4.00 (remaining)
- Description:** The mockups and flow of links for additional (task, tickets, emails..). For present we have the standard

Other visible task cards include:

- Drag and drop event in calendar day view mode
- Implement empty state for the case when there is no link
- Database refactoring (Added by Caitlin Sambel about 5 hours ago. Updated about 1 hour ago.)
- Switch an application dropdown

Seamless Experience on Desktop & Mobile

The image displays three mobile device screenshots illustrating a seamless user experience across different devices. The leftmost screenshot shows a file explorer interface with a search bar and a list of folders: A380, H160, Project-X, Project-Y, and ZEROe, along with a document titled "Delivery of planes...shortage.docx". The middle screenshot shows a news article titled "A320 Production, Supply Chain in Focus for Airbus Amid Commercial Recovery" with an image of an Airbus A320neo aircraft. The rightmost screenshot shows the same document selected in the file explorer, with a context menu open, offering actions such as "Open in", "Move", "Rename", "Duplicate", "Copy", "Make available offline", and "Cut".
