

# VNCIagoon

Enterprise Communication &  
Collaboration

Presented by:

VNC - Virtual Network Consult AG  
Juli 2023

# Topics

1. VNC and the VNCIagoon Platform
2. Communication & Collaboration Suite
3. Hands-on demonstration
4. Questions and Answers

# Topics

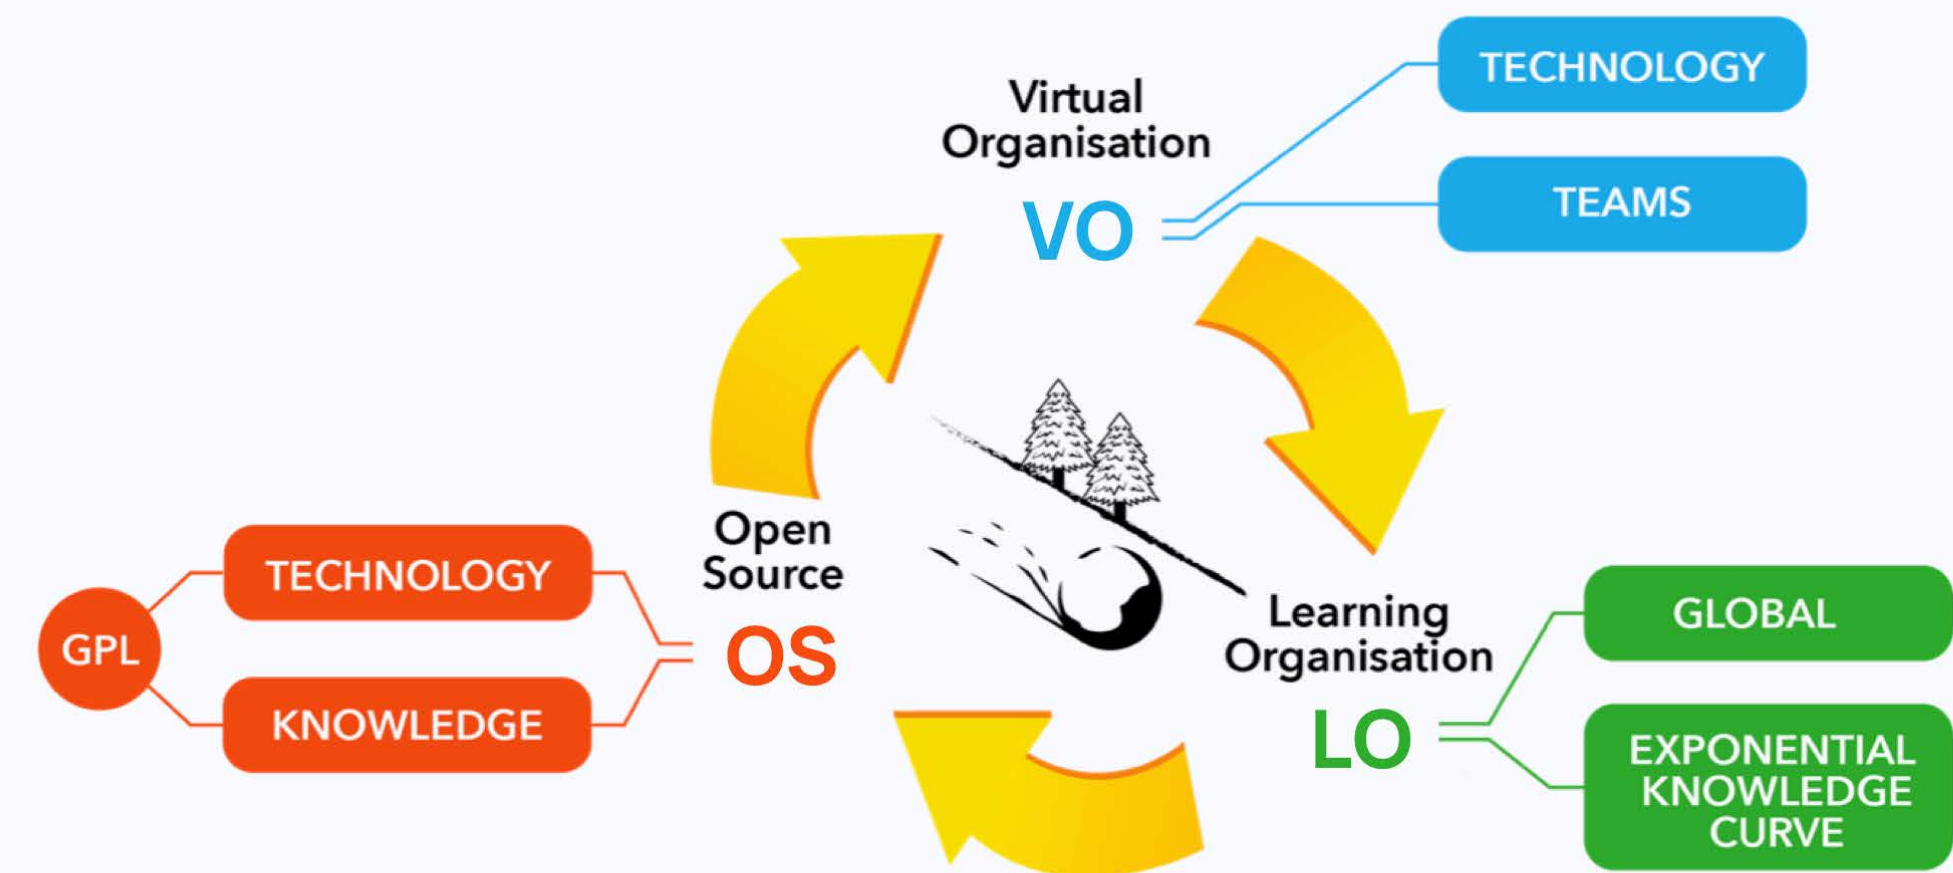

## 1. VNC and the VNCIagoon Platform

# Our Mission

To provide secure communication and collaboration to our users via open technologies and platforms.

- Virtual & Learning Organisation
- Open Source
- The VNC Archetypes

# Comparative Advantages

The appeal of open source for businesses is undeniable.

# Perfect TCO

Open Source can help to immensely reduce TCO and increase ROI. For example due to reduced operational and maintenance costs.

# Robust Backends

Open Source infrastructure provides hardened services, like authentication, data storage, or the ability to execute code on the cloud and the ability to modify backend components, redesign parts, or rebuild the platform as needed.

# Digital Sovereignty

Open Source is a prerequisite to ensure that the intellectual property and data of citizens, governments, enterprises and organisations of all

# Data Protection

Open Source platforms guarantee that the required transparency and security in terms of personal data is provided.

# Cloud Resilience

Open Source ensures the ability to adapt quickly to potential and real crisis scenarios. VNC lagoon is built for the Cloud (private/ public/hybrid Clouds).

Segment	Closed	Open
society	<ul style="list-style-type: none"> <li>monitor citizens and business</li> <li>reduce democratic elements</li> <li>populism instead of solutions</li> </ul>	<ul style="list-style-type: none"> <li>..</li> </ul>

cooperation	<ul style="list-style-type: none"> <li>distrust</li> <li>controlling driven</li> <li>keep control of each lead</li> <li>focus on direct sales</li> </ul>	<ul style="list-style-type: none"> <li>trust towards partners</li> <li>fair and transparent deals</li> <li>cooperation</li> <li>focus on partner sales</li> </ul>

# Innovative Frontend & Backend Technologies

Best of class backend technologies with unified frontend technologies and open APIs

## VNCuxf

The VNC lagoon frontend technology

## VNCdirectory

Full-blown directory tools for all VNC lagoon applications

## VNCaxf

The enterprise backend framework for VNC lagoon

## VNCtrustbase

The framework for encrypted email communication

# Layers of the VNClagoon Platform

# Adopting a Microservice Architecture

- Containerising applications
- Breaking up monolithic applications into smaller services
- Writing customizable Helm Charts
- Moving to CloudSQL and PaaS Redis

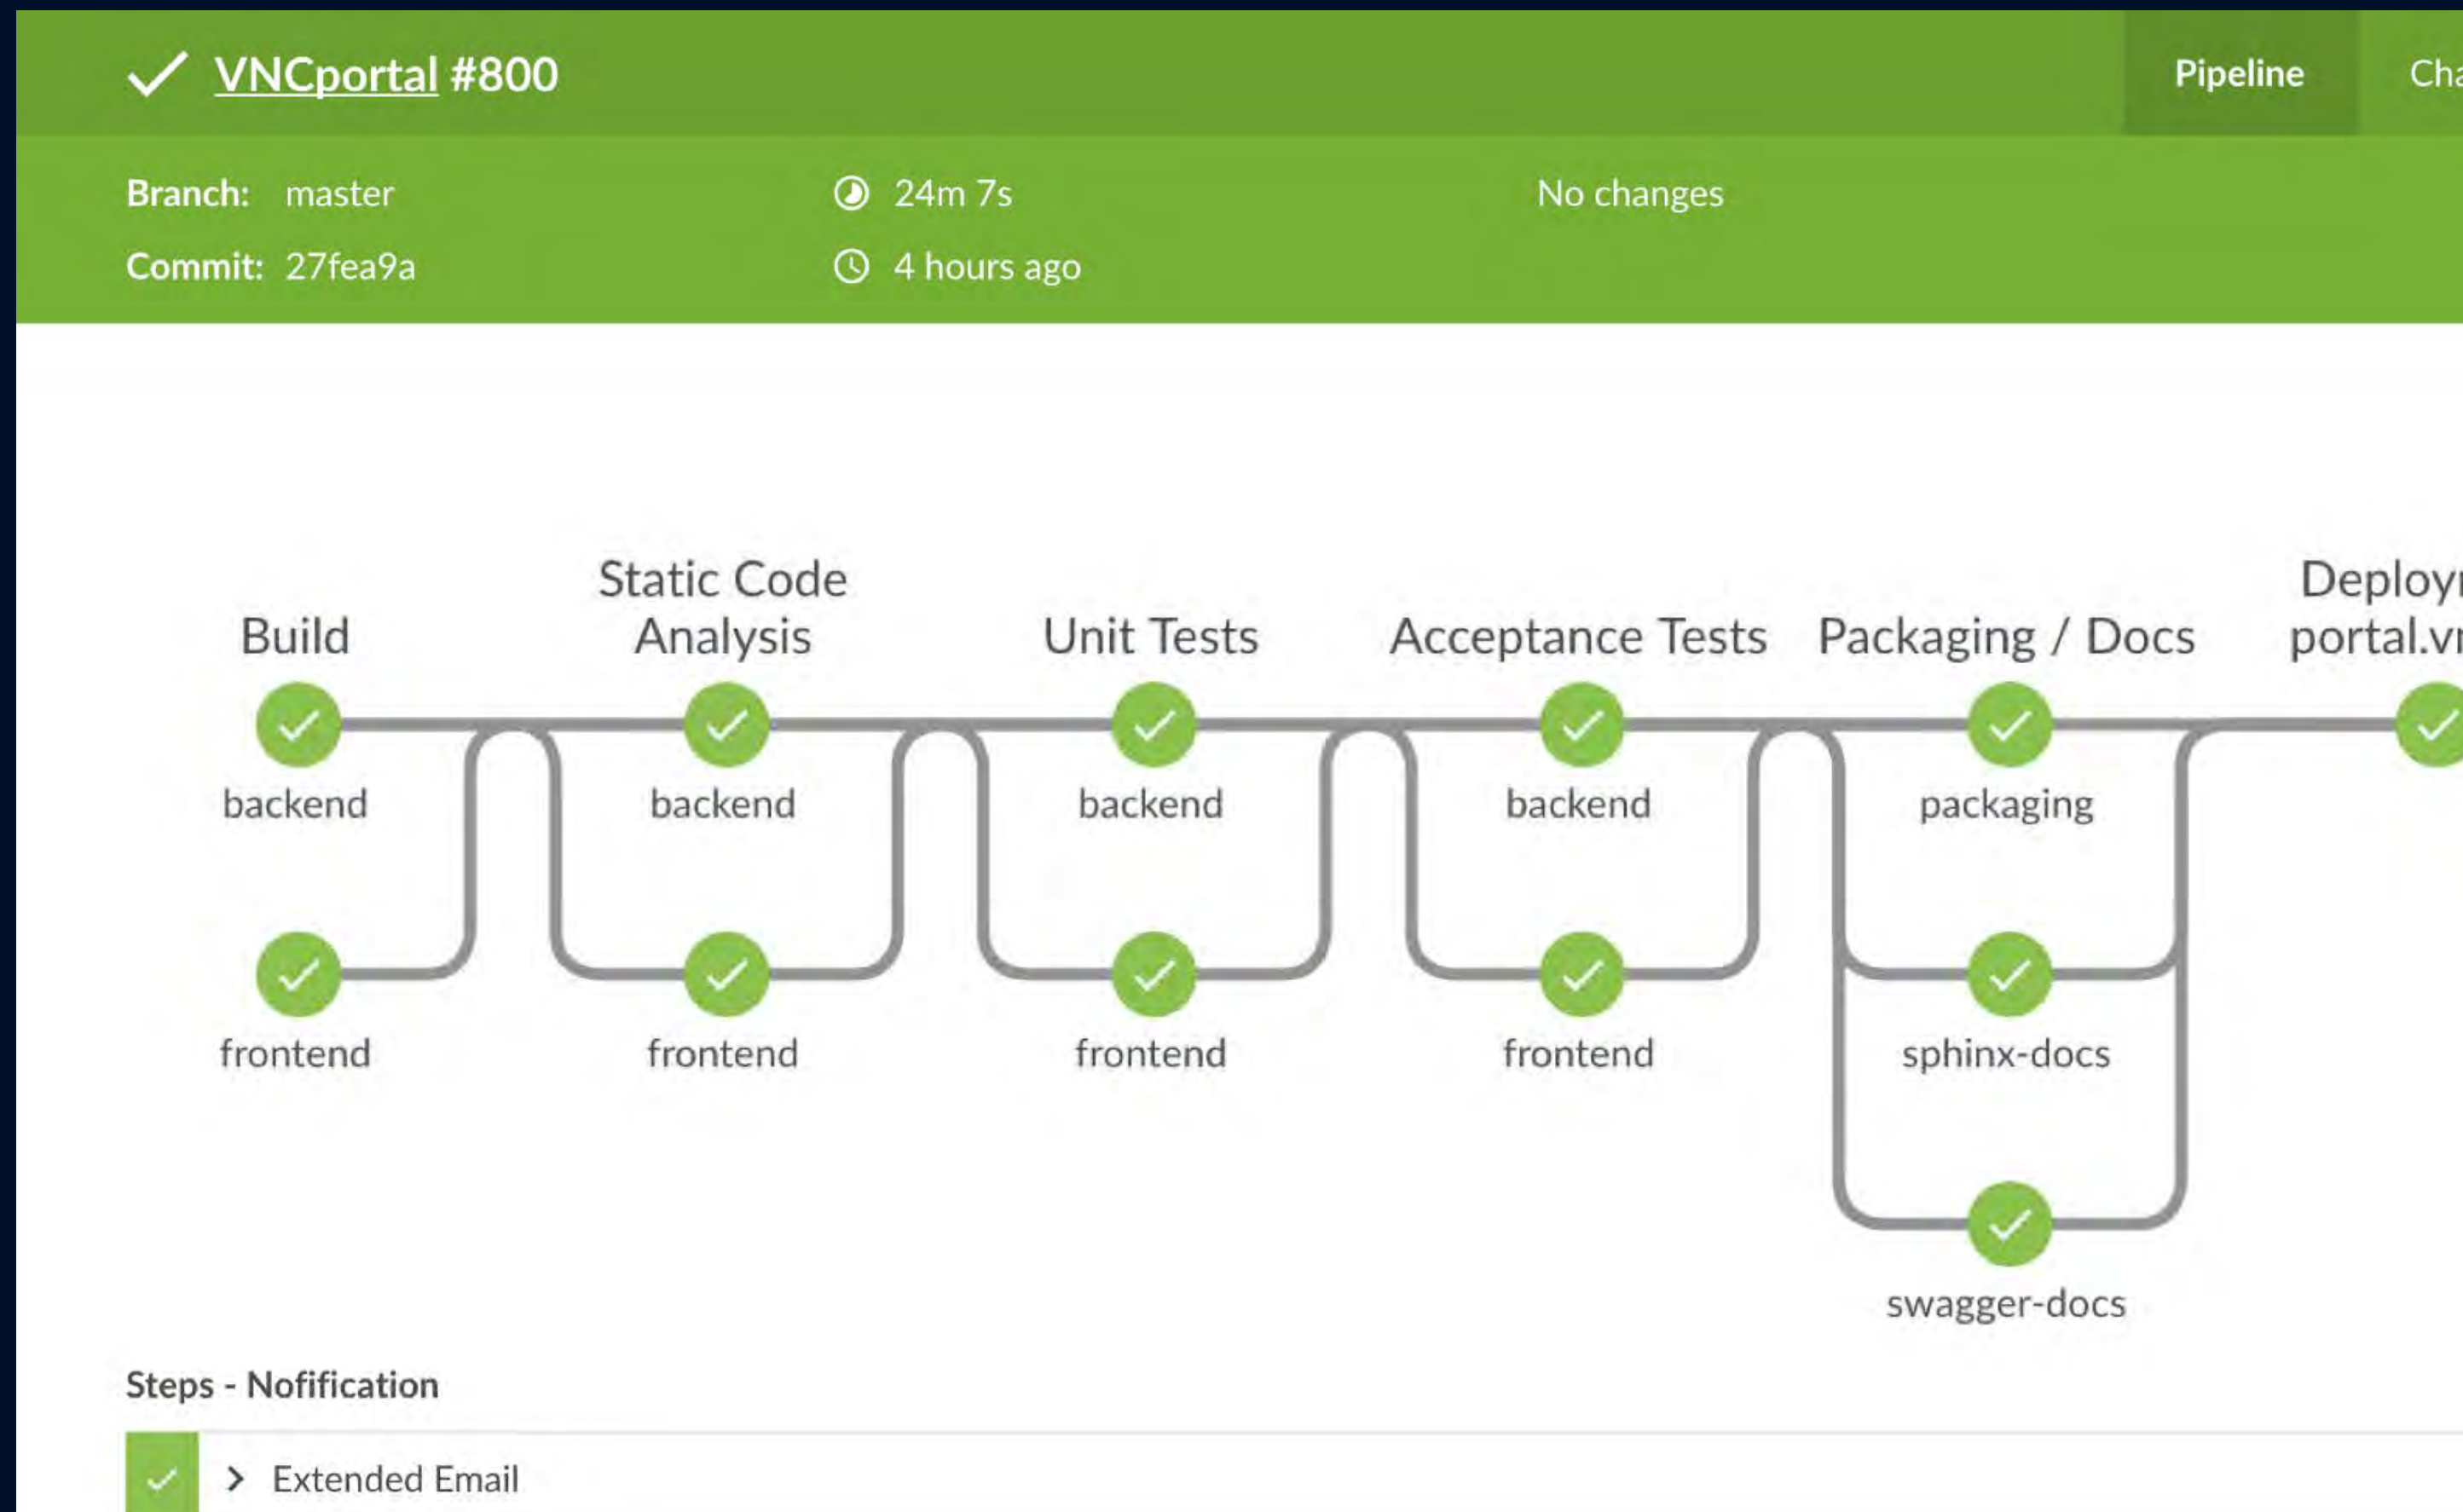

# VNCfactory

VNCfactory is a toolset that allows continuous integration & deployment, based on test driven development.

## Advantages:

- high code quality > robot tests are written before coding
- 80% + test automation > faster development cycles, much higher quality
- open toolset for all developers
- state-of-the-art SCRUM / AGILE planning, management and controlling

# Topics

## 2. The VNClagoon Communication & Collaboration Suite

# VNC lagoon Suite

Products built for secure interactions  
of all kinds →

## Communication Suite

 <b>VNCtalk</b> Web-basierte Echtzeit-Kommunikation: Chat-, Video- und Audiokonferenzen.	 <b>VNCchannels</b> Inhaltsorientierte Kommunikation in Channels und Topics.	 <b>VNCsocial</b> Sicheres Microblogging und Social Networking.
 <b>VNCmail</b> Die Zukunft von E-Mail und Zusammenarbeit.	 <b>VNCgroupware</b> Das komplette Management Tool für Ihre E-Mails, Kontakte und Kalender!	 <b>VNCcontacts</b> Kontakt- und Adressverwaltung.
 <b>VNCmcb</b> Multi Conference Board: parallele virtuelle Konferenzen über ein zentrales Dashboard.	 <b>VNCiom</b> IOM: Inter-Organization Messenger	

## Collaboration Suite

 <b>VNCfluid</b> Das 360°-Dashboard für Ihre gesamte VNC lagoon Suite.	 <b>VNCcommander</b> Der Stream View in VNC lagoon.	 <b>VNCdms</b> Speichern, verwalten und tracken von elektronischen Dokumenten.
 <b>VNCcalendar</b> Ein Kalender, der alle wichtigen Termine aus VNC lagoon vereint.	 <b>VNCtask</b> Task Management & To-Do Listen, einfach wie nie zuvor.	 <b>VNCproject</b> Behalten Sie Ihre Projekte im Blick und machen Sie Ihre Kunden glücklich.
 <b>VNCoffice</b> Die Enterprise-fähige Version der am weitesten verbreiteten Open-Source-Office-Suite.	 <b>VNCcrm</b> Ihr CRM in VNC lagoon.	 <b>VNCsafe</b> Privates und sicheres Teilen von Dateien - auf jedem Gerät.

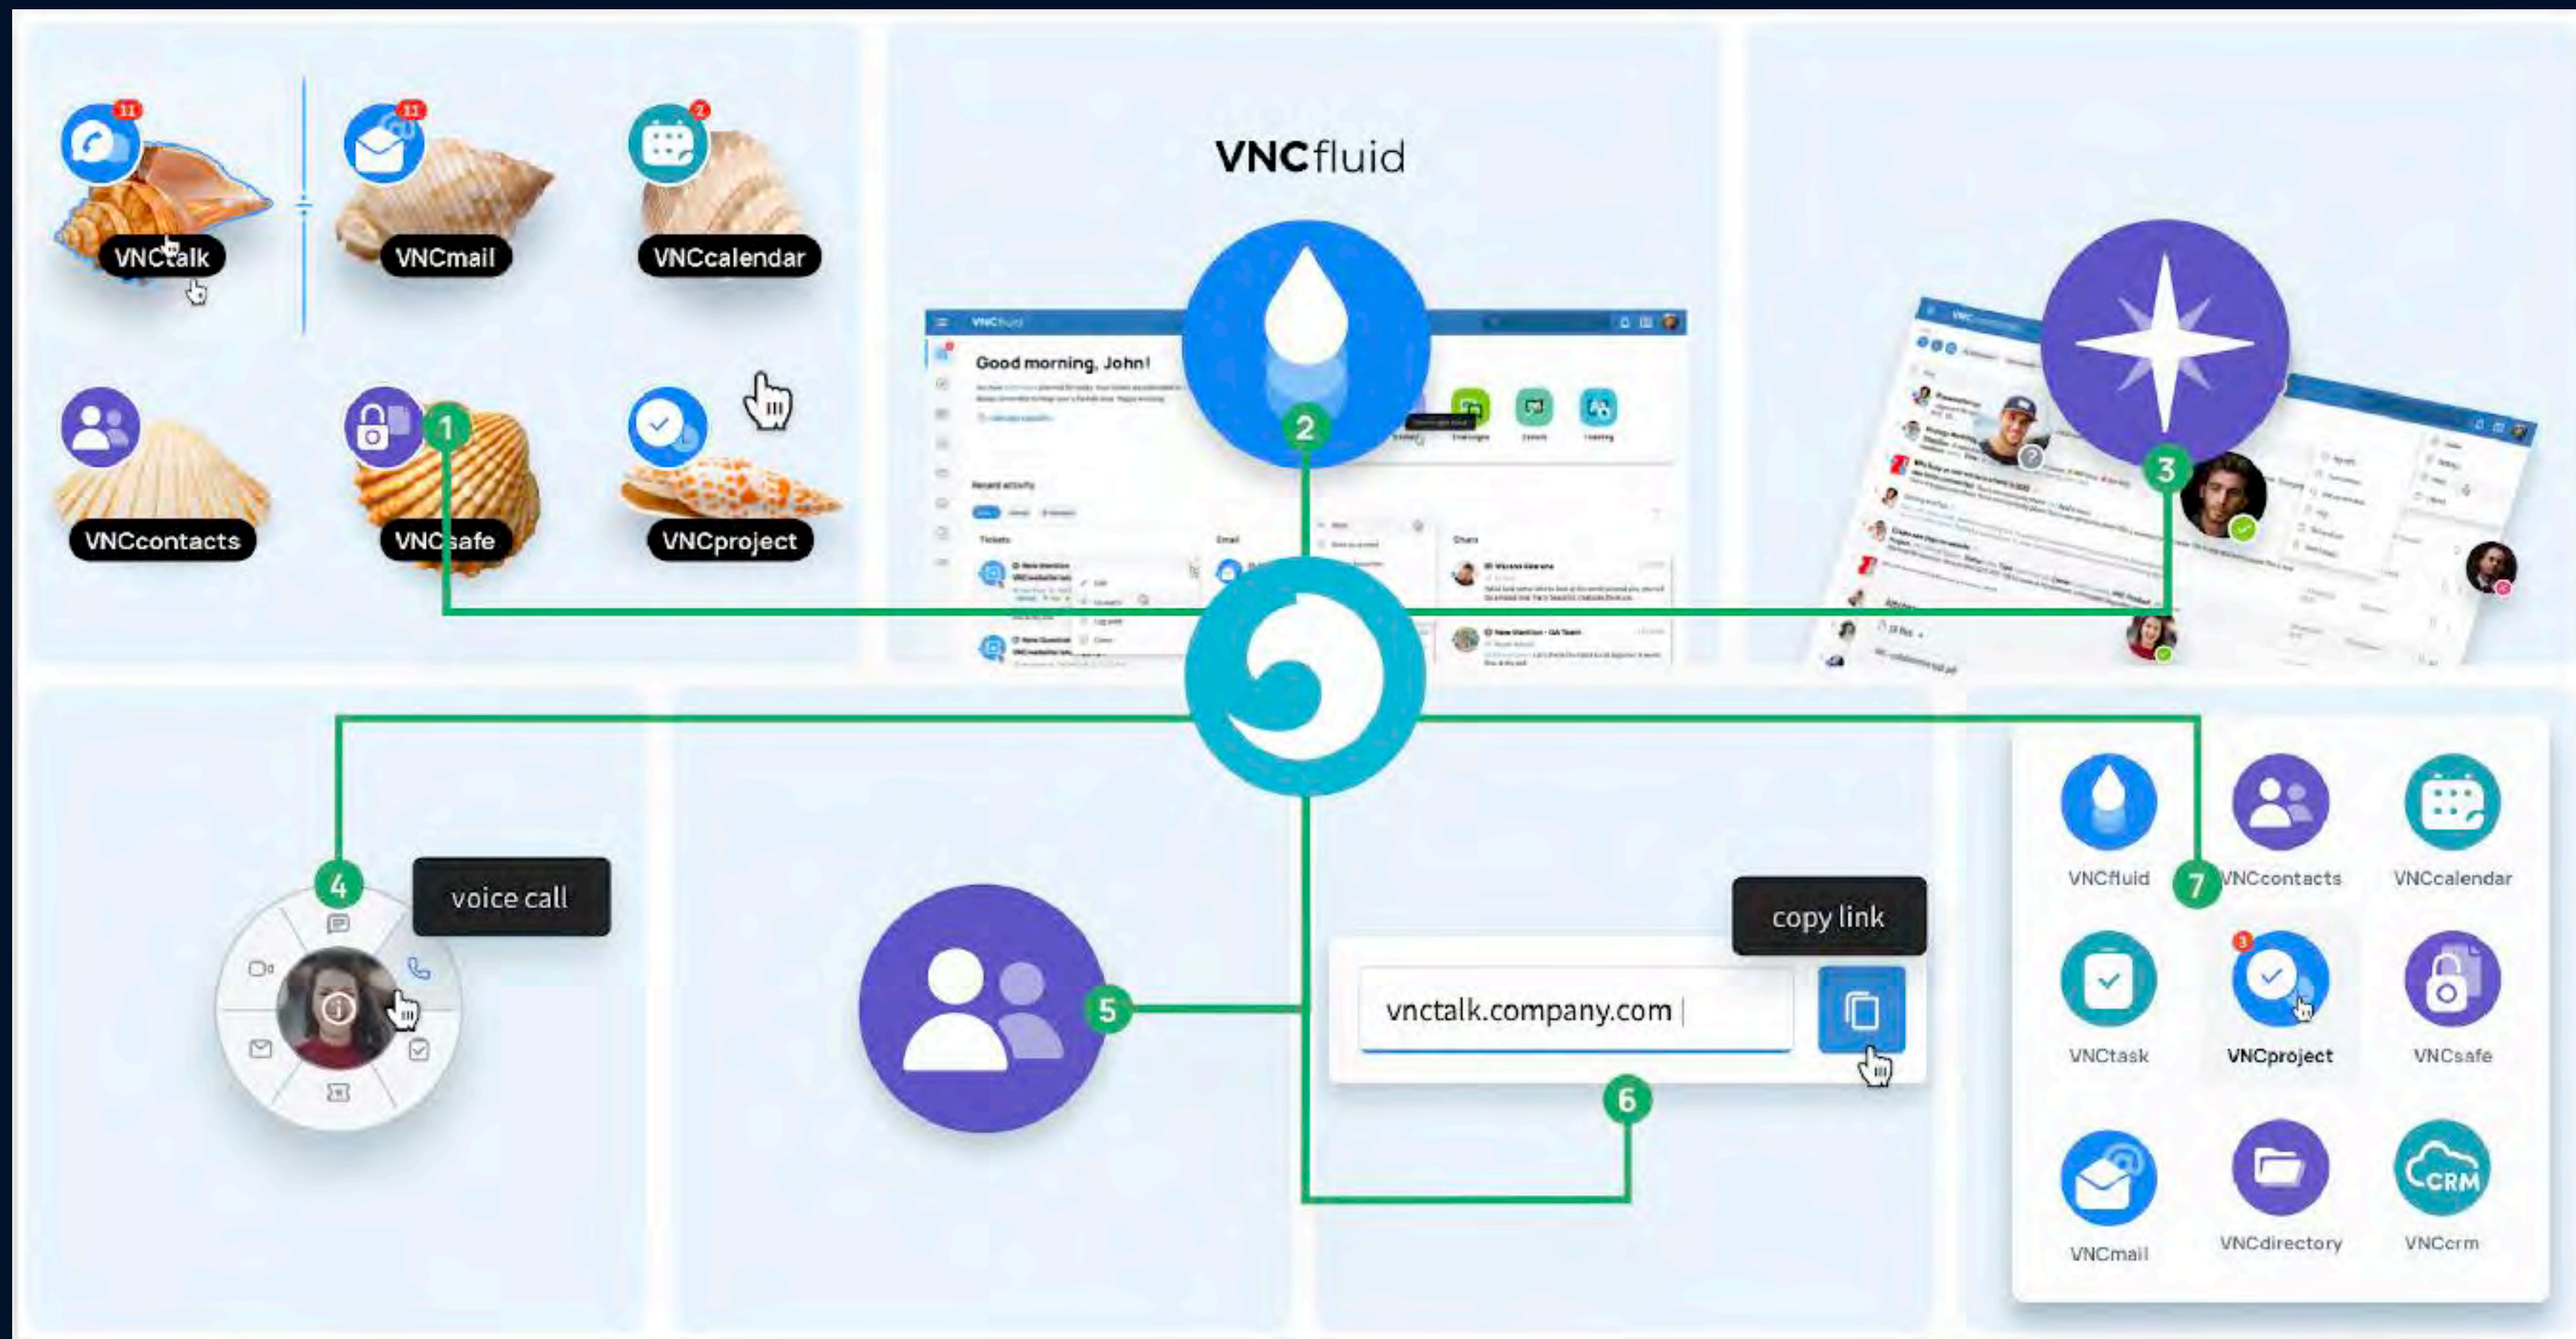

## Frontend & Backend Technologies

 <b>VNCdirectory</b> Kompletter Verzeichnisdienst für die VNC lagoon-Anwendungen.	 <b>VNCaxf</b> Nahtlose Integration einer Vielzahl von Anwendungen auf Middleware-Ebene.	 <b>VNCapps</b> Effizient und produktiv, wo immer Sie sind.
 <b>VNCuxf</b> VNCuxf liefert die wahre Magie in den VNC lagoon-Frontends.	 <b>VNCtrustbase</b> Das Framework für sichere E-Mail Kommunikation.

# Incidents & Helpdesk

ITIL based Helpdesk and Ticketing System

The screenshot displays the VNC project helpdesk interface. At the top, there are navigation tabs for RELEASES, CHANGES, PROBLEMS, INCIDENTS, SLA, and BDC. The main content area is titled 'Incidents Statistics' and features a 'Filters' section with a notification icon. Below this is a pie chart labeled 'Incidents by status' with segments in red, blue, green, and orange. A 'New Incident' modal form is open, containing the following fields:

- Subject \*: Issue with my application
- Project \*: Helpdesk
- Type \*: Incident
- Description \*: Raising this incident since I got a problem with my software
- Status: New
- Owner: Mla Test
- Product \*: Test product 1
- Severity: (empty)
- Attachments: BROWSE (Maximum size: 29.3 MB)

At the bottom of the modal are 'CANCEL' and 'CREATE' buttons. In the background, a list of incidents is visible with columns for #, ID#, Project, Customer, Severity, and Produkt.

#	ID#	Project	Customer	Severity	Produkt
10001-219	3555	Helpdesk	MLA Company	Critical	Test prod

# Audio & Video Conferencing

The screenshot shows the VNCtalk desktop interface. On the left, a sidebar displays connection statistics: Connection (good), URL (jitsi server: some.url.here), Status (active), Online time (N/A), Last peak (N/A), Bitrate (N/A), Packets lost (N/A), Resolution (N/A), and Frame rate (N/A). The main area features a grid of video thumbnails. A settings menu is open over the grid, listing options like Video Meeting Settings, Audio & Video, Copy Link, Background, Add participants, Rise your hand, Stop recording, Security options, Unmute everyone, and Enable everyone's camera. A 'Users' panel on the right lists participants: Aaron Pozniak, Anna Palmer, Andrea Smith, Albert Dera, and Andrea Smith.

This screenshot shows a mobile VNCtalk interface for a video call with Rebecca Bradley. The top bar displays the time as 12:30. The call duration is 00:00:32. A control bar at the bottom includes icons for chat, mute, video, and end call.

This screenshot shows another mobile VNCtalk interface for a video call with Rebecca Bradley. The top bar displays the time as 12:30. The call duration is 00:00:32. The interface shows a close-up of the video feed.

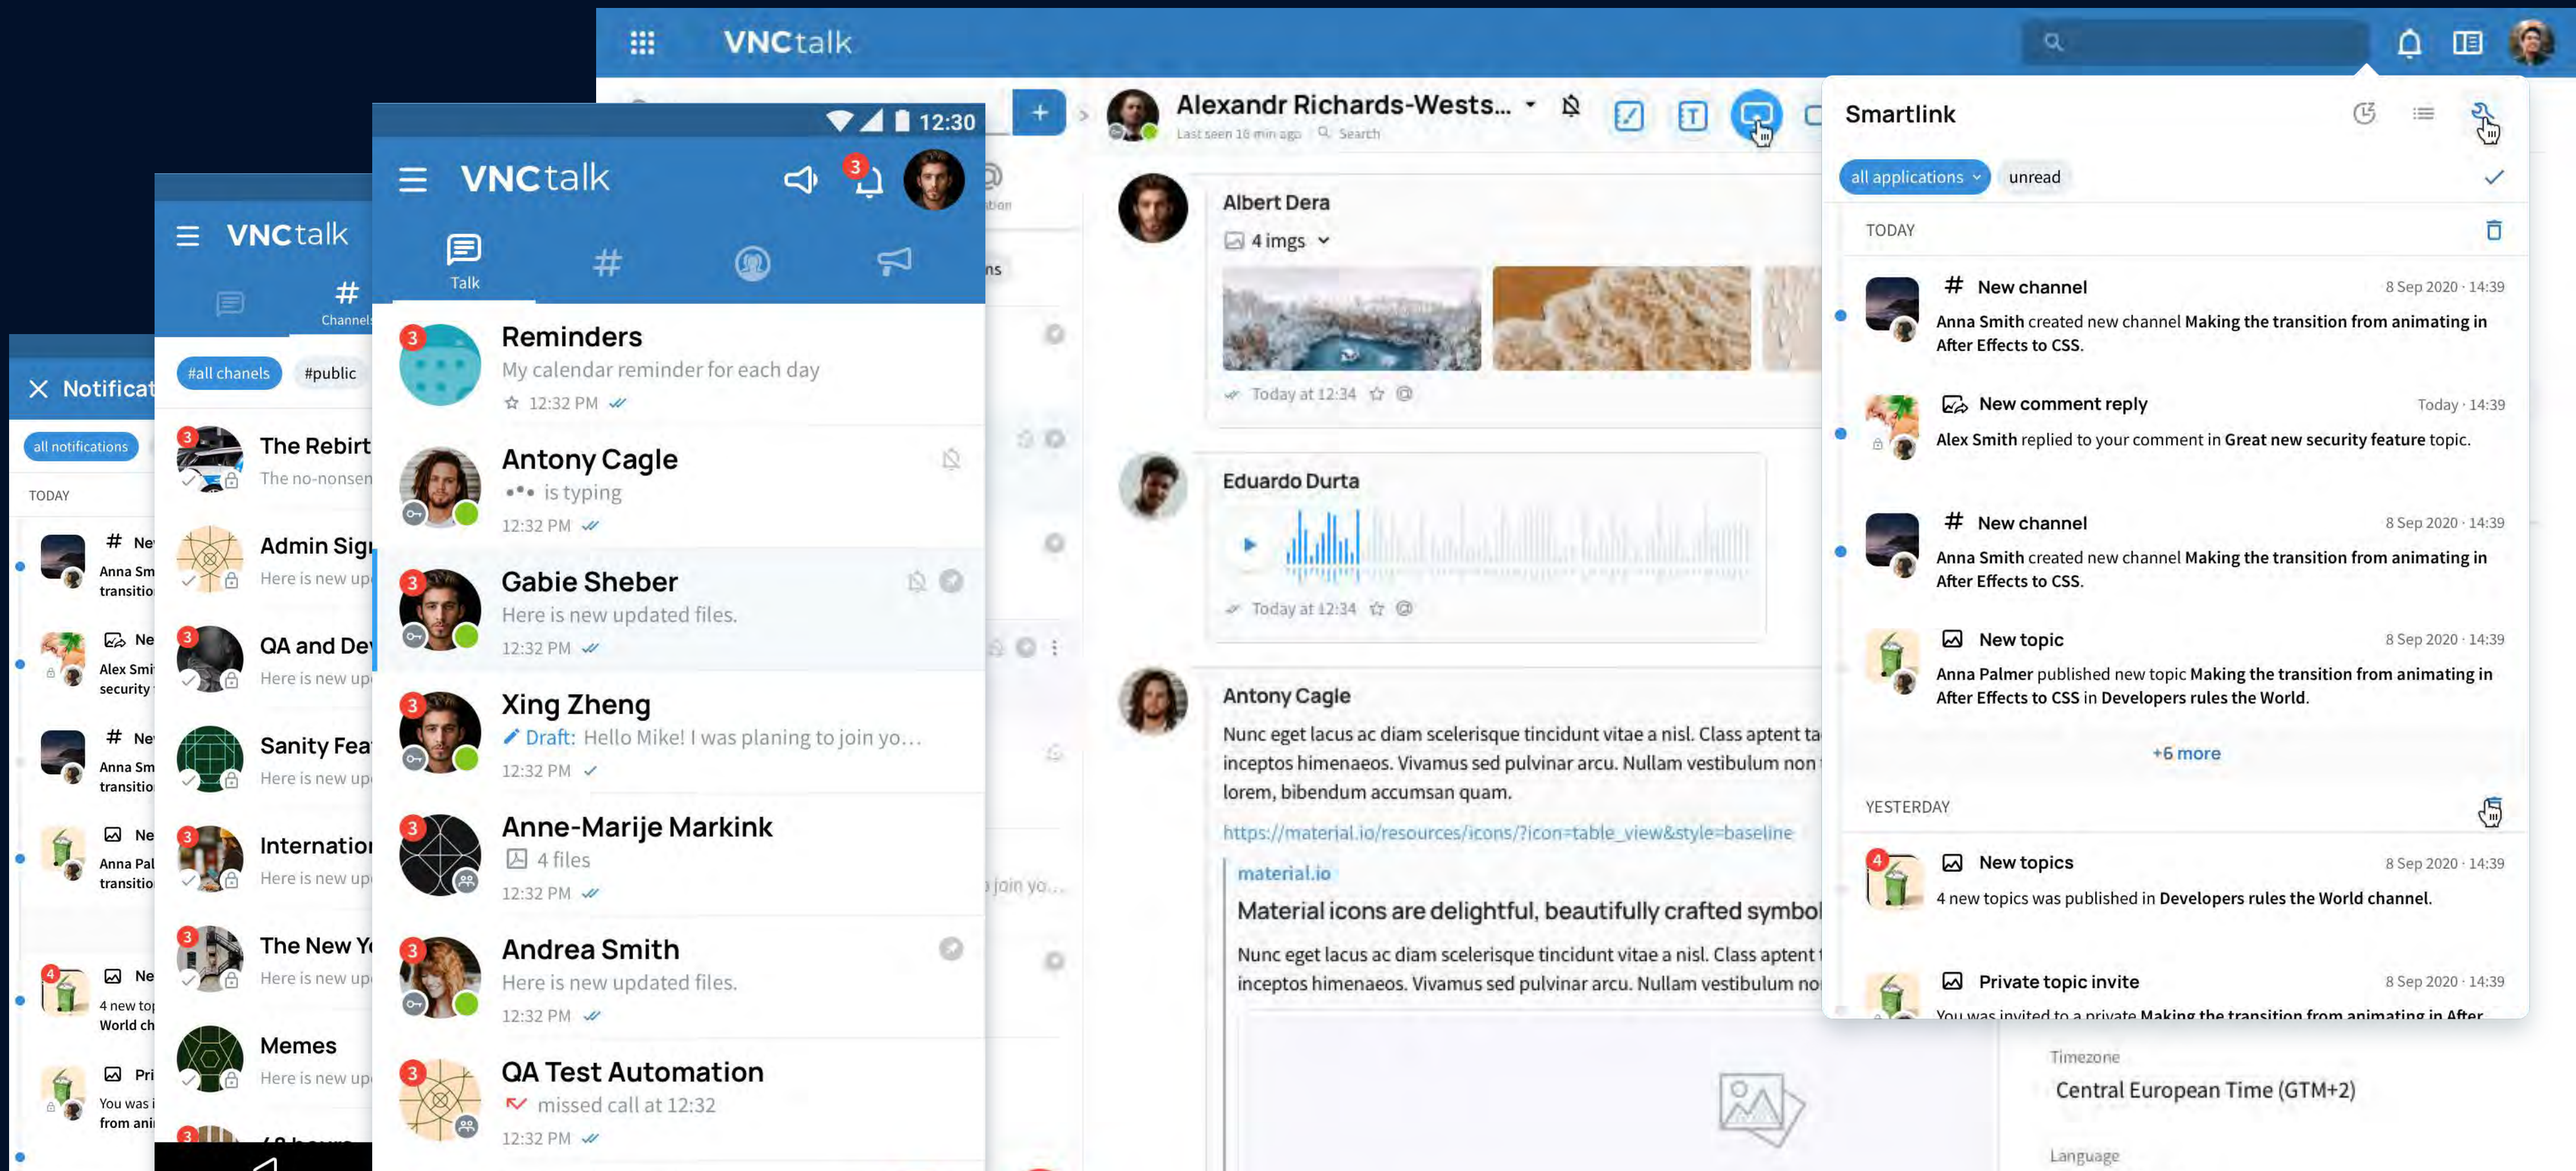

This screenshot shows a mobile VNCtalk interface displaying an incoming call notification for Rebecca Bradley. The notification includes a circular profile picture and a 'Message' button. At the bottom, there are red and green call buttons.

This screenshot shows a mobile VNCtalk interface with a 'Select a screen to share' dialog box. The dialog has tabs for 'Desktop' and 'Window'. Under 'Desktop', 'Agleboard (1)' is selected. Under 'Window', 'VNCtalk' is selected. There are 'CANCEL' and 'APPLY' buttons at the bottom of the dialog. The background shows a grid of video thumbnails.

# Seamless Experience on Desktop & Mobile

# The central dashboard in VNCIagoon

All Information at a glance →

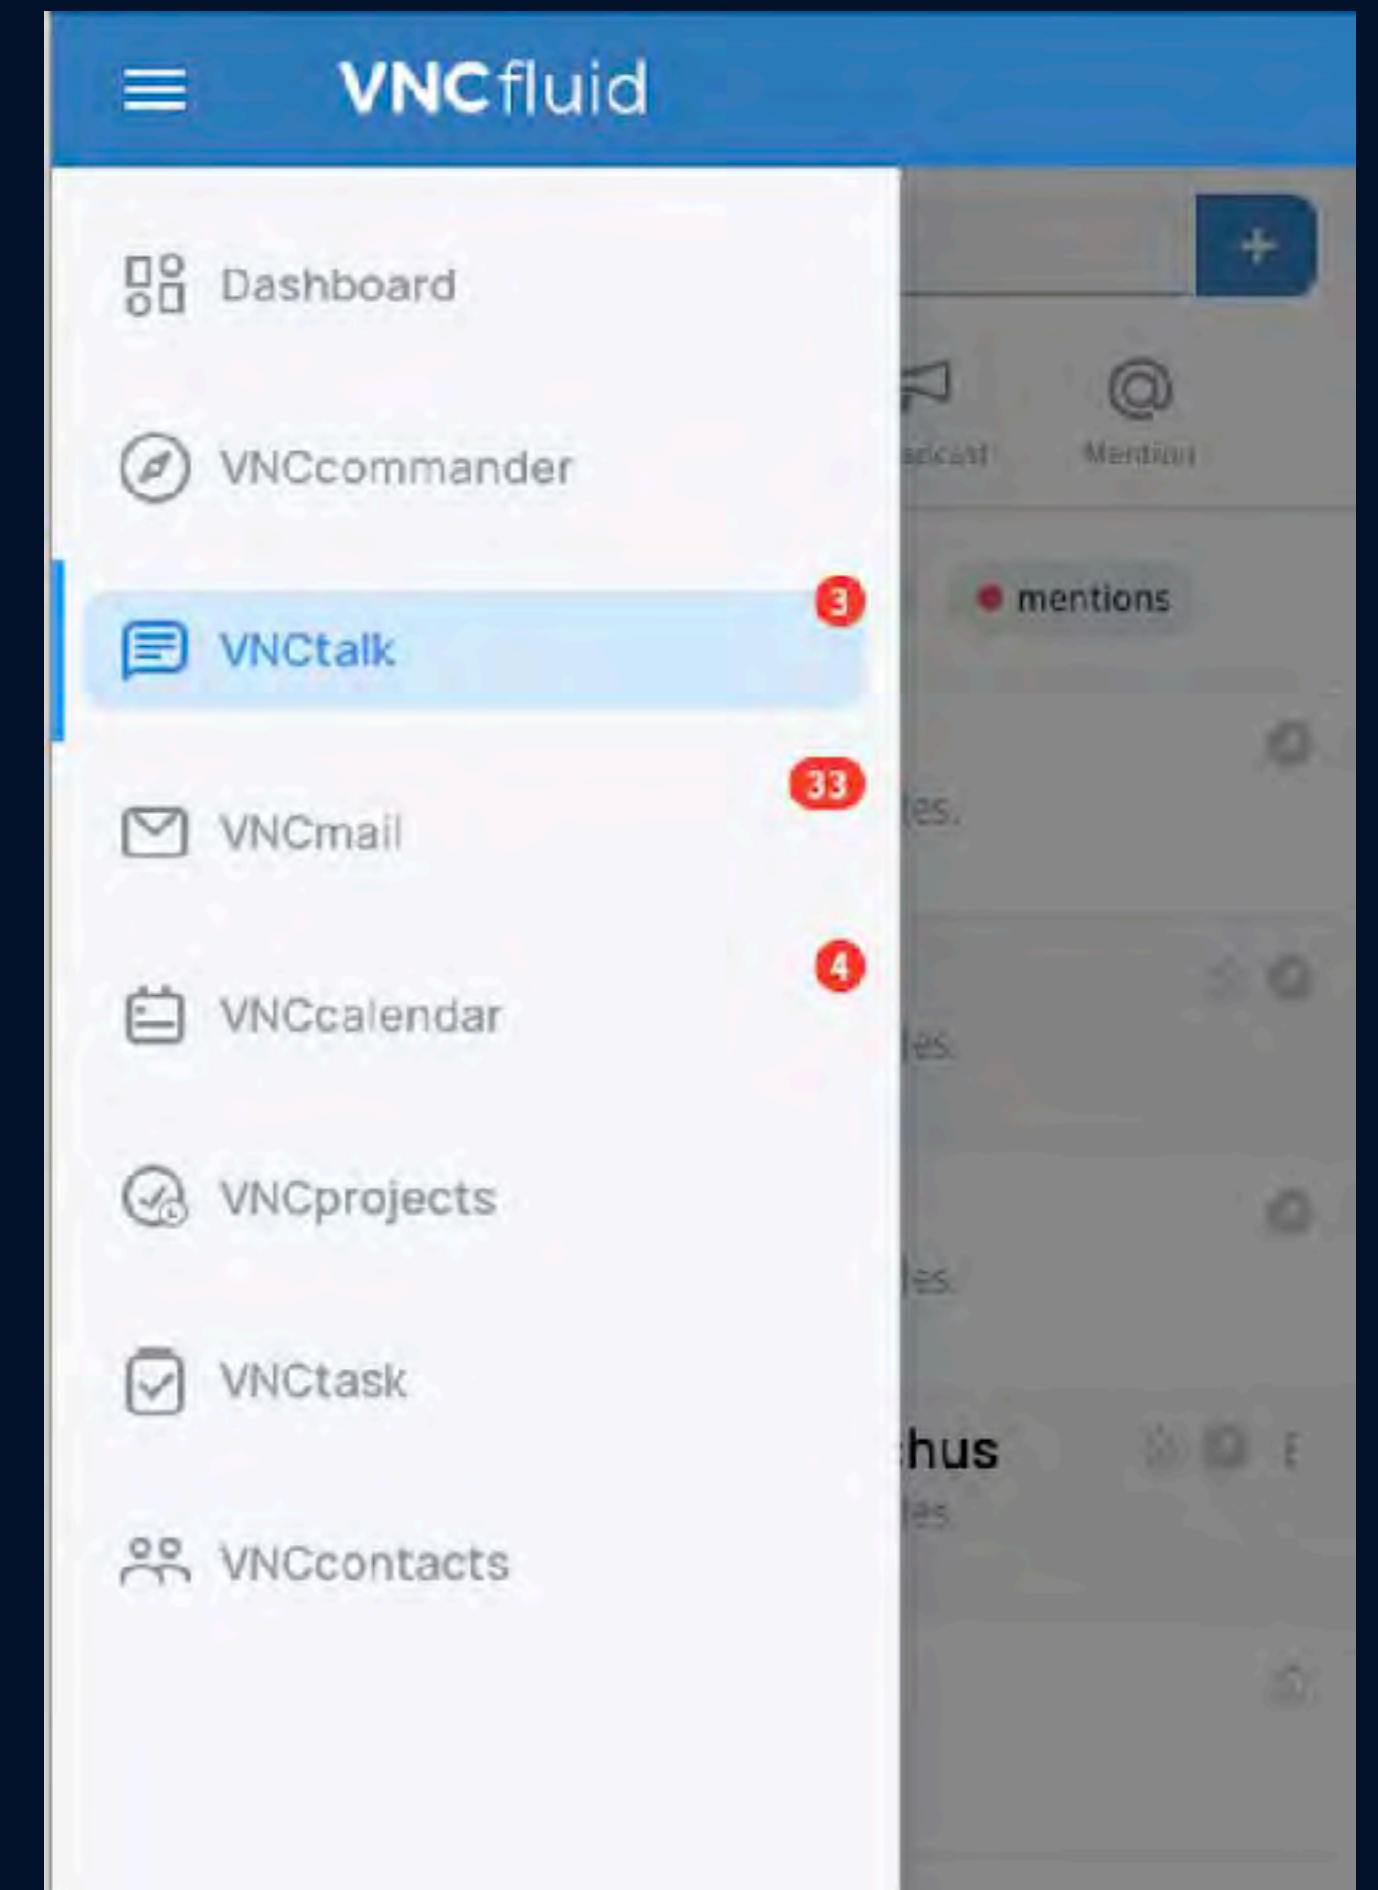

A screenshot of the VNCfluid dashboard interface. The top navigation bar is blue with the "VNCfluid" logo and a search icon. Below the navigation bar, the main content area is white. On the left, there is a vertical sidebar with various icons for navigation. The main content area starts with a greeting "Good morning, John!" and a status message: "You have 8.00 hours planned for today. Your tickets are estimated to 7.50 hours. Always remember to keep your schedule near. Happy working!". Below this is a "Manage capacity" button. To the right, there is an "Urgent" section with three cards: "3 tickets" (with a tooltip "open on agile board"), "2 messages", and "2 emails". Below the urgent section is a "Recent activity" section with filters for "today", "unread", and "mentions". The main content area is divided into four columns: "Tickets", "Email", "Chats", and "Tasks". The "Tickets" column shows four identical entries for "VNCwebsite landing page concepts material 2.0" with details like "Alex Smith", "RND VNCtalk", "11.12.2020", "Normal", "New", and "90%". The "Email" column shows four identical entries for "Reverb" with the subject "Your offer for Antelope Audio Pure 2 a..." and the body text "Because you Alex showed interest in this item, the seller sent you this private offer.". The "Chats" column shows four chat entries for "Waia", "Farid Amini", "Yi Chun-Hwa", and "Carlota Monte", each with a profile picture and a message snippet. The "Tasks" column is partially visible on the right edge.

## Features:

- the complete overview of activities in all subscribed VNCIagoon products
- all recent chats, emails, tasks, tickets, events and more
- customizable views and filters
- view, edit, reply to, forward, watch items
- start new activities such as calls , emails, tasks
- switch to all subscribed products with one click
- notification center & latest changes
- advanced search options

# VNCfluid - The 360° view of the VNCIagoon Suite

The screenshot displays the VNCfluid email client interface. On the left, a sidebar contains navigation options: Folders (Inbox with 68 items, VNC, Team mates, Drafts with 32 items, Sent, Starred, Spam, Trash) and Tags (Import, Sync VNCmail Contacts, Export, Undo Changes). Below the sidebar are Saved Searches, including 'QA team for VNCtalk'. The main pane shows a list of emails from 'Avacode', 'Darren Morrison', and 'Marcus Swift', all with the subject 'Here is new updated files.' and the body text 'Office Hours: Easy Breezy Flows'. The right pane shows a detailed view of an email from Marcus Swift, dated Mar 21, 2022, 7:45PM, with the subject 'We're Updating Our Terms'. The email content includes a 'Create a contact' button, the subject 'We're Updating Our Terms', and a paragraph of text: 'This month we rolled out some features we're just tickled to talk about, including Layout Specs in Zeplin to support building responsive designs and our new plugin for Adobe XD. We've also rounded up some of the more recent updates to the Zeplin API to help users customize and automate their workflows. You can also catch our co-founder and CPO Berk Çebi's fireside chat from the DesignOps Global Conference and hear why the Zeplin crew is so excited about Design Delivery. Happy reading!'. Below the text is an 'Attaches' section with three PDF files named 'VNC - collaboration tool.pdf' (7.21 Mb) and a video thumbnail for 'Metallica - Nothing Else Matters' with download, preview, and remove options.

# Notification Center

Notifications for any changes such as: new project, changed ticket, new file, new chat, new channel, new topic, new comment and more →

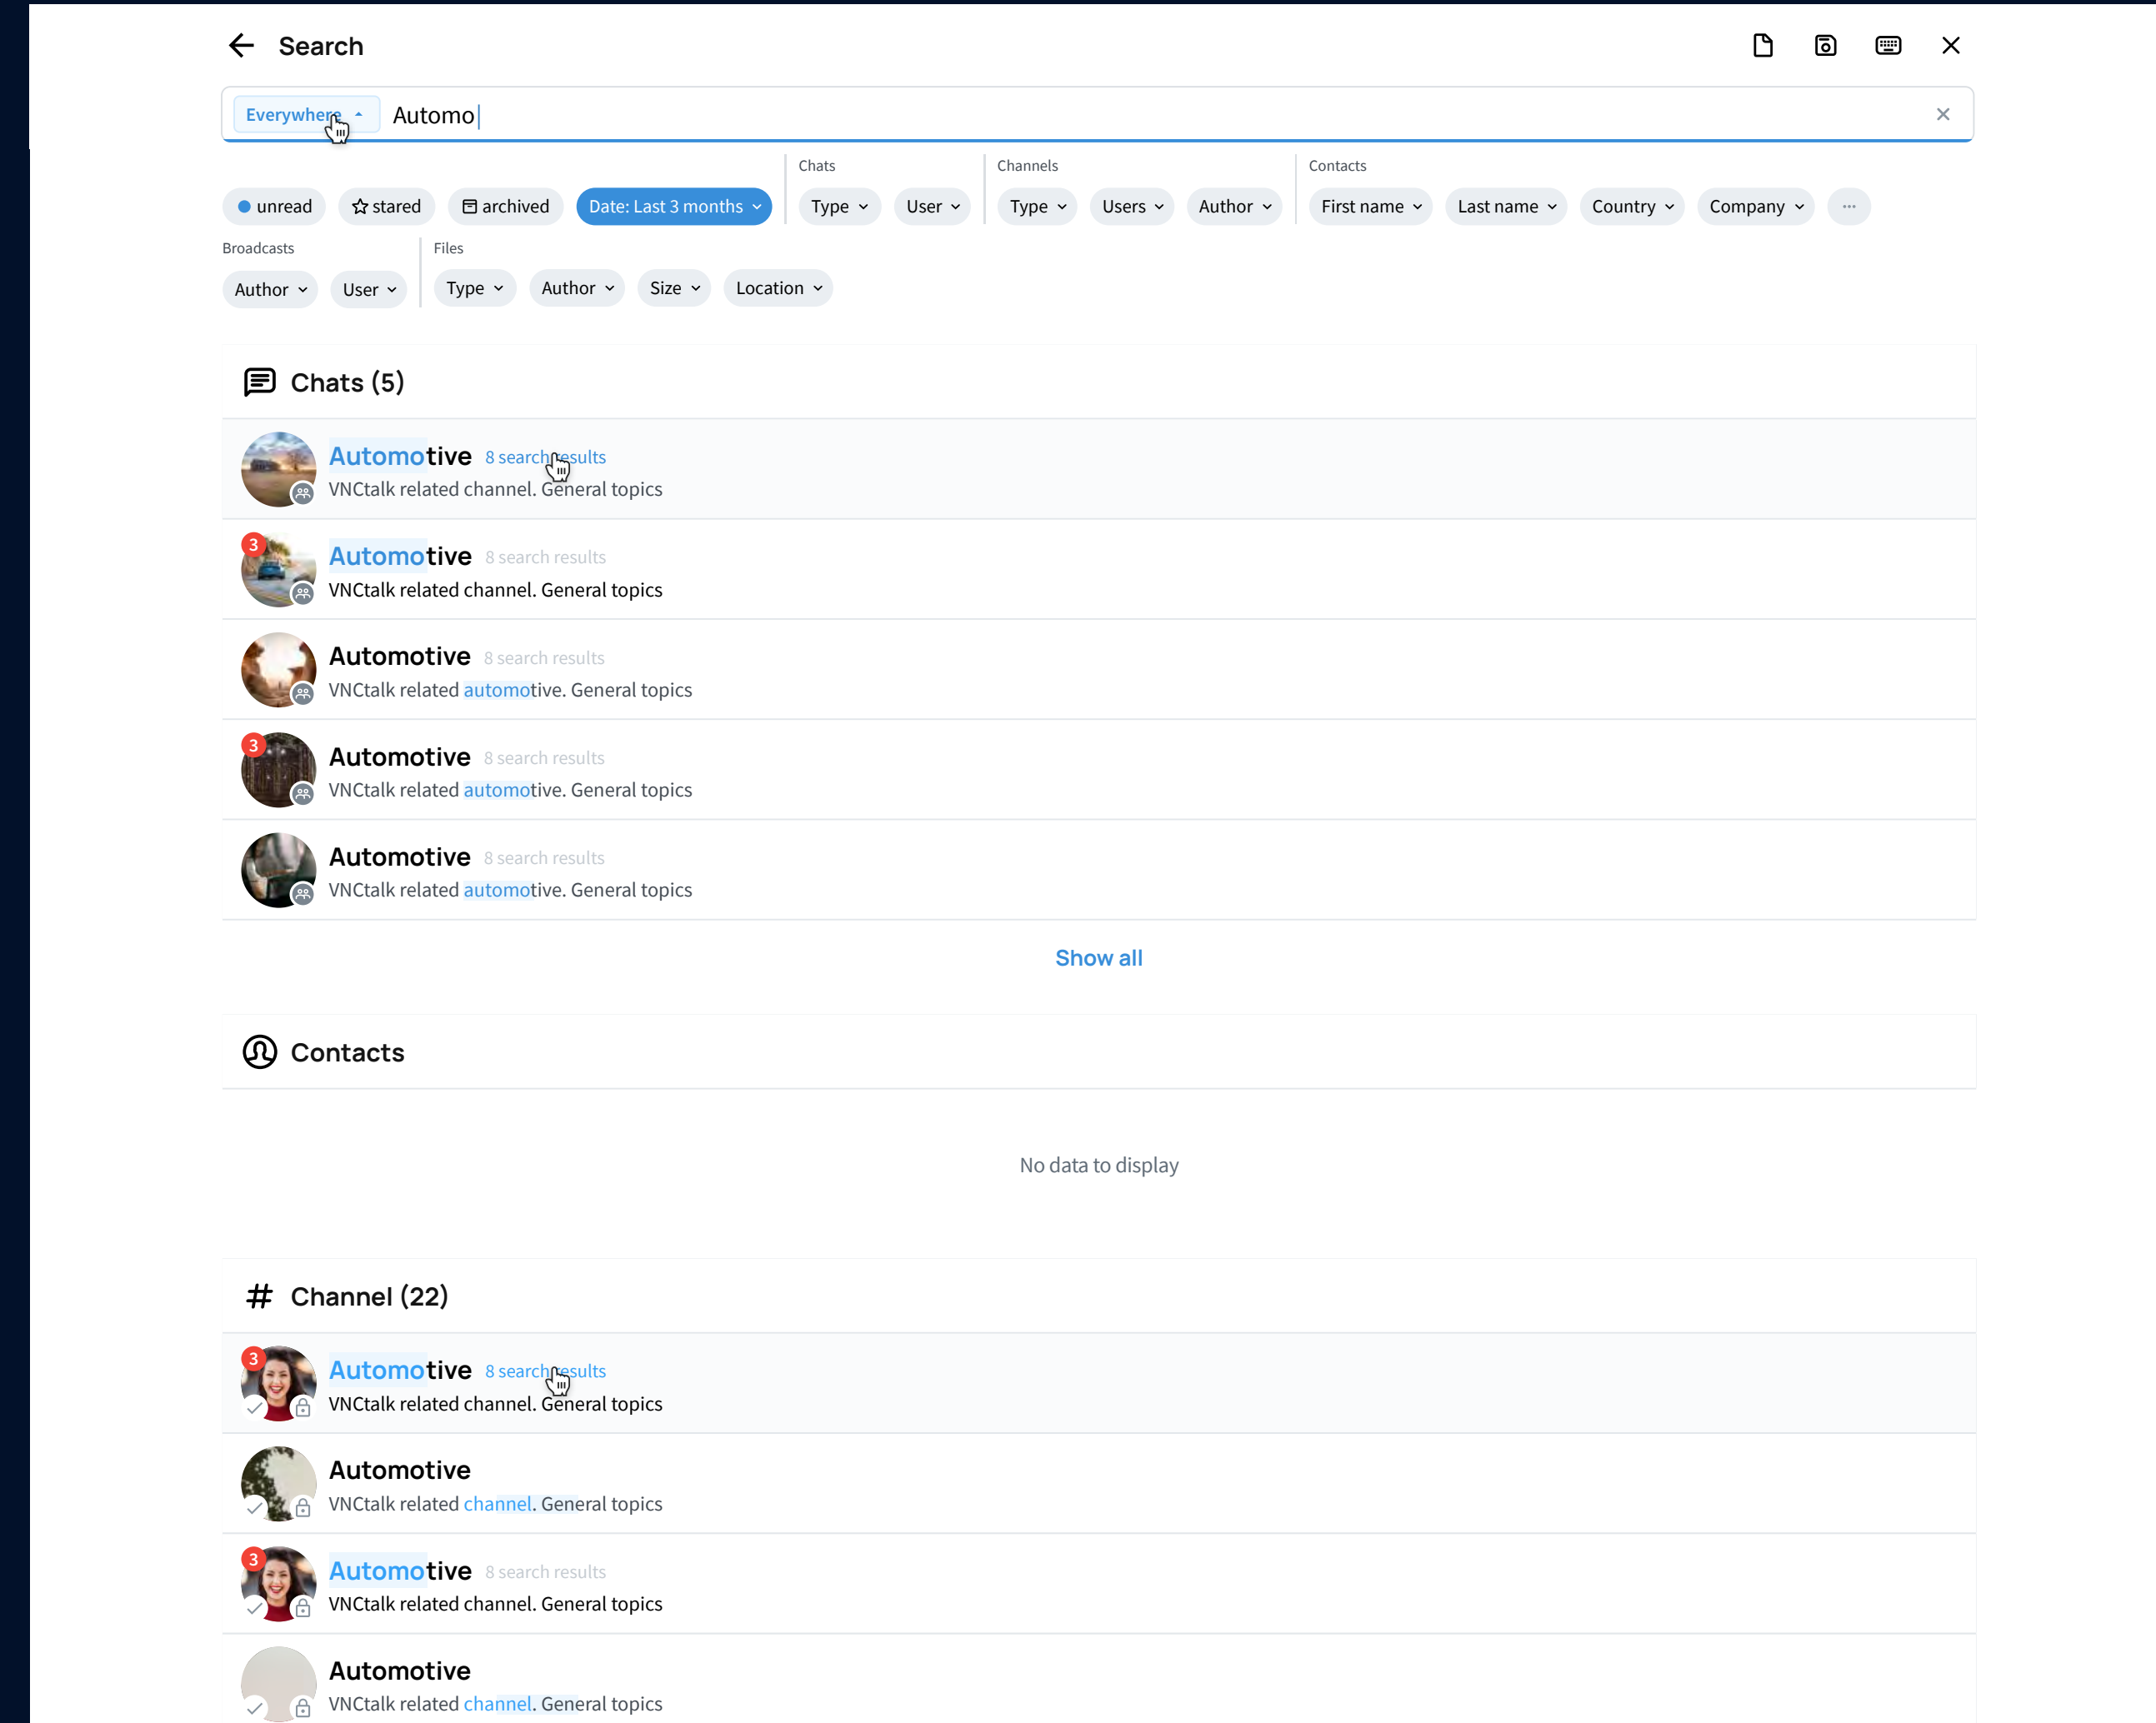

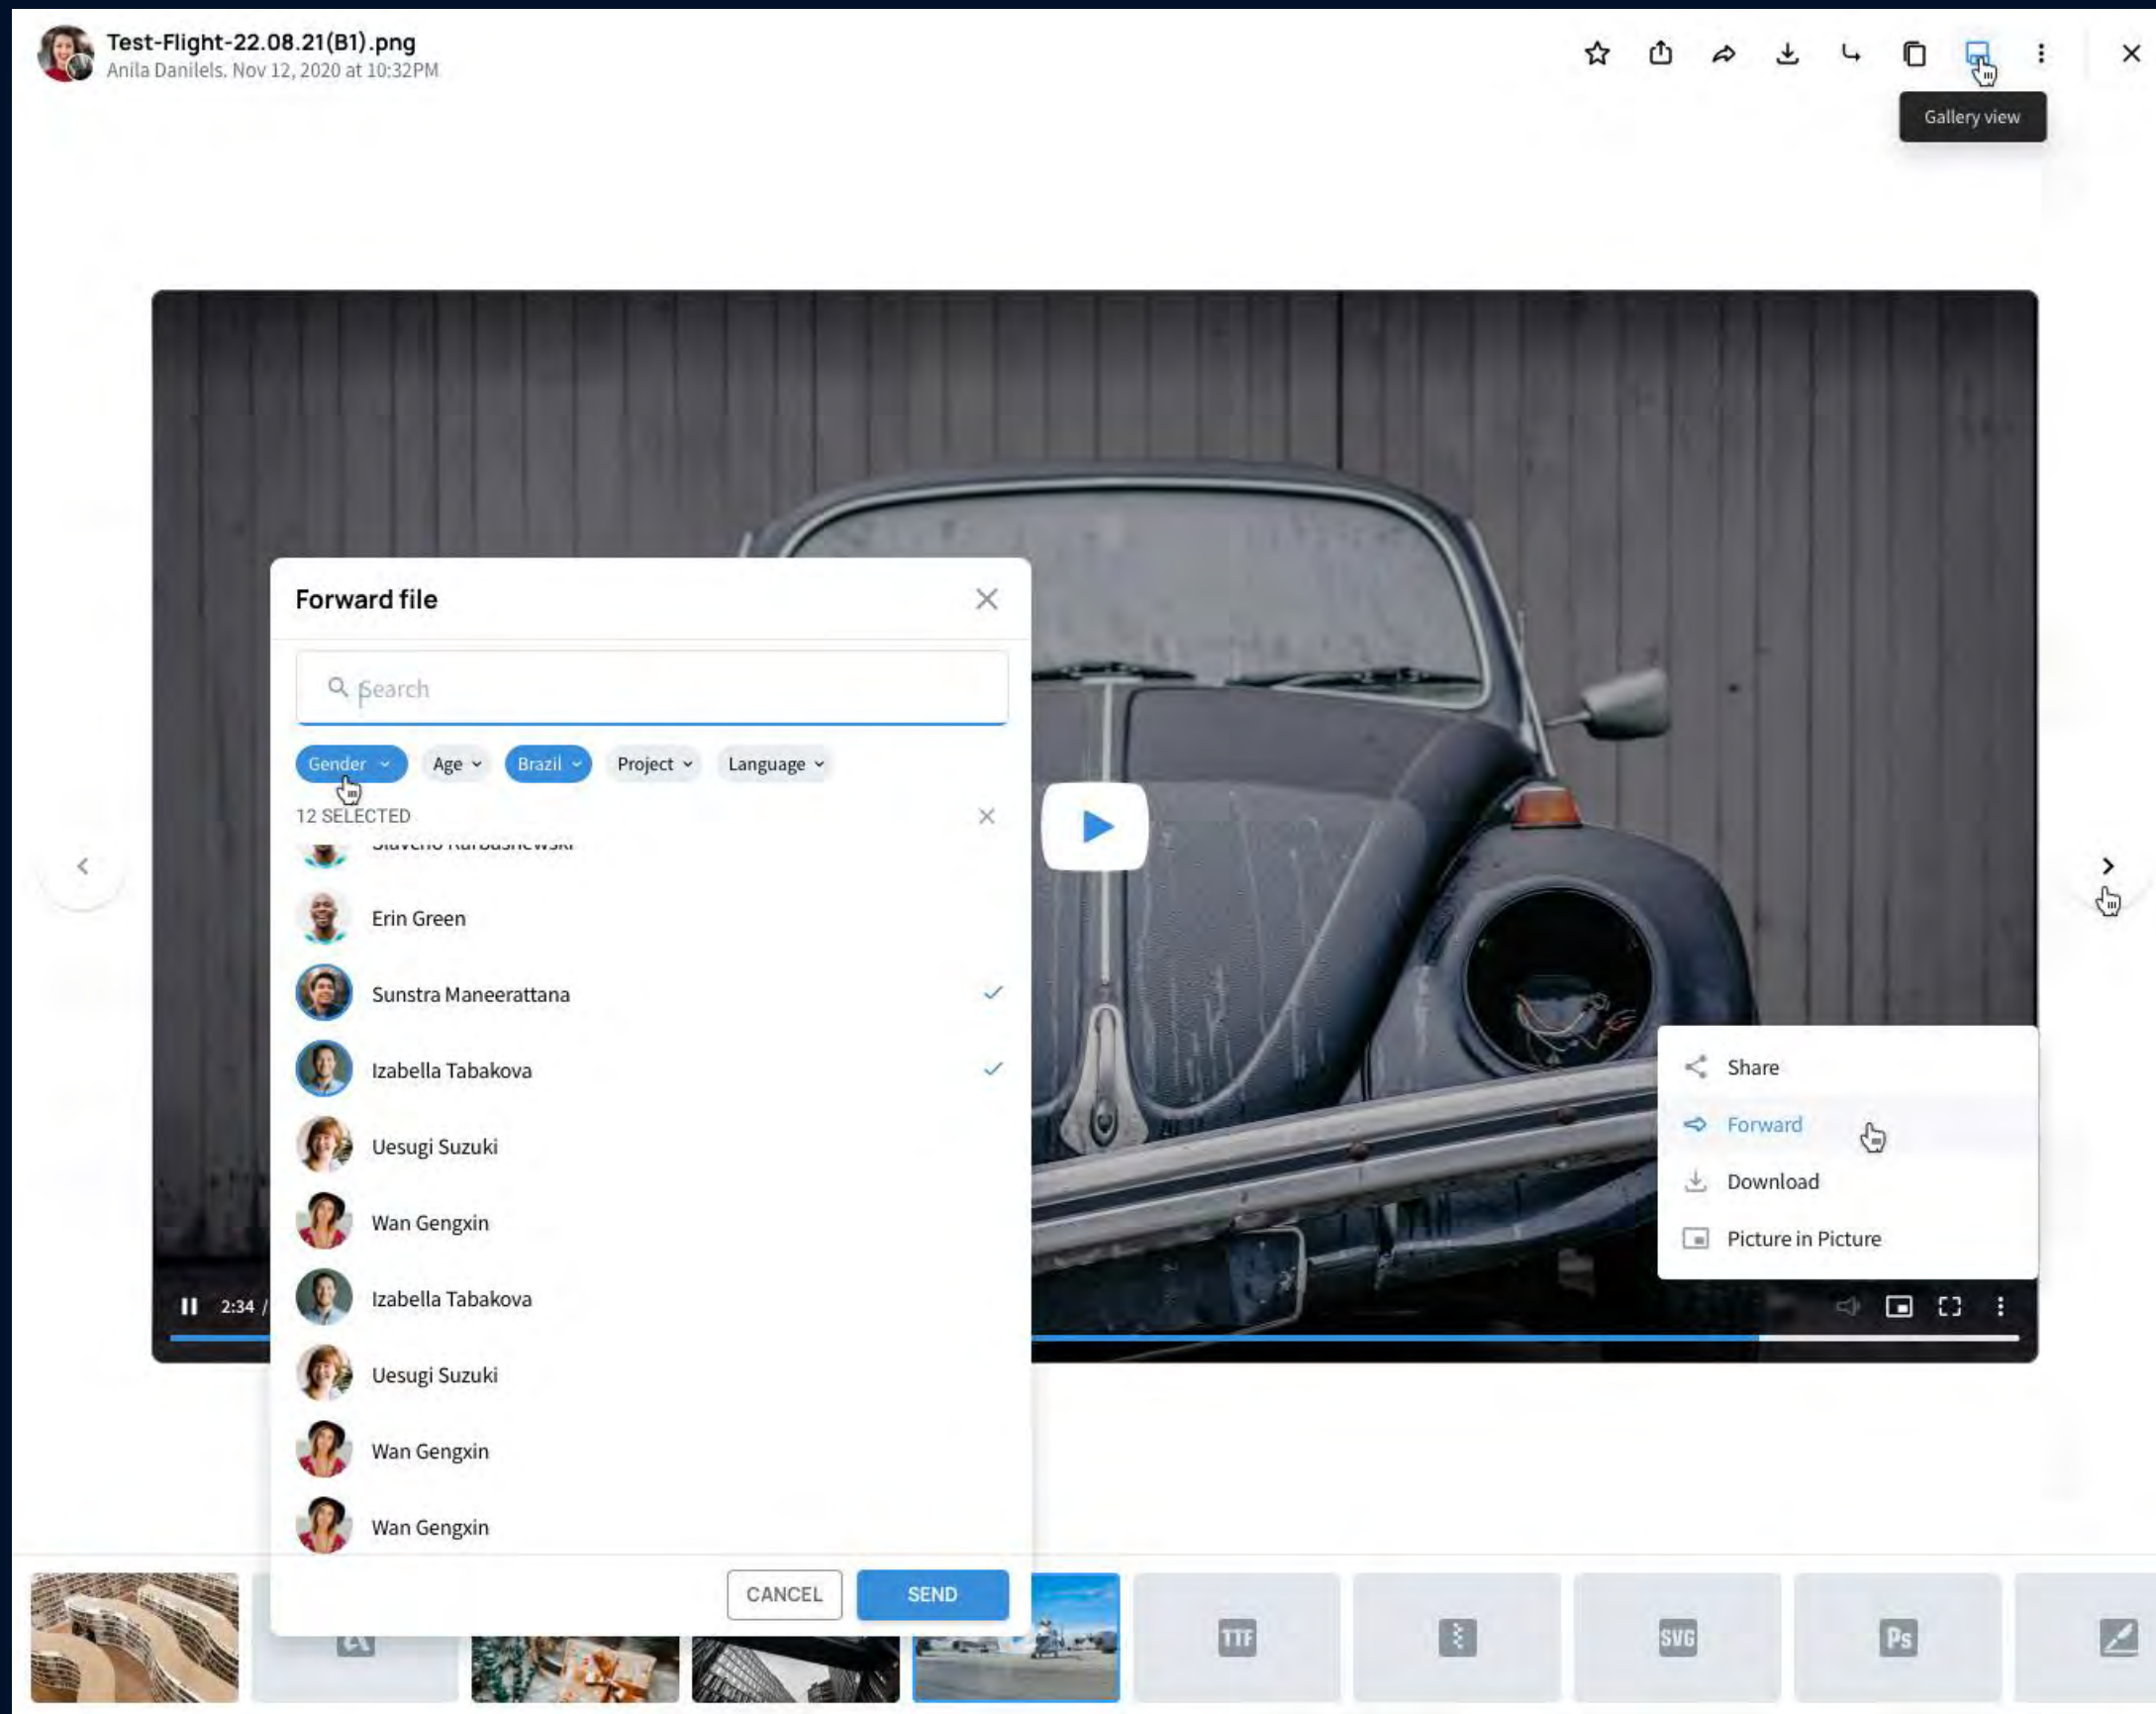

The screenshot shows a notification center interface with the following items:

- Notifications** (header)
- Filters: **all applications** (dropdown), **unread** (button), and a checkmark icon.
- TODAY** (date separator)
- New Chat** (Today · 14:54): You were invited to **Aerospace Team chat**.
- New Project** (Today · 14:39): **Albert Dera** created new project **Research**.
- New Ticket** (Today · 12:39): **Engine contruction Documentation convert to PDF tiket** was created by **Albert Dera**.
- New File** (Today · 11:05): New file **"Pillar Construction"** was shared with you by **Rachel Salivan**.
- # New channel** (Today · 11:02): **Anna Smith** created new channel **Making the transition from animating in After Effects to CSS**.
- New topic** (Today · 11:00): **Anna Palmer** published new topic **Making the transition from animating in After Effects to CSS** in **Developers rules the World**.
- New mention** (Today · 9:12): You was mentioned in a **Great new security feature** topic by **Anna Palmer**.
- Missed call** (Today · 8:39): You have a **missed call** in **Team Talks & Discussions**.

# Advanced Search by Role

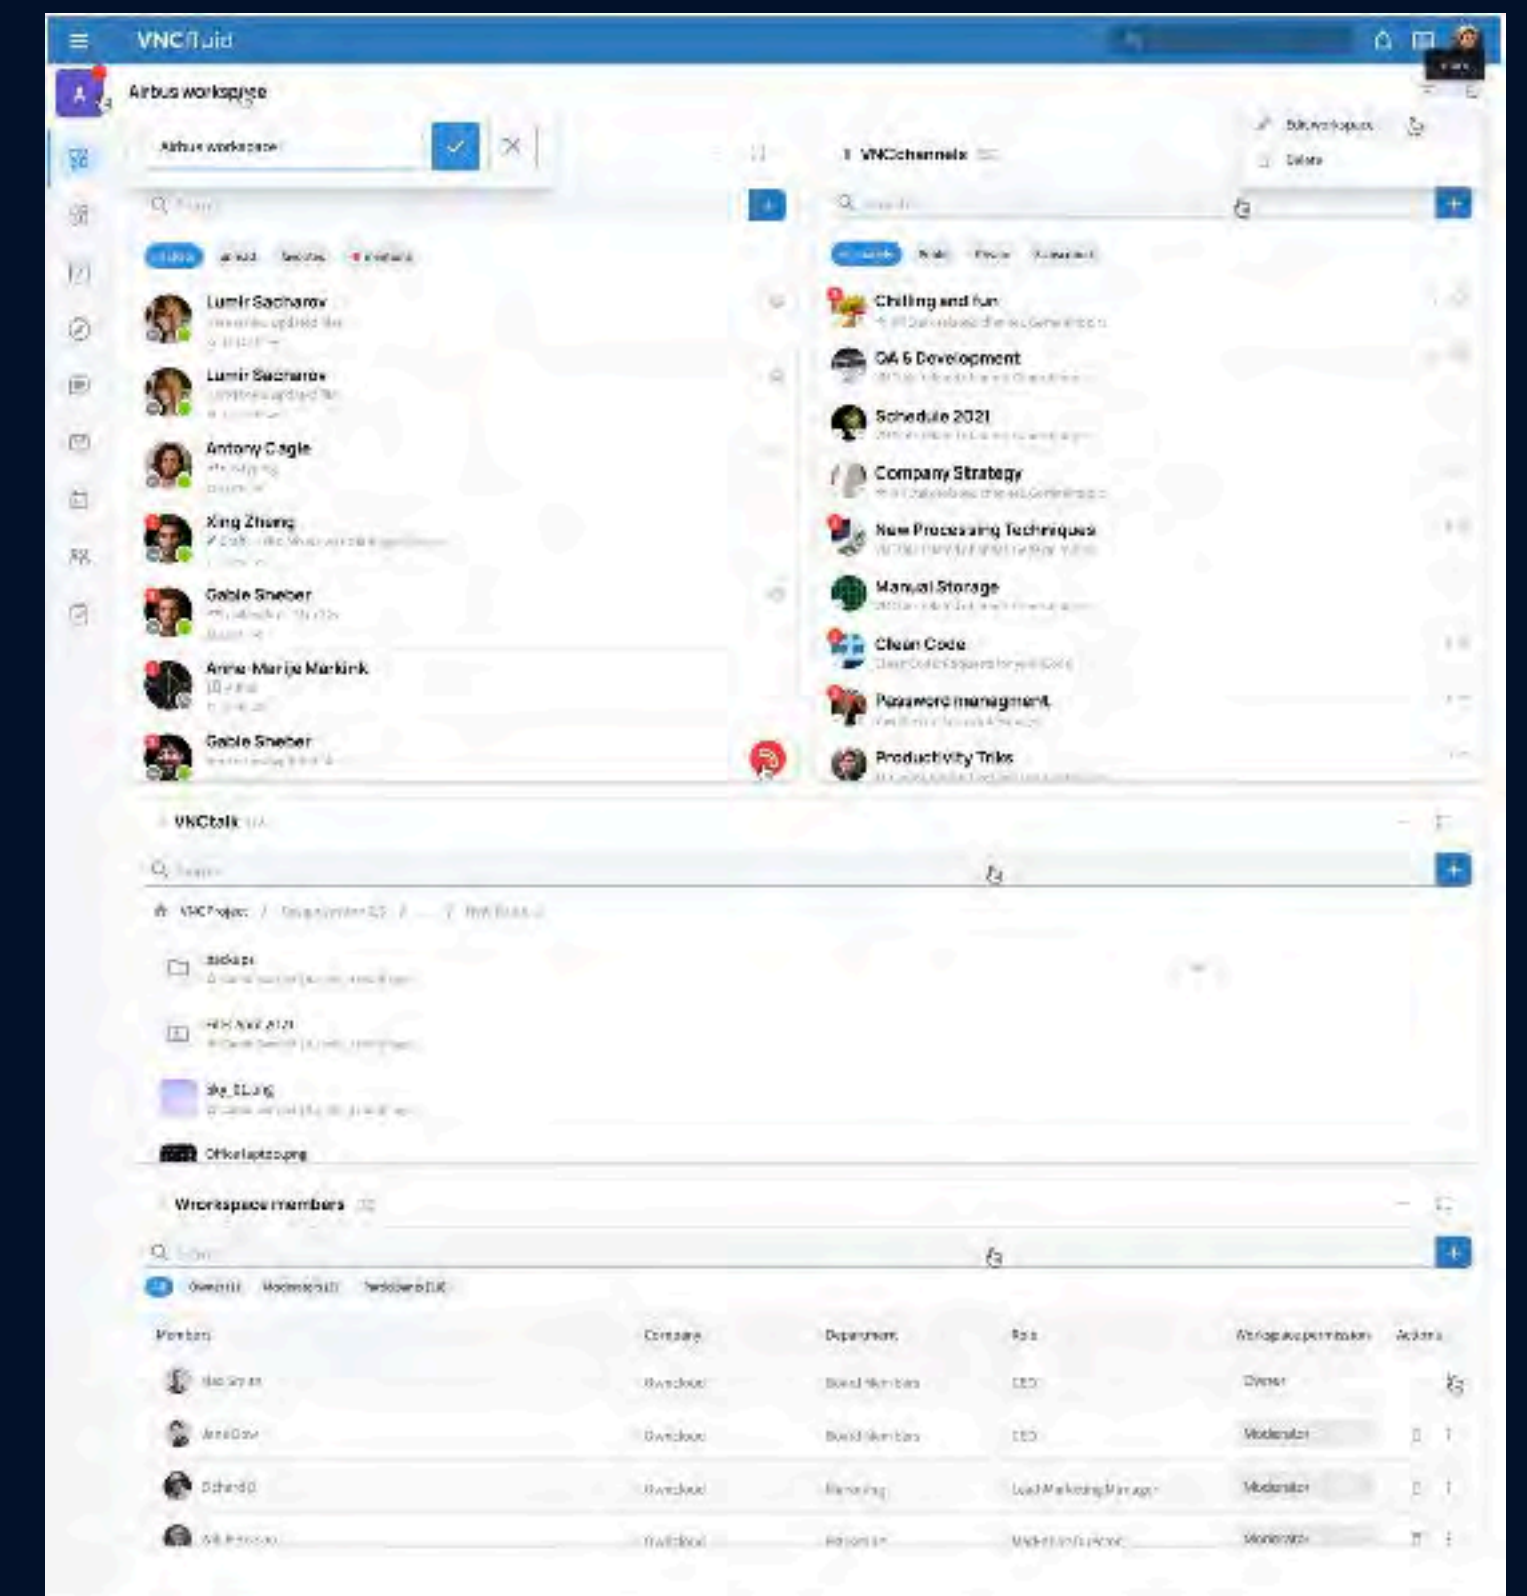

# VNCfluid Workspace

## Features:

- VNCfluid Workspace allows the creation of „rooms“
- These Workspaces can be shared with team members
- The Workspaces contain VNCIagoon products
- A new group chat, channel, project etc. will be automatically created for the Workspace
- But also existing content (chat, project, channel, etc.) can be added to the Workspace

# VNCfluid Workspace

# Collaborate with your Teams

The image displays three sequential screenshots of the VNCfluid workspace interface, illustrating the process of creating a workspace, adding participants, and adding content.

**Step 1: Create a new Workspace and add Portlets**

The first screenshot shows the 'Airplanes workspace' dashboard. It features a 'Workspace Dashboard' section with a 'Manage portlets' button. The dashboard is currently empty, with a message: 'Add the portlets you'd like to appear on this page from the dropdown.'

**Step 2: select Participants for the Workspace**

The second screenshot shows the 'New Workspace' creation process. It displays a 'Workspace members' section with a search bar and a table of members. The table has columns for 'Members', 'Company', 'Department', 'Role', and 'Workspace permissions'. A 'CANCEL' button is visible at the bottom.

Members	Company	Department	Role	Workspace permissions
Max Smith	VNC AG	Board Members	CEO	

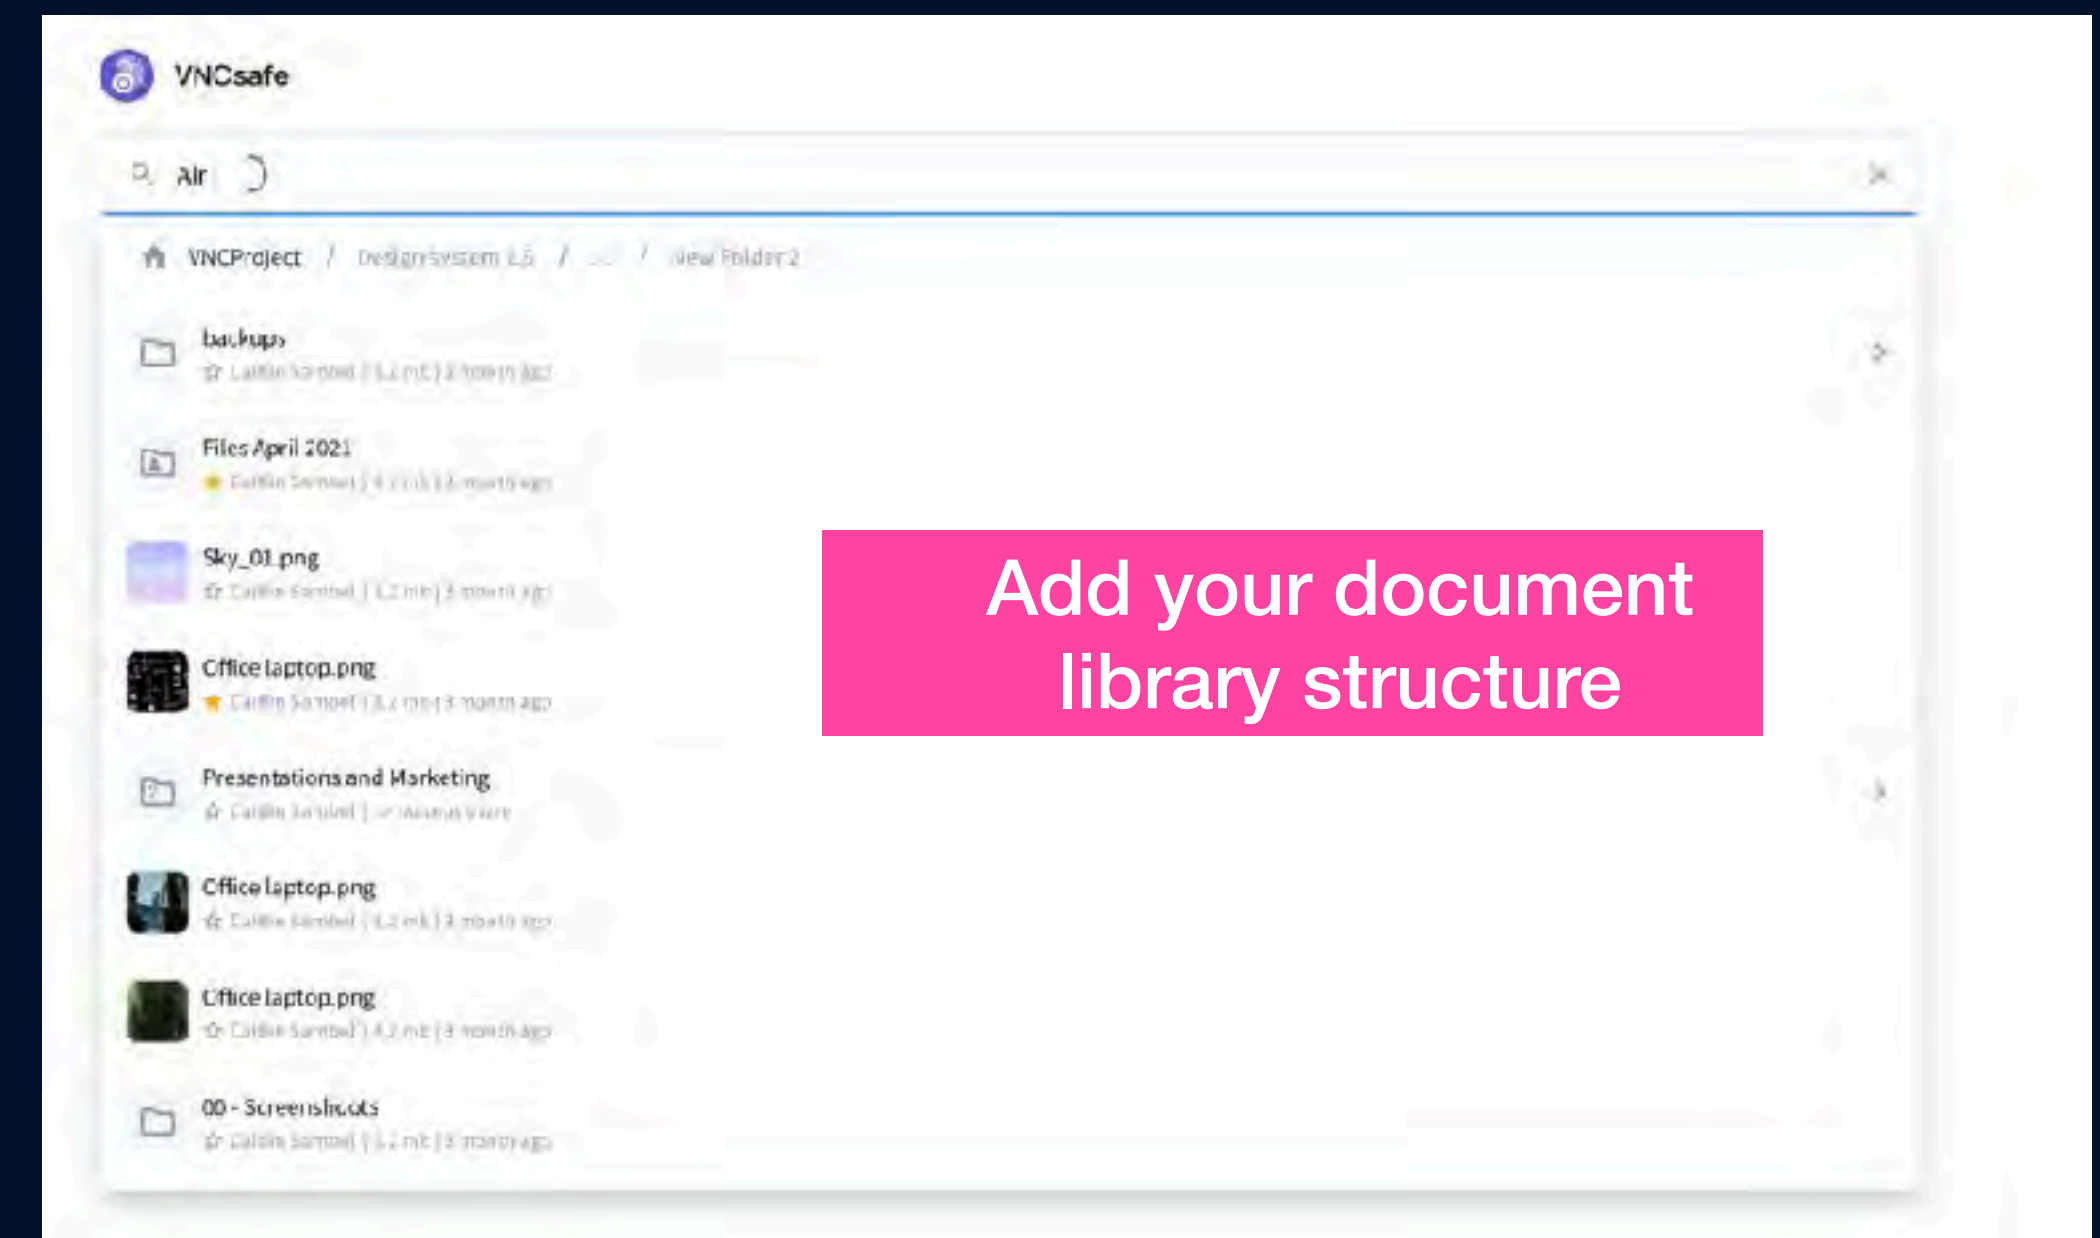

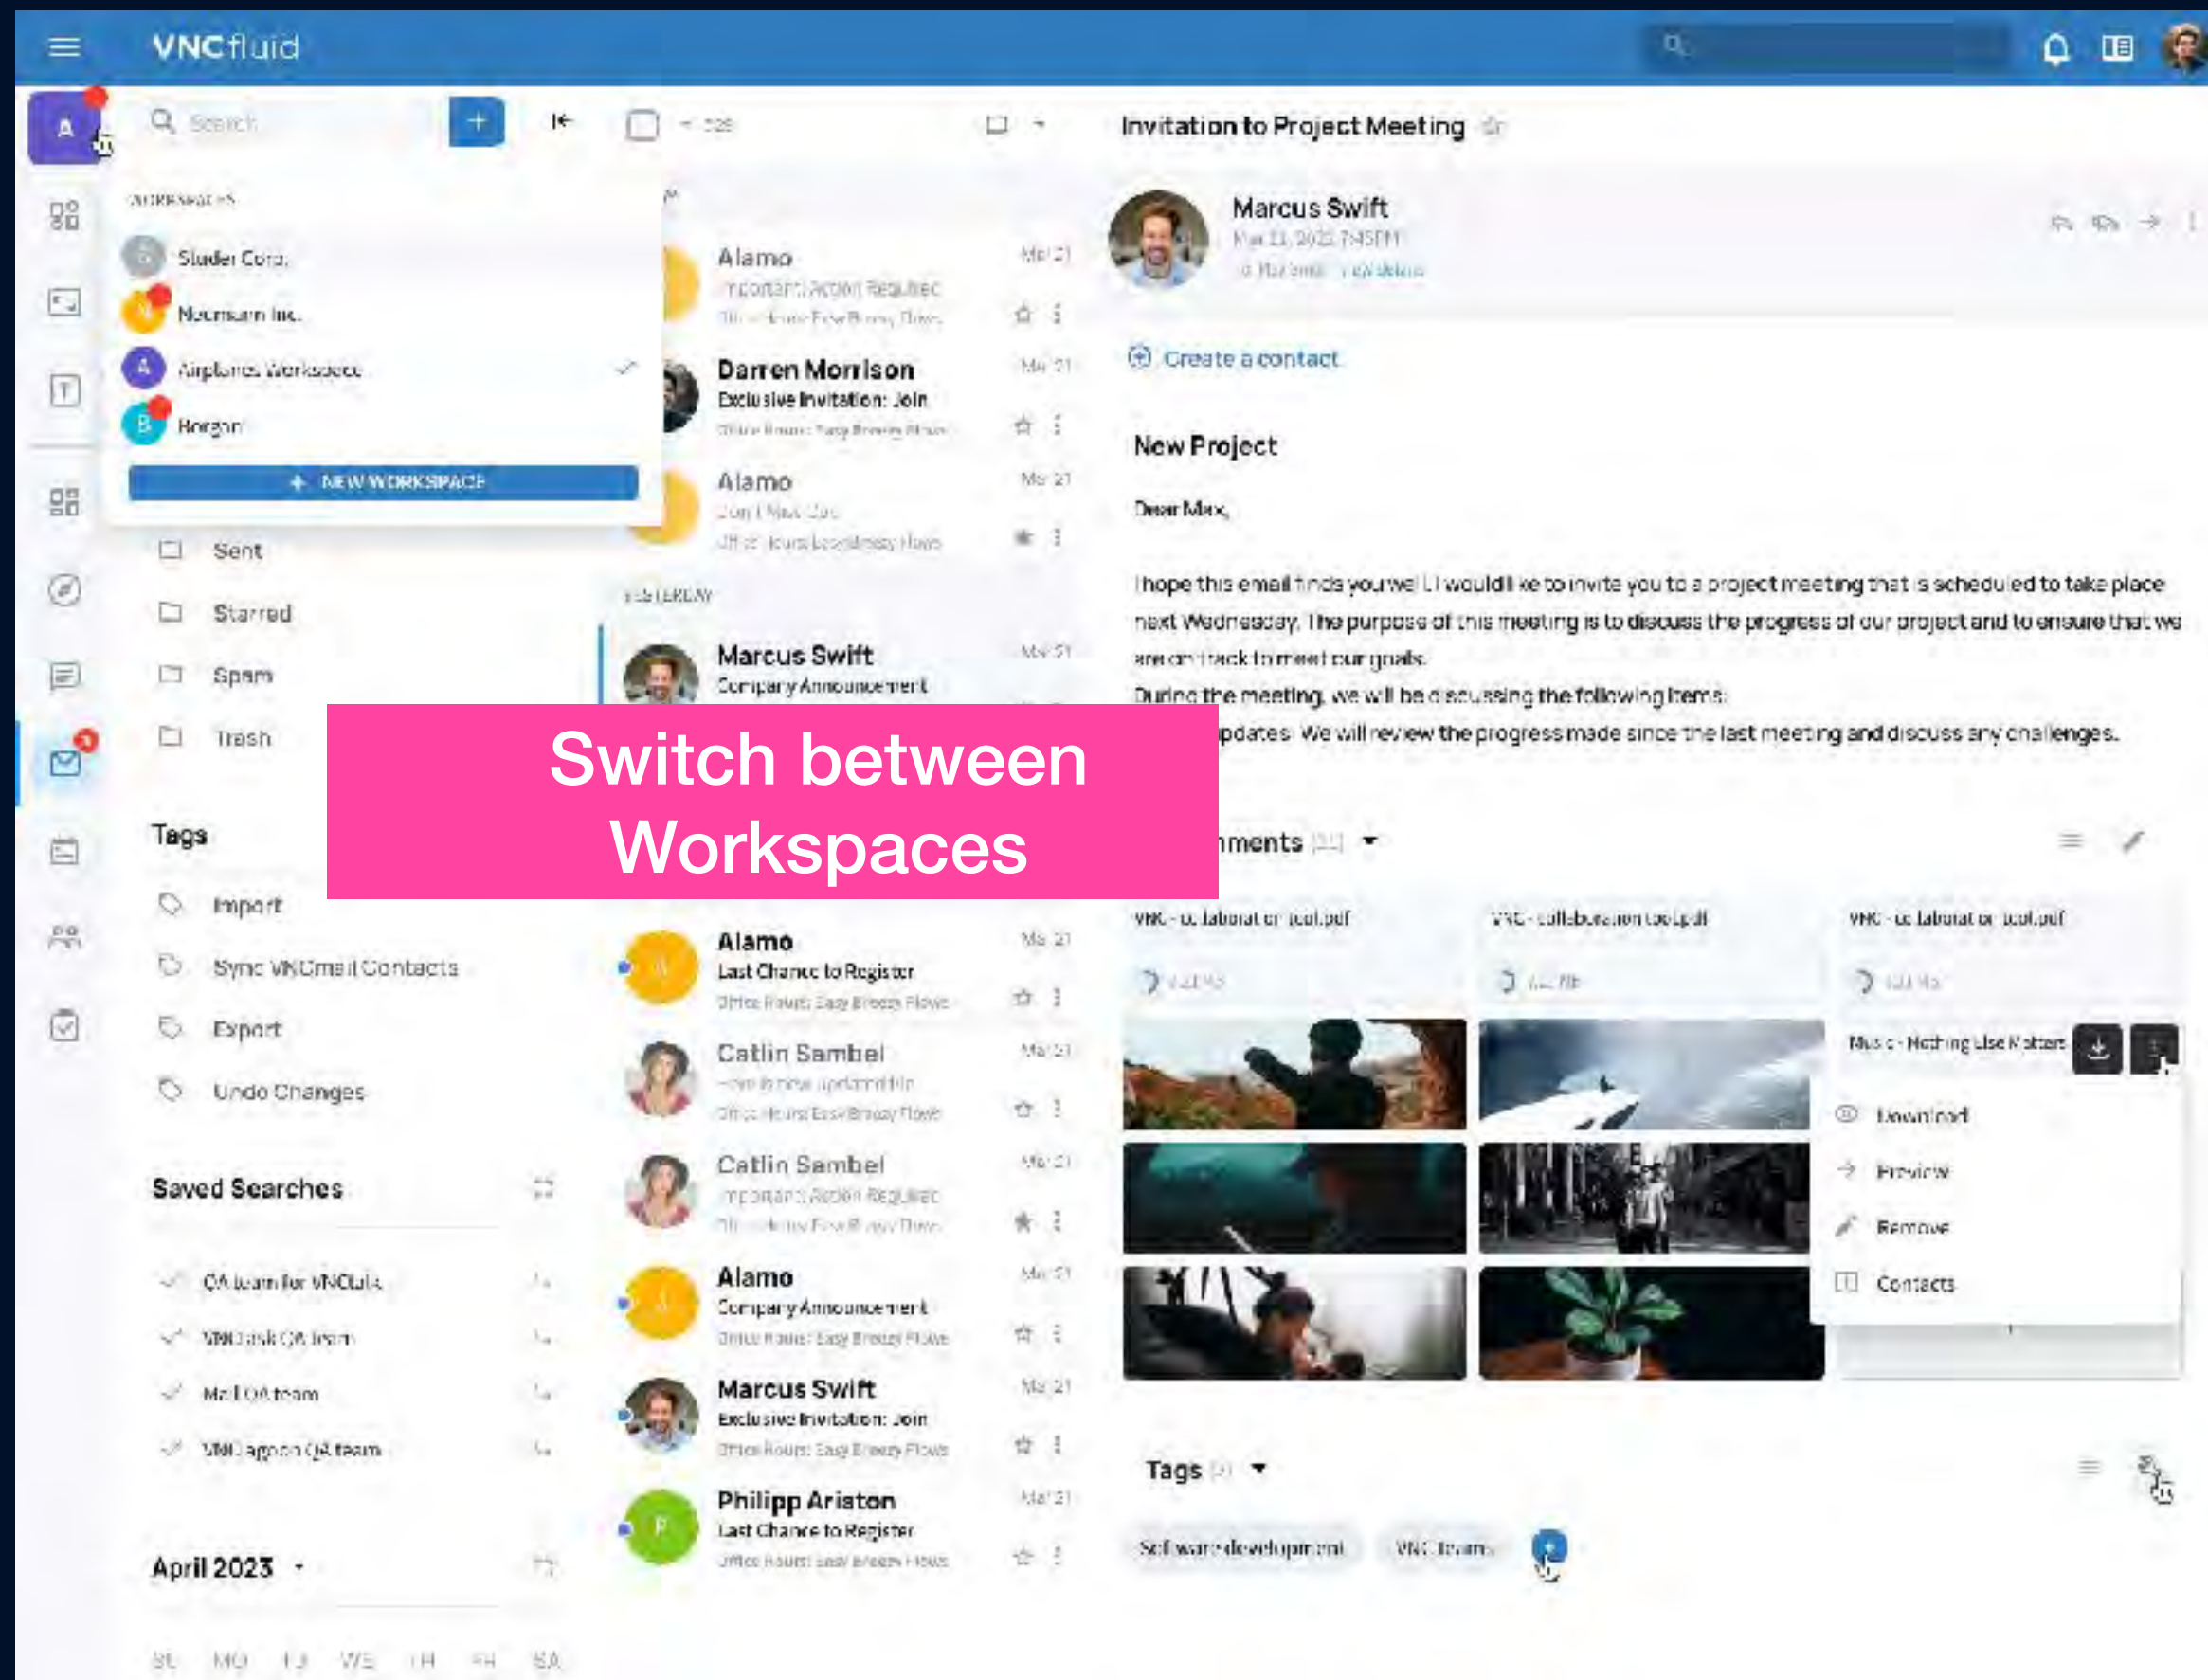

**Step 3: add Content to the Workspace**

The third screenshot shows the 'New Workspace' creation process. It displays a list of content items to be added to the workspace. The items include 'VNCtalk', 'Airplane Team Chat', 'VNCchannels', 'VNCsafe', 'VNCtask', and 'Live Broadcasting Documents'. A 'CREATE' button is visible at the bottom right.

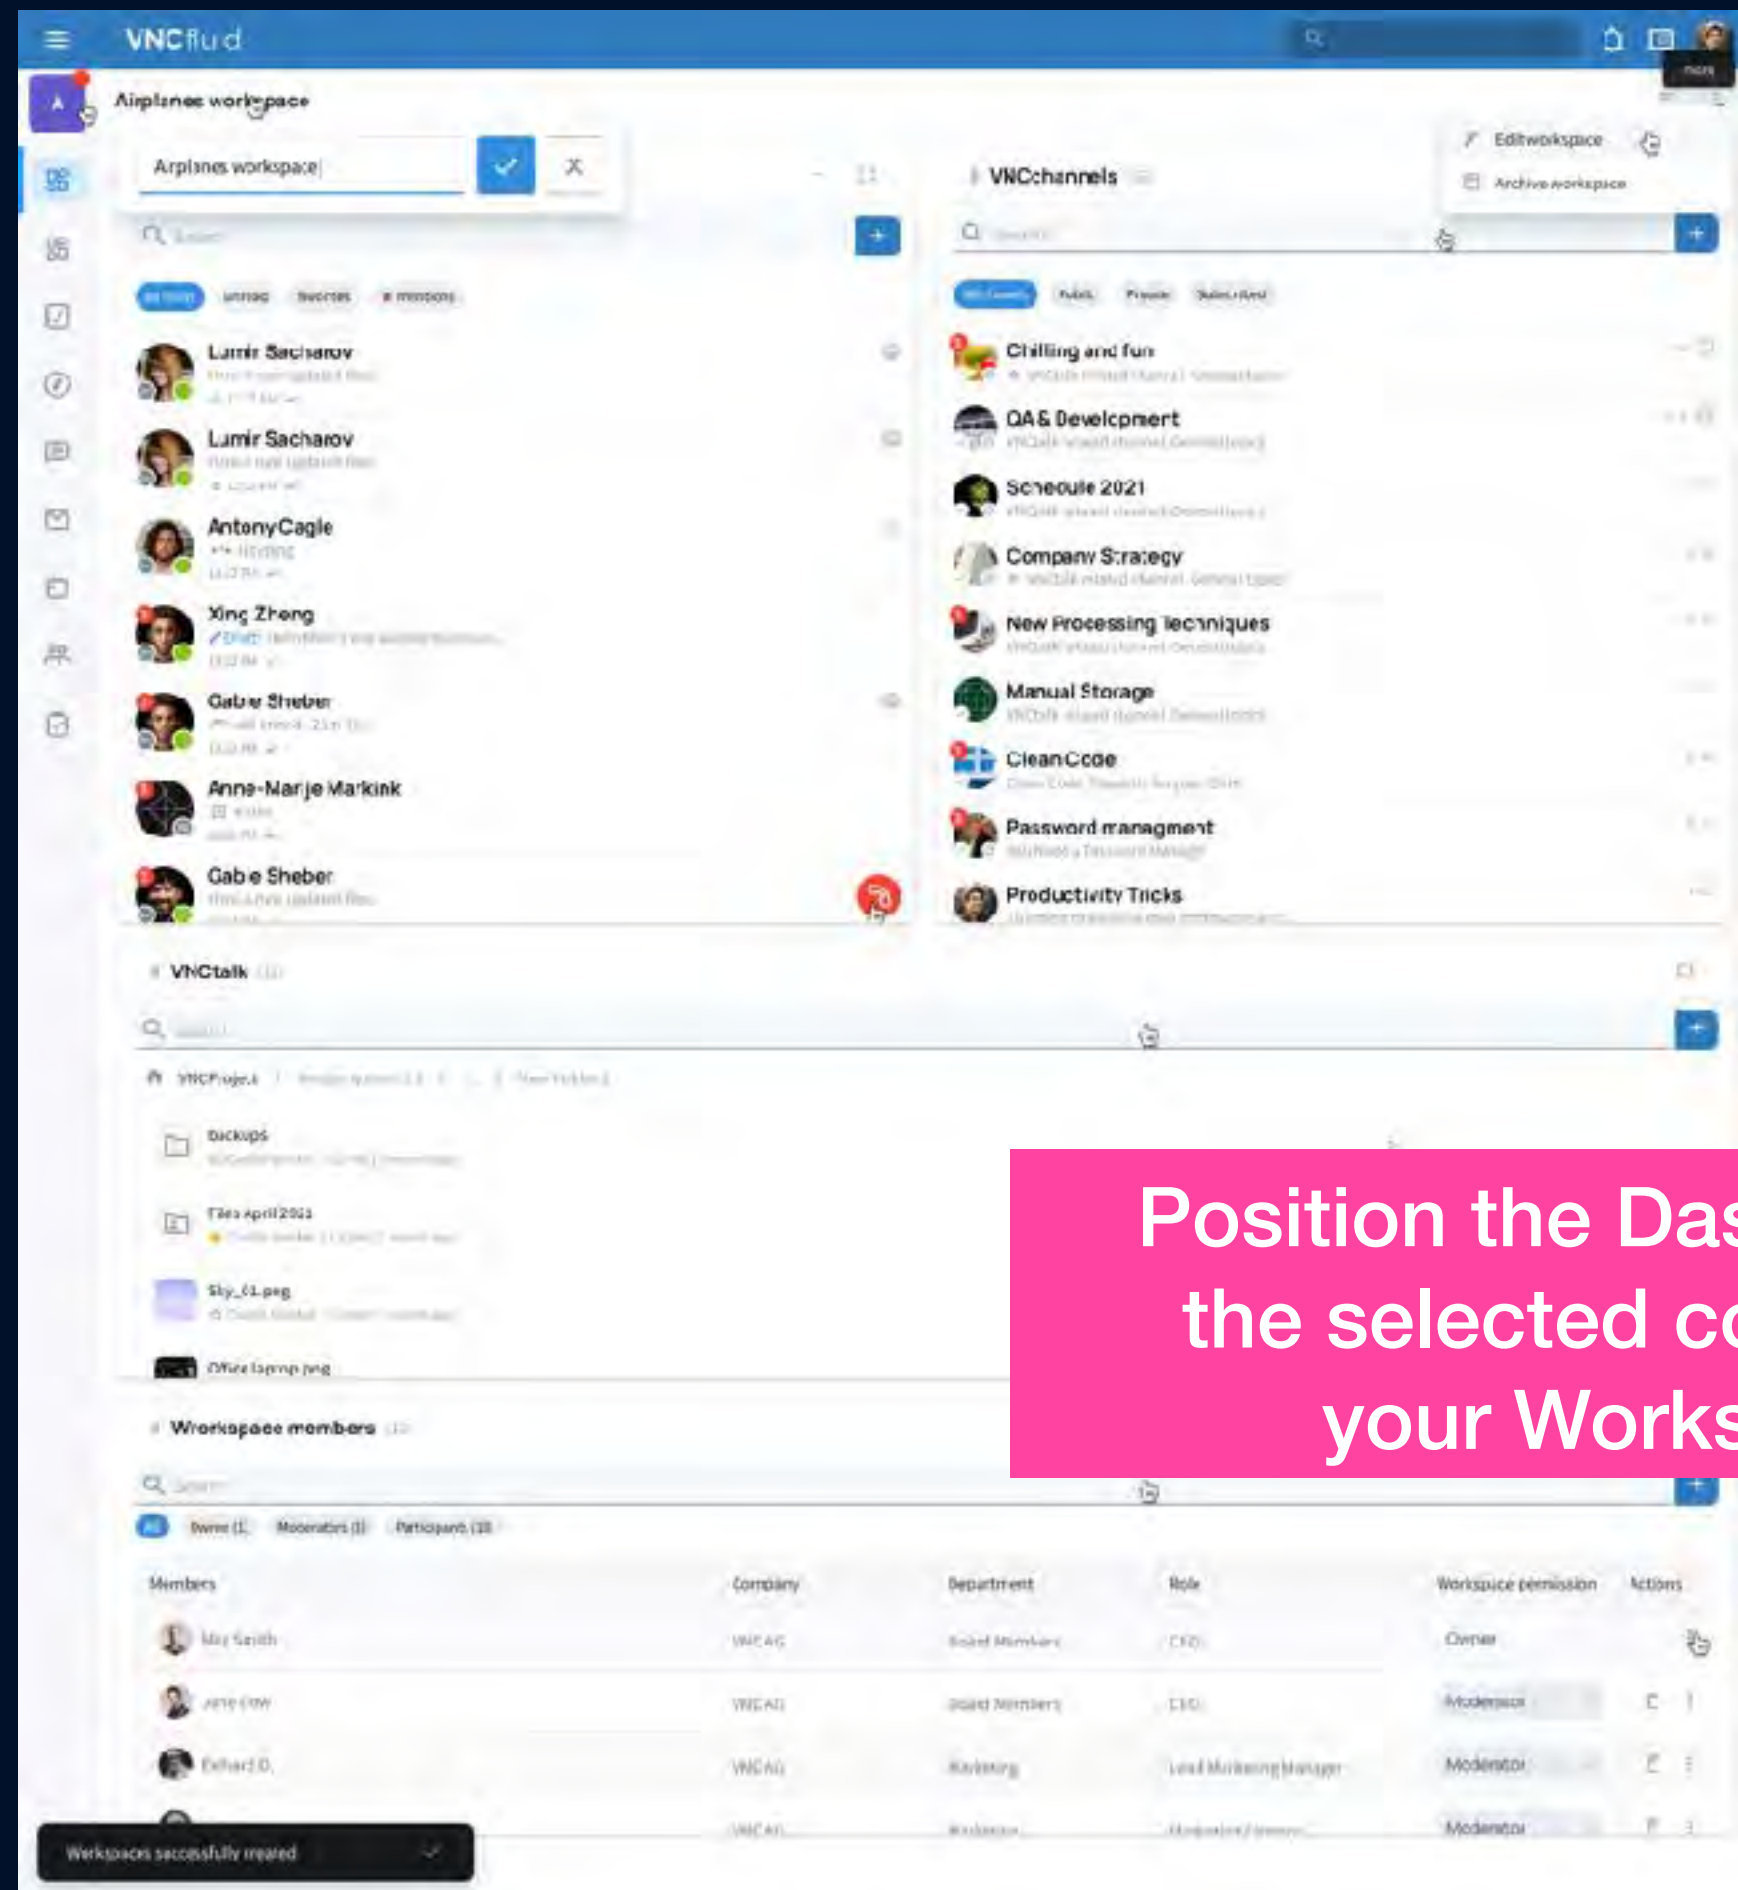

# VNCfluid Workspace

# Collaborate with your Teams

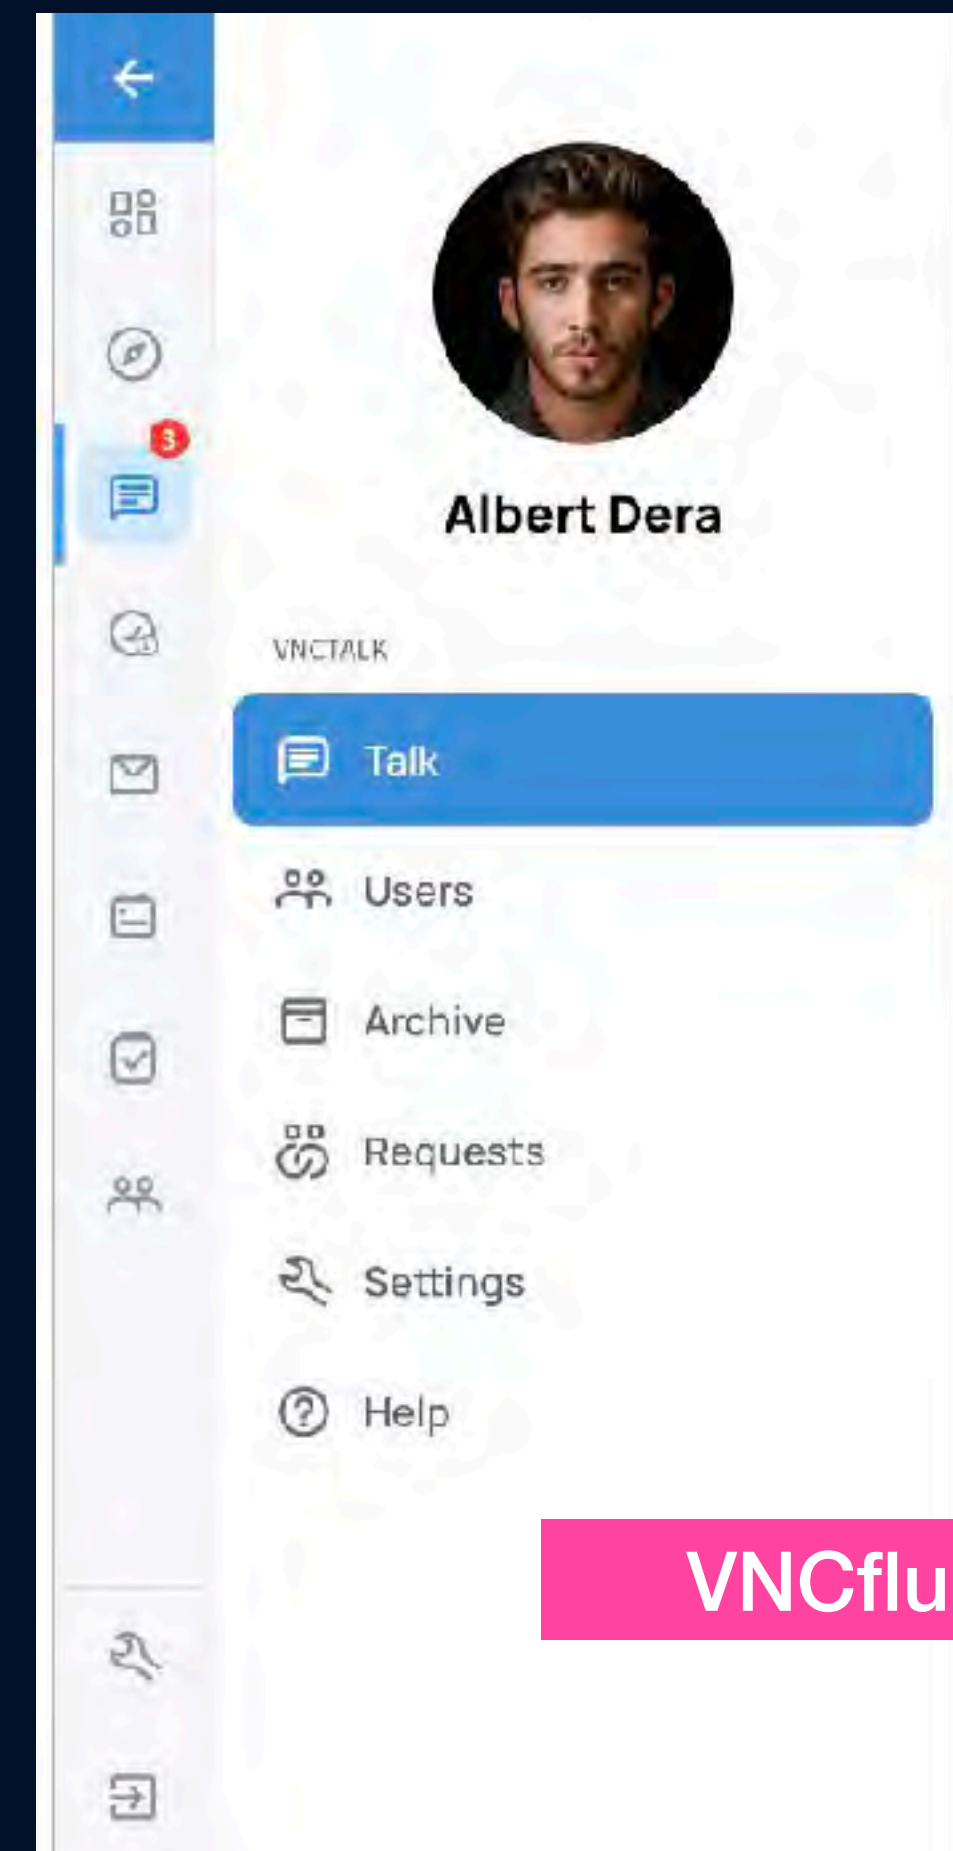

# VNCfluid Workspace

Position the Dashlets with the selected content on your Workspace

VNCfluid Mobile View

# VNCmcb

## Features:

- virtual event platform for interactive conferences
- scheduling, recording & archiving of VNCtalk conferences
- run and manage several parallel conferences (video, audio, screen share, whiteboard) from a central dashboard
- user roles: conference managers, moderators, participants & audience

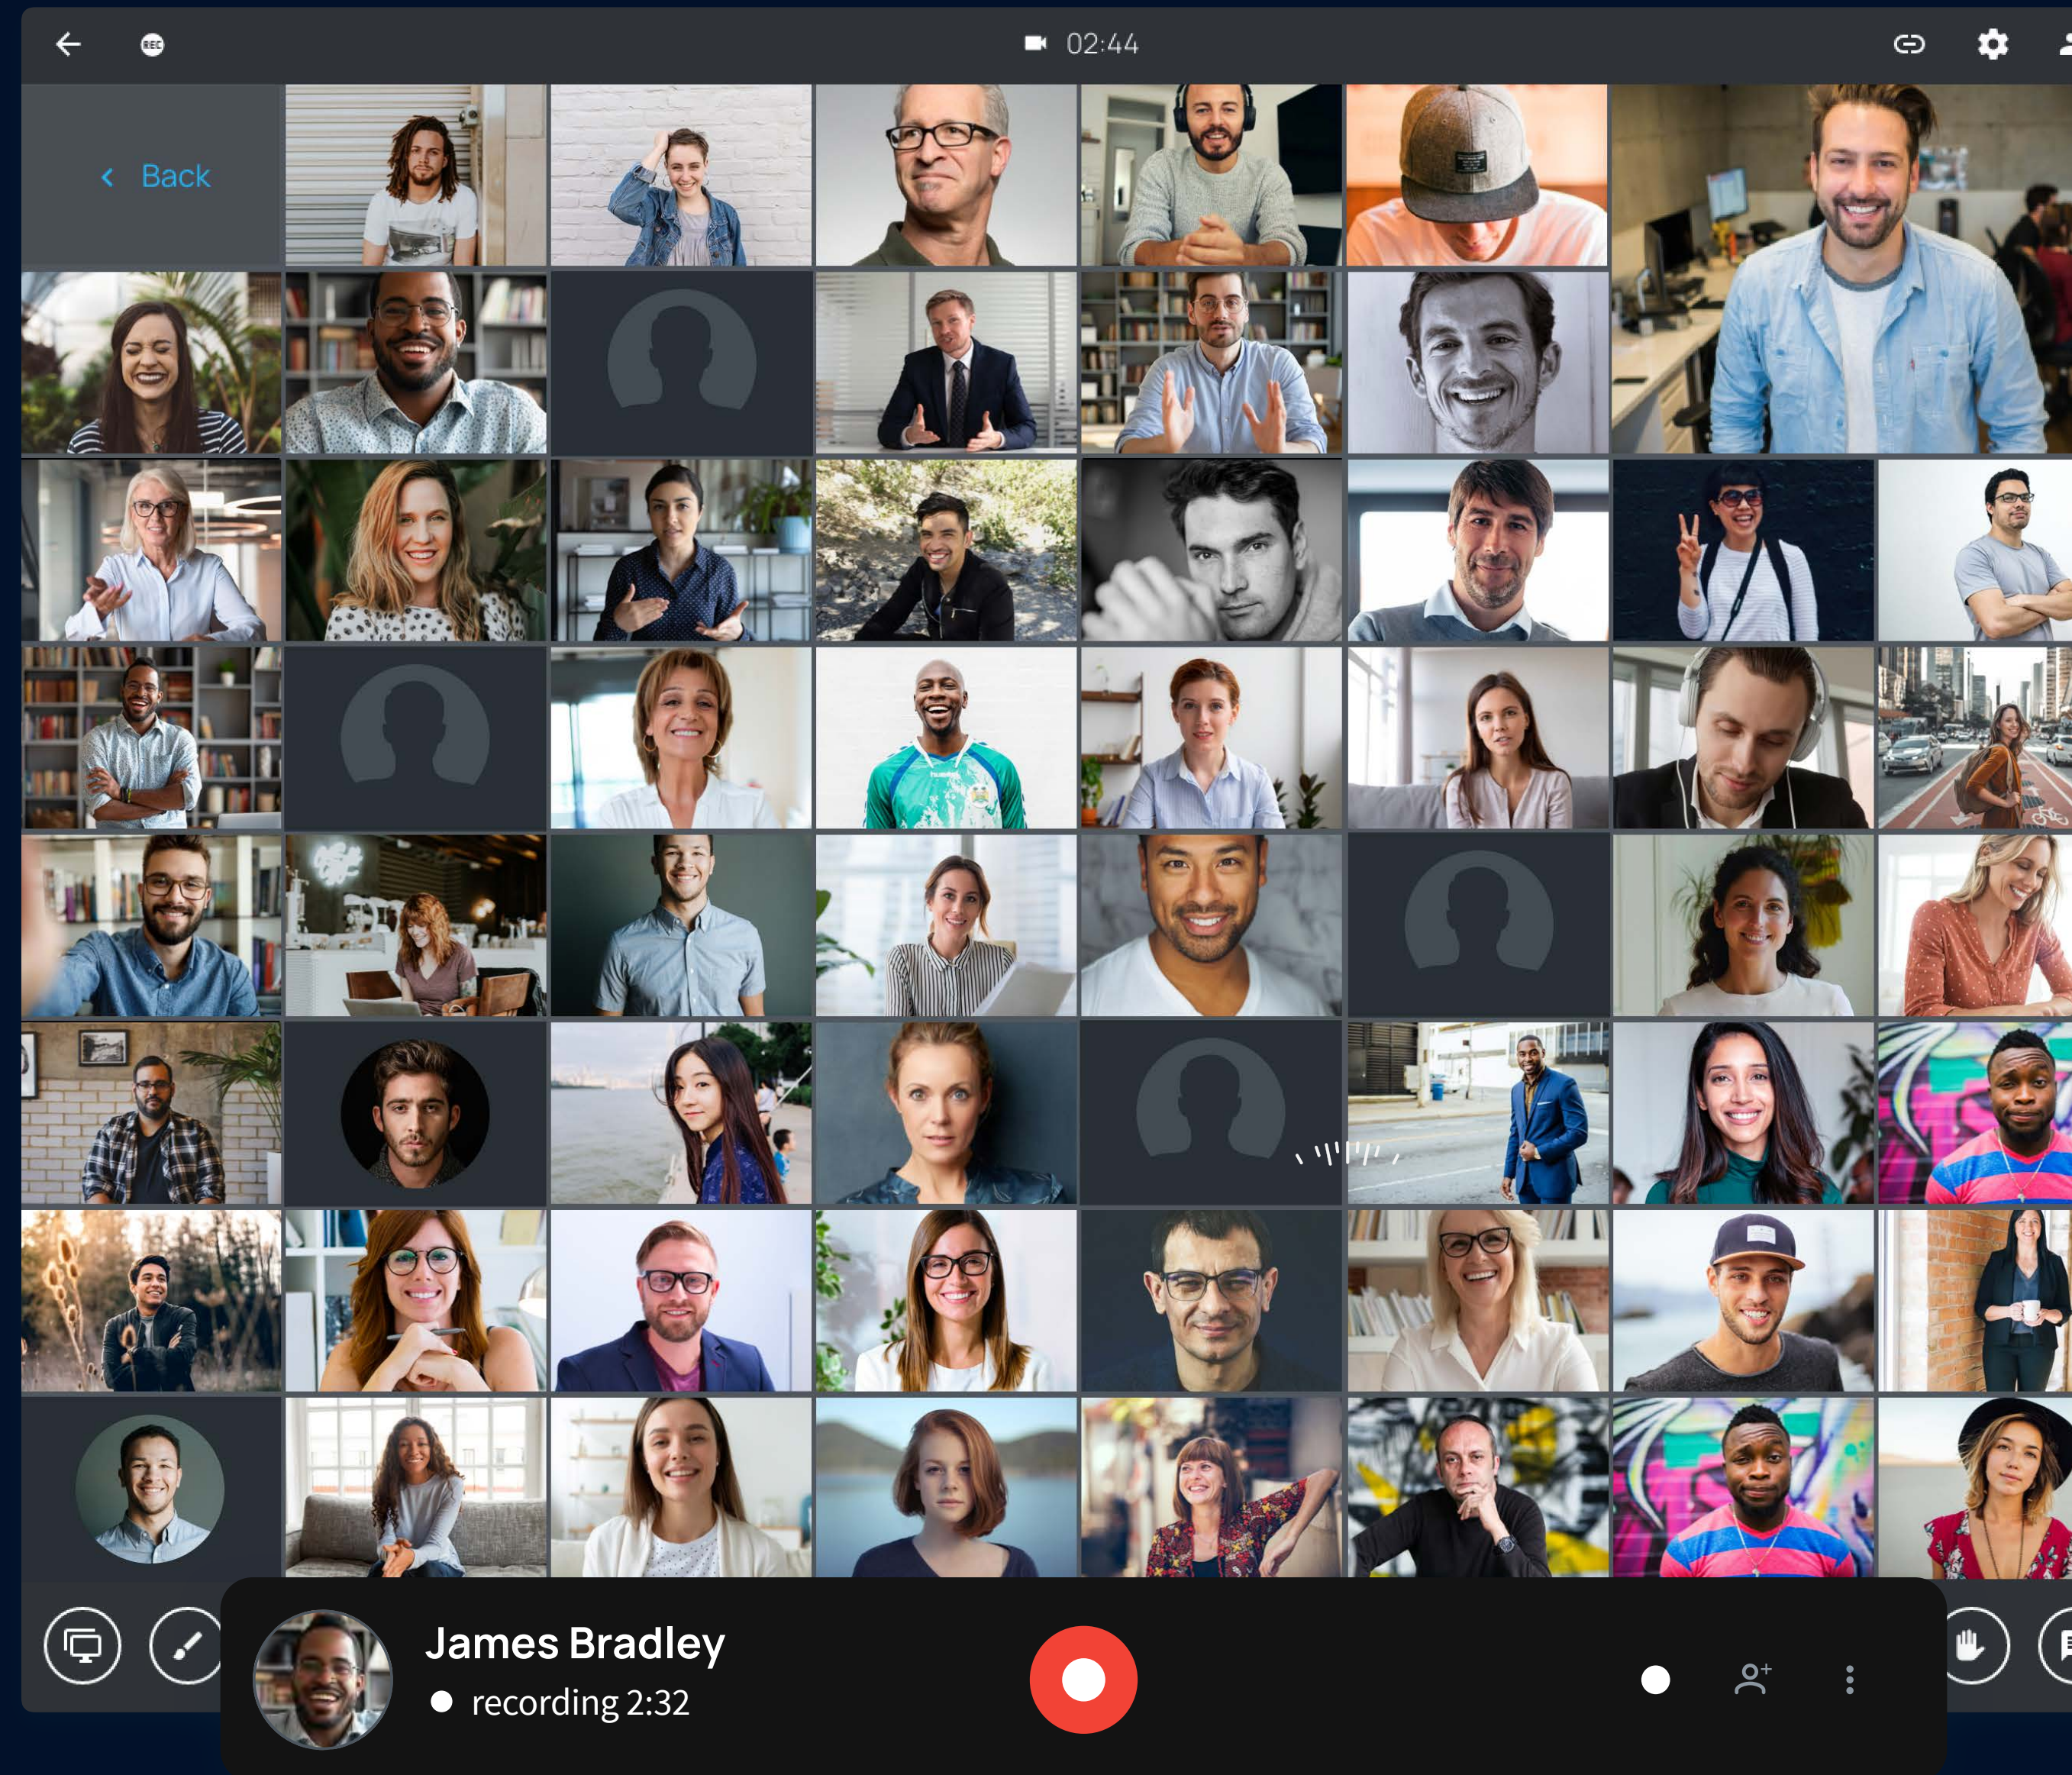

# Your event control center

Multi Conference Board: Plan, run and manage parallel online meetings from a central dashboard →

# Breakout Sessions

The screenshot displays the VNCtalk interface during a meeting. At the top, the meeting title is "Development & QA" with a timer at 00:00:32. The main area shows a grid of video feeds, with one feed for Rebecca Bradley and others for Richard Ricson. A chat window is open in the foreground, listing messages from Ben Parker, Mission Control, and Xing Zheng. A "Mission Control (3)" session is also listed with a "JOIN" button. An "Access request" dialog is overlaid on the chat, showing a request from Marcus Swift from Ubisoft Finance. The dialog asks "Do you want to grant access?" and provides "DECLINE" and "Grant access" buttons. A second, larger dialog is also visible, showing a list of 23 participants for the "Mission Control (3)" session and a "Sesion access request" from Marcus Swift with "Grant access" and "Deny" options.

# VNCchannels

## Features:

- enterprise content collaboration
- private and public channels with subscription
- topics in several types: generic, video, analysis
- smart links to relate various content types
- comment, like, forward, archive

# VNCchannels

# Create Texts and multimedia Content, interlink Documents

The image is a collage of screenshots from the VNC channels application, illustrating its capabilities in creating and managing content.

- Smart objects panel:** A sidebar panel titled "Smart objects" is shown. It features a search bar with the text "Chil" and a list of items. Each item includes a profile picture, a title (e.g., "3 Ways a UX Strategy Helps Beat the Competition"), a topic tag, an author name, and a date. The panel has "CANCEL" and "APPLY" buttons at the bottom.
- Document editor:** A central window shows a document editor with a rich text toolbar at the top. The toolbar includes icons for bold (B), italic (I), underline (U), link (L), and other text formatting options. Below the toolbar is a video player showing a bicycle with a play button overlay. The main text area contains placeholder text: "Lorem ipsum dolor sit amet, consectetur adipiscing elit. Vestibulum faucibus augue mi, sed feugiat enim tempor in. Curabitur laoreet, elit eget semper faucibus, nisi nunc volutpat nisl, et porttitor est libero quis nibh. Ut mattis arcu a consequat convallis. Donec condimentum, ante vitae iaculis sollicitudin, arcu augue dignissim dolor. Donec condimentum, ante vitae iaculis sollicitudin, arcu augue dignissim dolor." At the bottom of the editor are "CANCEL" and "SAVE" buttons.
- Document preview:** A preview window shows a document titled "Leading Content Marketers Share the Best Way to Make a Calendar Leading Content Marketers Share". It features a network diagram with nodes and connecting lines, representing interlinked documents.

- Calendar

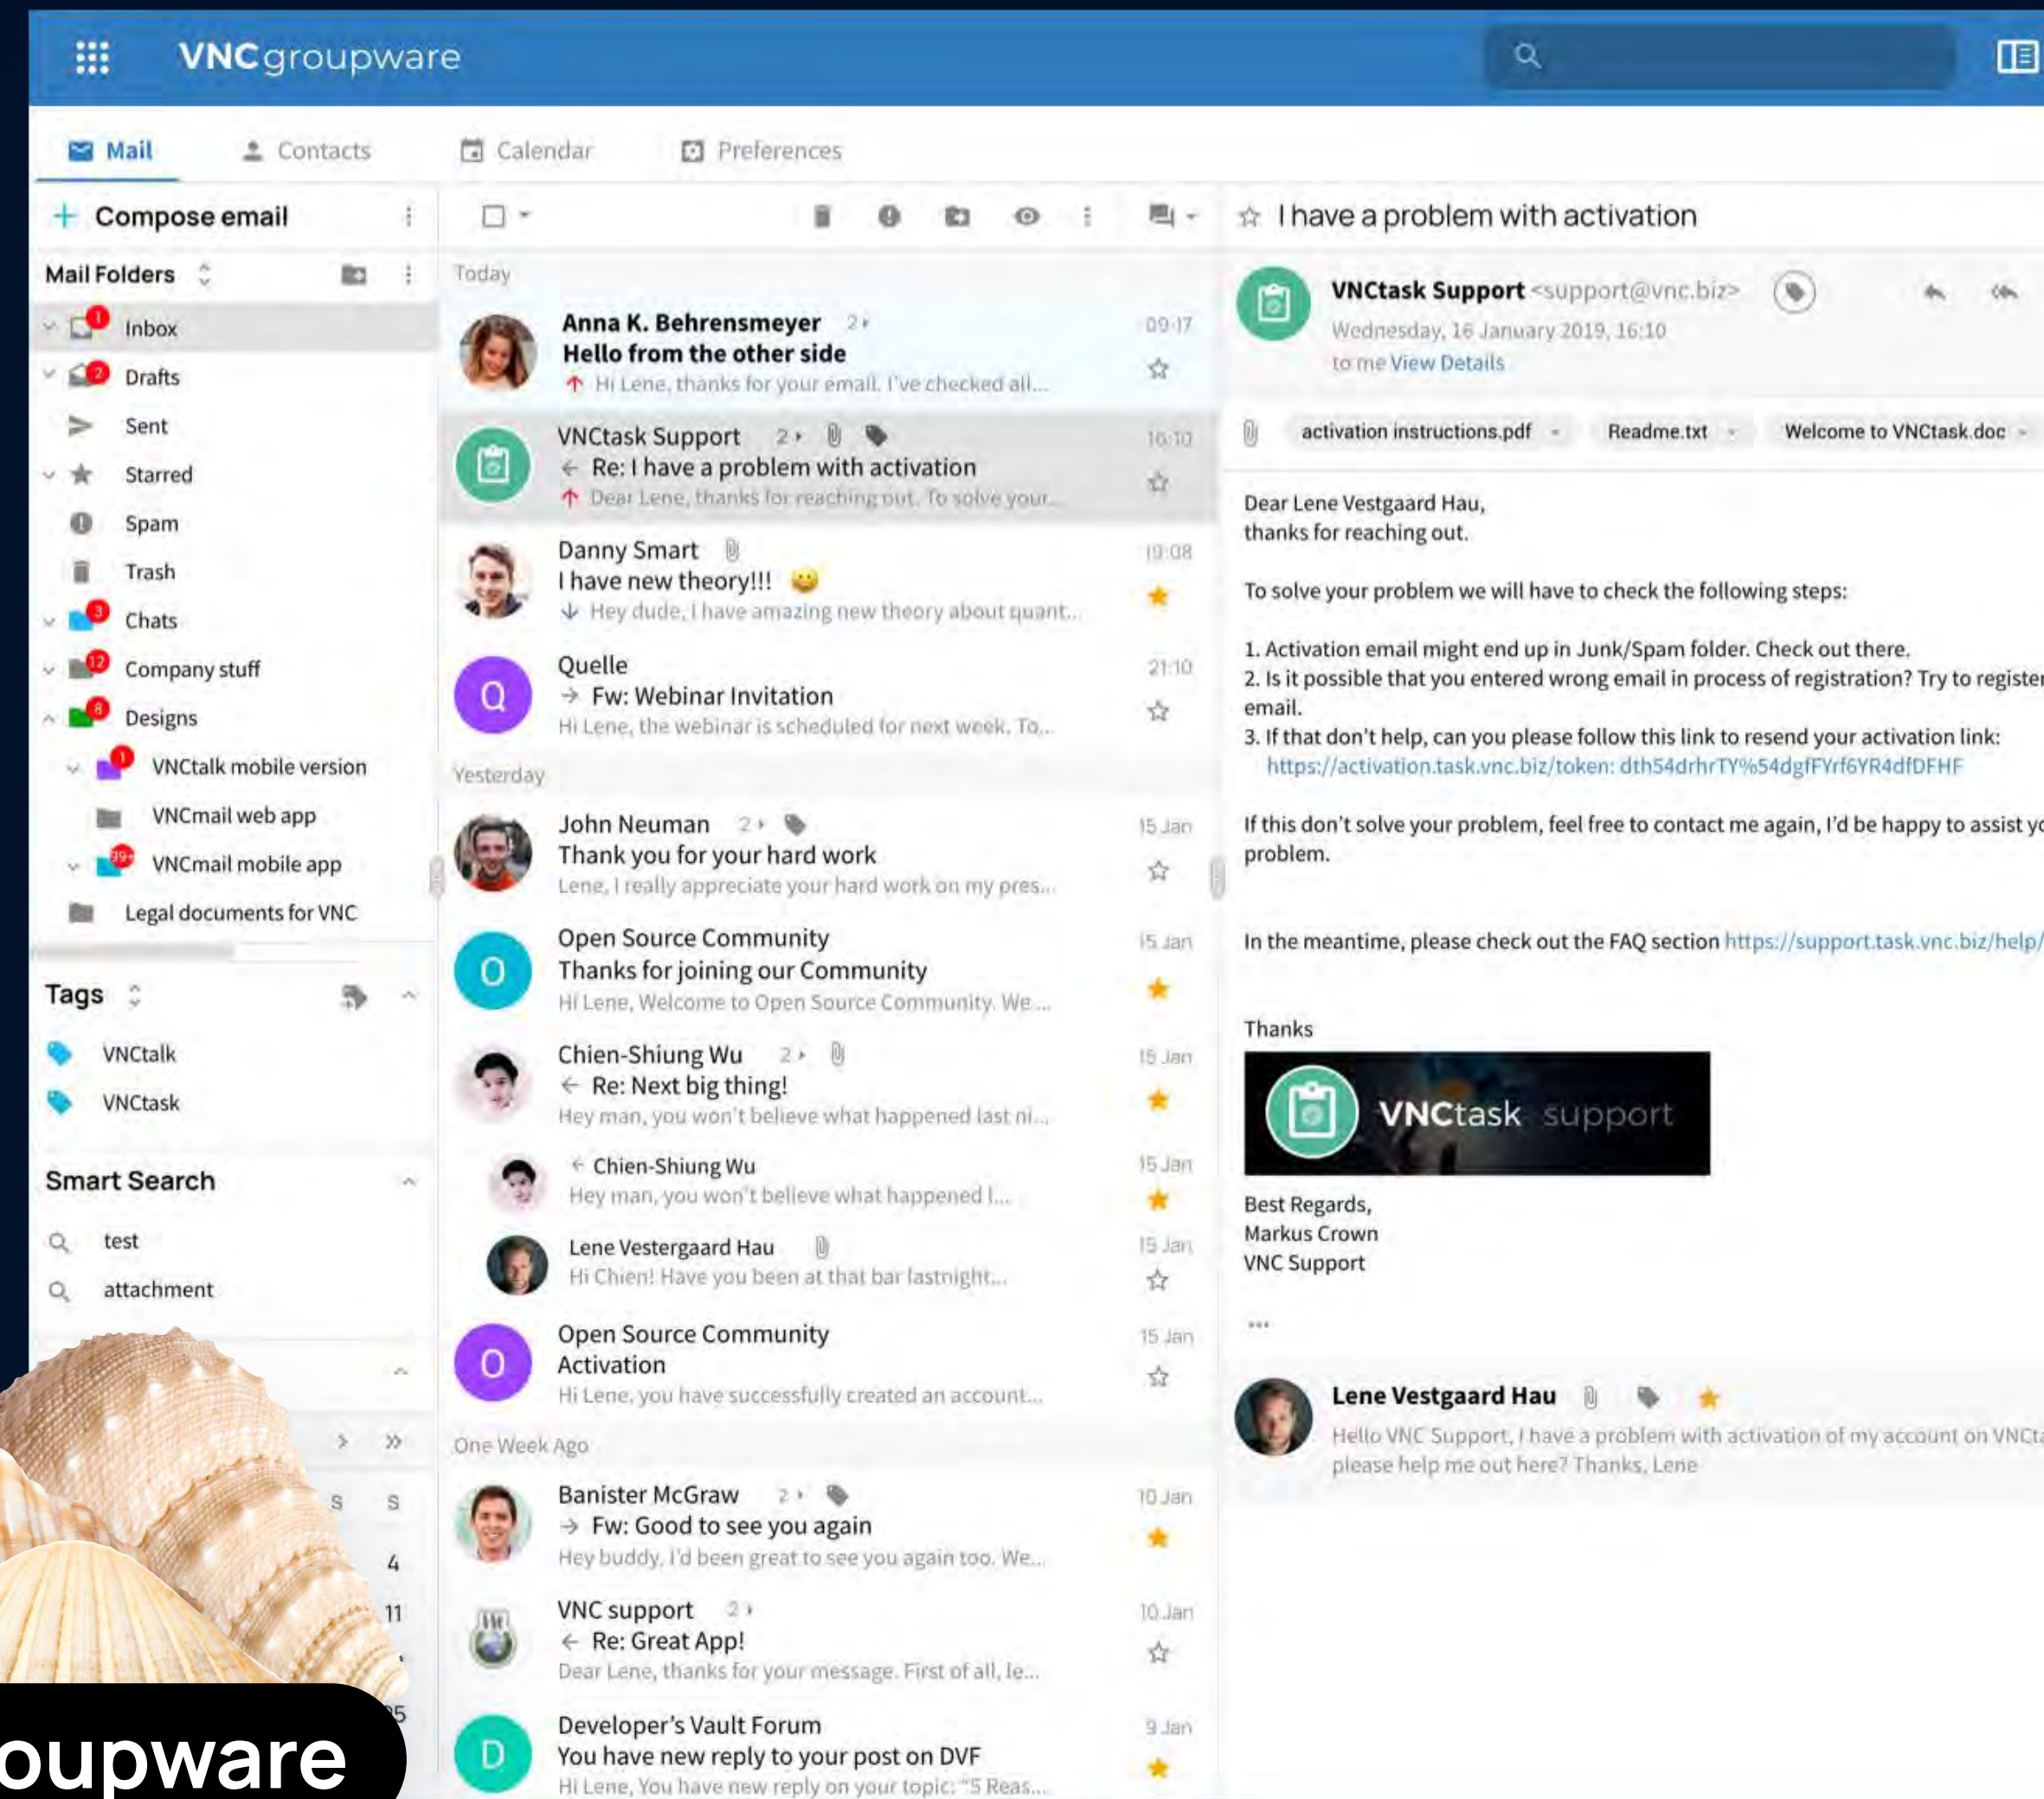

# Collaborative management tools for your team

Integrated features to manage your emails, contacts and calendars →

# Collaborate on emails, contacts and appointments

The screenshot displays the VNCgroupware web interface, which integrates email, contacts, and calendar functionality. The interface is divided into several sections:

- Mail Folders:** A sidebar on the left lists folders such as Inbox, Drafts, Sent, Starred, Spam, Trash, Chats, Company stuff, and Designs. It also includes tags for VNCtalk and VNCtask, and a Smart Search section with filters for 'test' and 'attachment'.
- Mail List:** A central pane shows a list of emails. The selected email is from Anna K. Behrensmeyer with the subject "Hello from the other side". Other emails include a support message from VNCtask Support, a message from Danny Smart, and a webinar invitation from Quelle.
- Mail View:** The right pane shows the content of the selected email, including a support message from VNCtask Support with attachments like "activation instructions.pdf" and "Welcome to VNCtask.doc". The message body contains troubleshooting steps for account activation.
- Calendar:** A calendar view on the right shows a weekly layout with a green appointment titled "Video Demo For Denwer..." on Friday, January 29, from 10:00 AM to 12:20 AM. Other appointments include "Daily planing" and a meeting with "Smith, Allan Cooper +4".

- Subject:** I have a problem with activation
- From:** VNCtask Support <support@vnc.biz>
- Date:** Wednesday, 16 January 2019, 16:10
- To:** me
- Attachments:** activation instructions.pdf, Readme.txt, Welcome to VNCtask.doc, + 3 more
- Body:**

Dear Lene Vestgaard Hau, thanks for reaching out.

To solve your problem we will help you with the following steps:

  1. Activation email might end up in your spam folder.
  2. Is it possible that you entered an incorrect email address?
  3. If that don't help, can you please provide us with a screenshot of the activation email? <https://activation.task.vnc.biz>

If this don't solve your problem, please let us know so we can help you further.

In the meantime, please check out our new collaboration tool.

Thanks

**VNCtask**

Best Regards,  
Markus Crown  
VNC Support

VNCcalendar

# Power Calendar Features

The screenshot displays the VNCcalendar application interface. At the top, the header shows the VNCcalendar logo, a search bar, and navigation icons. The main calendar view is set to 'Mon, 25 Sep' and shows a weekly grid from Monday to Saturday. Several events are visible, including 'Daily planing' (orange and blue blocks) and 'Video Demo For Denwer...' (green block).

Two event pop-ups are overlaid on the calendar:

- Event: Strategy Workshop**
  - Attendees: Adam Forrest, Mike Smith, Allan Cooper +4
  - Location: VNC, Weigandufer 45, 12059 Berlin, Deutschland
  - Start date: 12.08.2021 - 12:34 PM
  - Due date: 12.08.2021 - 12:34 PM
  - Display: Busy (selected)
  - Reminder: 5 min before
  - Buttons: Will you Join? (checked), Suggest a time, CANCEL, SAVE
- Video Meeting**
  - Attendees: Adam Forrest, Mike Smith, Allan Cooper +4
  - Host: Andrea Smith
  - Date: Thursday, Apr 14 | 03:00PM - 04:00 PM | (UTC-03:00)
  - Reminder: 5 minutes before
  - Content: There will be 3 major objectives:
    - 1. What did we do yesterday.
    - 1. What is agenda for today.
    - 3. Is there any blockers/concerns.Also need to discuss new office opening and new positions.
  - Buttons: Watch recording, Ended Apr 14 04:05 PM

# VNCcontacts

## Features:

- enterprise contacts and address management
- fast and easy creation of new contacts
- group contacts in folders
- move contacts between folders
- easy earmarking of favorite contacts
- individual contact lists; filter and sort by criteria
- import, export and print saved contact lists
- add, change and remove your profile photo

# Enterprise contacts management

Manage all contact details in a structured manner →

The screenshot displays the VNCcontacts application interface. On the left, a sidebar shows navigation options: 'New contact', 'Contacts' (with sub-items: Contacts, Frequently contacted, Duplicates, Trash), 'Lists' (with sub-items: Collogues, Family, Friends, School, Acquaintants), and 'Tags' (with sub-items: VNCtalk, VNCtask, VNCmail, Desktop, Mobile). The main area shows a list of contacts with profile pictures and names. A modal window titled 'Edit contact' is open, showing details for a contact named Caitlin Sambel. The modal fields include: First name (Caitlin), Last name (Sambel), Company name (ACME Ltd), Job title (Project Manager), Email (caitlin.sambel@acme.com), Work phone (+44 1...), Mobile phone (+44 1...), Address (115 Crown St, SW1H 4LD, United Kingdom), Home phone, XMPP (adam.forrest), Blog (https://www.caitlin-sambel.com), and Birthday (13/8/1985). A 'Notes' field contains the text: 'The journey of a thousand miles begins with one step.' The modal also features a 'Save' button with a green checkmark and a 'Cancel' button with a red X. Several circular icons with checkmarks, question marks, and X marks are overlaid on the interface, indicating various actions or states.

# Start VNCIagoon actions from each contact

The screenshot displays the VNCcontacts application interface. The top navigation bar includes the VNCcontacts logo, a search bar, and notification icons. The left sidebar shows navigation options: 'New contact', 'Contacts' (257), 'Frequently contacted' (20), 'Duplicates' (4), 'Trash', 'Lists' (19), and 'Tags' (65). The main area shows a list of 'Starred contacts (6)' and 'Contacts (251)'. A network diagram overlay is visible, connecting various contact profiles with blue lines and icons, illustrating the 'VNCIagoon' feature.

# A brief overview of your projects

Quick filters of items based upon preconfigured selections →

VNCproject

The screenshot displays the VNC project dashboard with the following sections:

- Dashboard:** Includes a navigation bar with "Dashboard" and "Project Board" tabs, and a "Filters" button.
- My trophies:** A weekly overview from Monday (Aug. 4) to Saturday (Aug. 9), each with a trophy icon.
- My Capacity:** A table showing "General Capacity" for each day of the week: Mon: 8.00, Tue: 8.00, Wed: 8.00, Thu: 8.00, Fri: 8.00, Sat: 0.00, Sun: 0.00. A "SUBMIT" button is visible.
- Tickets Per Day:** A circular gauge showing a "7.4 h Time distribution".
- Feature List:** A table listing features like "WP Decarbonization", "WP Fuels", "WP Supply Chain", "WP Engine", and "WP Engine" with corresponding ticket links.
- Open tasks:** A list of tasks with filters for "Last 3 month", "all projects", "all users", and "version". A search bar contains "Alex" and a user "Eva Lee" is listed.
- Notifications:** A sidebar panel with a "Notifications" header, "all applications" dropdown, and "unread" count. It lists several notifications such as "New Chat", "New Project", "New Ticket", "New File", "New channel", "New topic", "New mention", and "Missed call".
- Achievements:** A section at the bottom right showing "April 2022" and "Unproductive tickets".

# Manage Roles & Permissions

The screenshot displays the VNC project management interface, divided into several sections:

- Dashboard (Left):** Features a search bar, filter buttons for Gender, Age, Brazil, Project, and Language, and a list of users with checkboxes for selection. Active users include Caitlin Sambel and Tom Crawford.
- Access Request (Top):** A table listing users who have requested access.
 

Author	JID	Name	Permissions	Members	Created	Updated
Tom Crawford	vncmeet_jzpti_talk_meeting@tal		None	3		
Brooke Ford	vncmeet__with__external_talk_		None	3		
- User Profiles (Middle):** A grid of user cards for Wim Willems (Admin), Praskovya Dubinina (Participant), Jontray Arnold (Participant), Furmaan Bharyar (Participant), Regina Bellator (Participant), and Patricia Ribeiro (Participant). A context menu for Regina Bellator shows options: User profile, Project Permissions, File Permissions, and Block Participant.
- Requested Files (Right):** A sidebar showing a list of 324 files. The current view shows 2 files:
  - Audio File.mp3 (7.21 Mb)
  - Video no preview.mpeg4 (7.21 Mb)
  - Video with preview.mpeg4 (7.21 Mb)
  - Image.png (7.21 Mb)
  - Text File.txt (7.21 Mb)
  - Word.doc (7.21 Mb)

# Manage Workflows per Role and Ticket Type

The image displays the VNCdirectory interface, which is used for managing workflows. The interface is divided into several sections:

- Admin Panel:** Located on the left, it includes options for Projects, Users, Groups, Roles and permissions, Issue statuses, and Workflow.
- Group chats:** A section for managing group chats, featuring a filter (2) and a list of users with their names and JIDs.
- Workflow Management:** The central part of the interface, showing a list of workflows with columns for status (e.g., New, Assigned, In Progress, Testing, Review, Feedback, On Hold, Rejected, Validate, OLD-Resolved-closed, Integrate, INVOICE, Pending, Completed) and permissions (e.g., Gegenwärtiger Status, Neue Berechtigungen).
- User Selection:** A section for selecting roles and trackers to edit the workflow, with a dropdown menu for Role (Manager) and Type (07 - CR - Change Request).
- Issue Statuses:** A table showing various issue statuses and their corresponding permissions.
- Network Diagram:** A large, complex network diagram at the bottom right, consisting of many circular nodes representing users, connected by lines, illustrating the relationships and permissions within the system.

Decorative elements include a green circle with a person icon and a network diagram overlaying the interface.

# Enterprise Task Management

Create tasks, manage them, get organized – all in one tool →

VNCtask

The screenshot displays the VNCtask web application interface. At the top, there is a navigation bar with the VNCtask logo and a filter section. The filter section includes options for 'All statuses', 'Type', 'This week', 'Tags', 'Author', 'Assignee', 'Location', 'Due Date', and 'Group: None'. Below the filter, there is a list of tasks. The first task is '[VNCtalk desktop] Create components for chat bubbles in chats' with assignee Anna Palmer, status 'In Progress', and due date '18 Feb. 2018'. A 'New task' modal is open, showing a form to create a new task with fields for 'Task Title', 'Start Date', 'Due Date', 'Priority', 'Project', 'User', 'Repeat', 'Estimate', 'Spent time', and 'Tags'. A 'Ticket preview' modal is also open, showing details for a ticket titled 'Monthly UI/UX best practice Strategy Workshop' with author Mike Jopson, created on 'Wed • 16 Sep 2019 • 16:10'. The ticket preview includes fields for 'Assignee' (Antony Cagle), 'Priority' (normal), 'Status' (In progress), 'Start date' (12/03/2020), 'Due date' (12/03/2020), 'Project' (VNCtalk), 'Version' (Bug fixes 12.3), 'Estimated time' (4 Hours), 'Spent time' (8 Hours), 'OTA' (8 Hours History), 'Repeats' (None), 'Priority' (Low), 'Reminder' (18 Feb 2020 at 12:34 AM), 'Location' (Office), 'Subtask' (Bug fixes 12.3), and 'Completed' (50%).

# Power Task Management Features

The screenshot displays the VNCtask mobile application interface, highlighting several key features:

- Task List:** A list of tasks is shown, including "Implement the screen share" assigned to Anna Palmer, with details like status (In Progress), priority (High), and due date (18 Feb. 2022).
- Task Preview:** A detailed view of a task, showing the assignee (Anna Palmer), start and due dates (18 Feb. 2022), repeats (18 Feb. 2022), priority (Immediate), project (VNCtask), estimate (4h), spent time (2h), and completion status (50%).
- New Task Form:** A form for creating a new task, titled "Mockup Design for VNCtalk". It includes fields for task title, task details (filters like ~Today, ^Tomorrow, !Urgent, =VNCtask desktop, +Adam Forrest, \*Every week, "2:30, &4tags), and a grid of feature icons (Start date, Due date, Priority, Project, User, Repeat, Estimate, Tags, Description).
- User Selection:** A dropdown menu for selecting the user assigned to the task, listing users like Mike Smith (You), Jordi Santiago, Caspar Sawrey, Name, Nnenna Jioke, Jozef Kondratovich, and Carmen Beltrán.
- Task Details:** A detailed view of a task, showing the task title, assignee, start and due dates, repeats, priority, project, estimate, spent time, and completion status.

# CRM Customer Relationship Management

Manage all customer interactions →

# CRM Customer Relationship Management

Sales Pipelines →

The screenshot displays the VNCcrm CRM interface with a sales pipeline. The pipeline is divided into seven stages: 1. NEW, 2. PROSPECTING, 3. QUALIFICATION, 4. QUOTATION, 5. NEGOTIATION, 6. WON, and 7. LOST. Each stage shows a count of opportunities and a total value (e.g., €867K). Below the stages, there are cards for individual customer opportunities. Each card includes the customer name, a dropdown menu for selection, a value, a date, a priority level (e.g., 'high', 'normal', 'low'), and the name of the salesperson (Alan Smith). A context menu is open over one of the cards, providing actions such as 'Edit in overlay', 'Mark as lost', 'Mark as won', 'Clone', 'Copy link', 'Open in a new tab', and 'Delete'. At the bottom left, a notification states 'Lead was converted to opportunity' with an 'UNDO' button. A blue plus button is visible in the bottom right corner.

## Features:

- lead and opportunity management directly in VNCIagoon
- Pipeline and dashboards
- Quick actions from lead to contact to Action Wheel and to call / email / task

The screenshot displays the VNCcrm interface for a lead record titled "VNCIagoon for Heavenly Technologies Inc.". The interface includes a navigation bar with options like Pipeline, Leads, Opportunities, Activities, and Statistics. The lead record shows details such as Company (Heavenly Tech Inc.), Salesperson (Anne Palmer), Lead class (A), Lead source (Trade Show), Sales partner (Partner Systems), Priority (normal), and Stage (qualification). It also lists Categories (Implement in VNCIagoon), Campaign (Marketing 2023), Number of Users (5000), Competitors (ABC Soft), and Contacts (33 contacts). The Description section contains text about the customer's requirements and a list of attachments including PDFs and a video. The Activities section shows a list of tasks with columns for Name, Assignee, Company, Lead, Task type, Status, and Actions.

Name	Assignee	Company	Lead	Task type	Status	Actions
VNCIagoon - Requirements	Max Smith	VNC AG	VNC suite for ADS...	Meeting	High	[edit] [delete]
Implement PoC	Jane Dow	VNC AG	VNC suite for ADS...	Call	High	[edit] [delete]
Customer Presentation	Richard L.	VNC AG	VNC suite for ADS...	Meeting	Urgent	[edit] [delete]
Create first evaluation	Will Peterson	VNC AG	VNC suite for ADS...	Meeting	Urgent	[edit] [delete]
Customer Call	Max Dowd	VNC AG	VNC suite for ADS...	Meeting	Urgent	[edit] [delete]
Check contracts	Anne Bridges	VNC AG	VNC suite for ADS...	Meeting	Normal	[edit] [delete]

# VNCsafe

## Features:

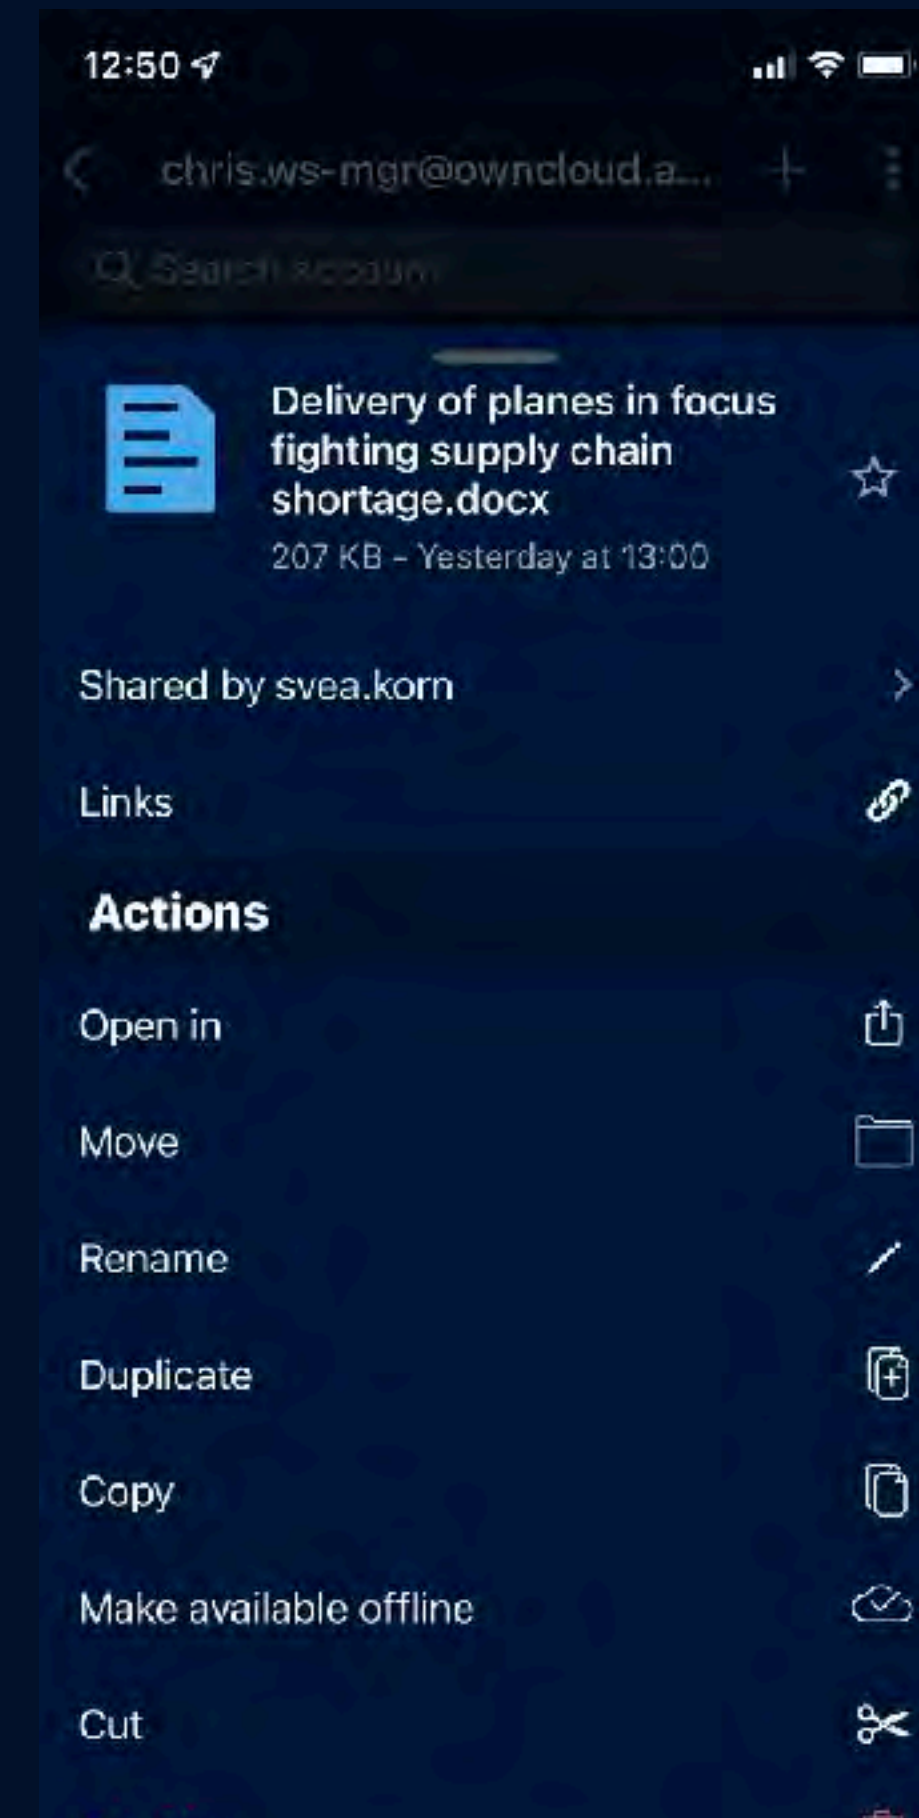

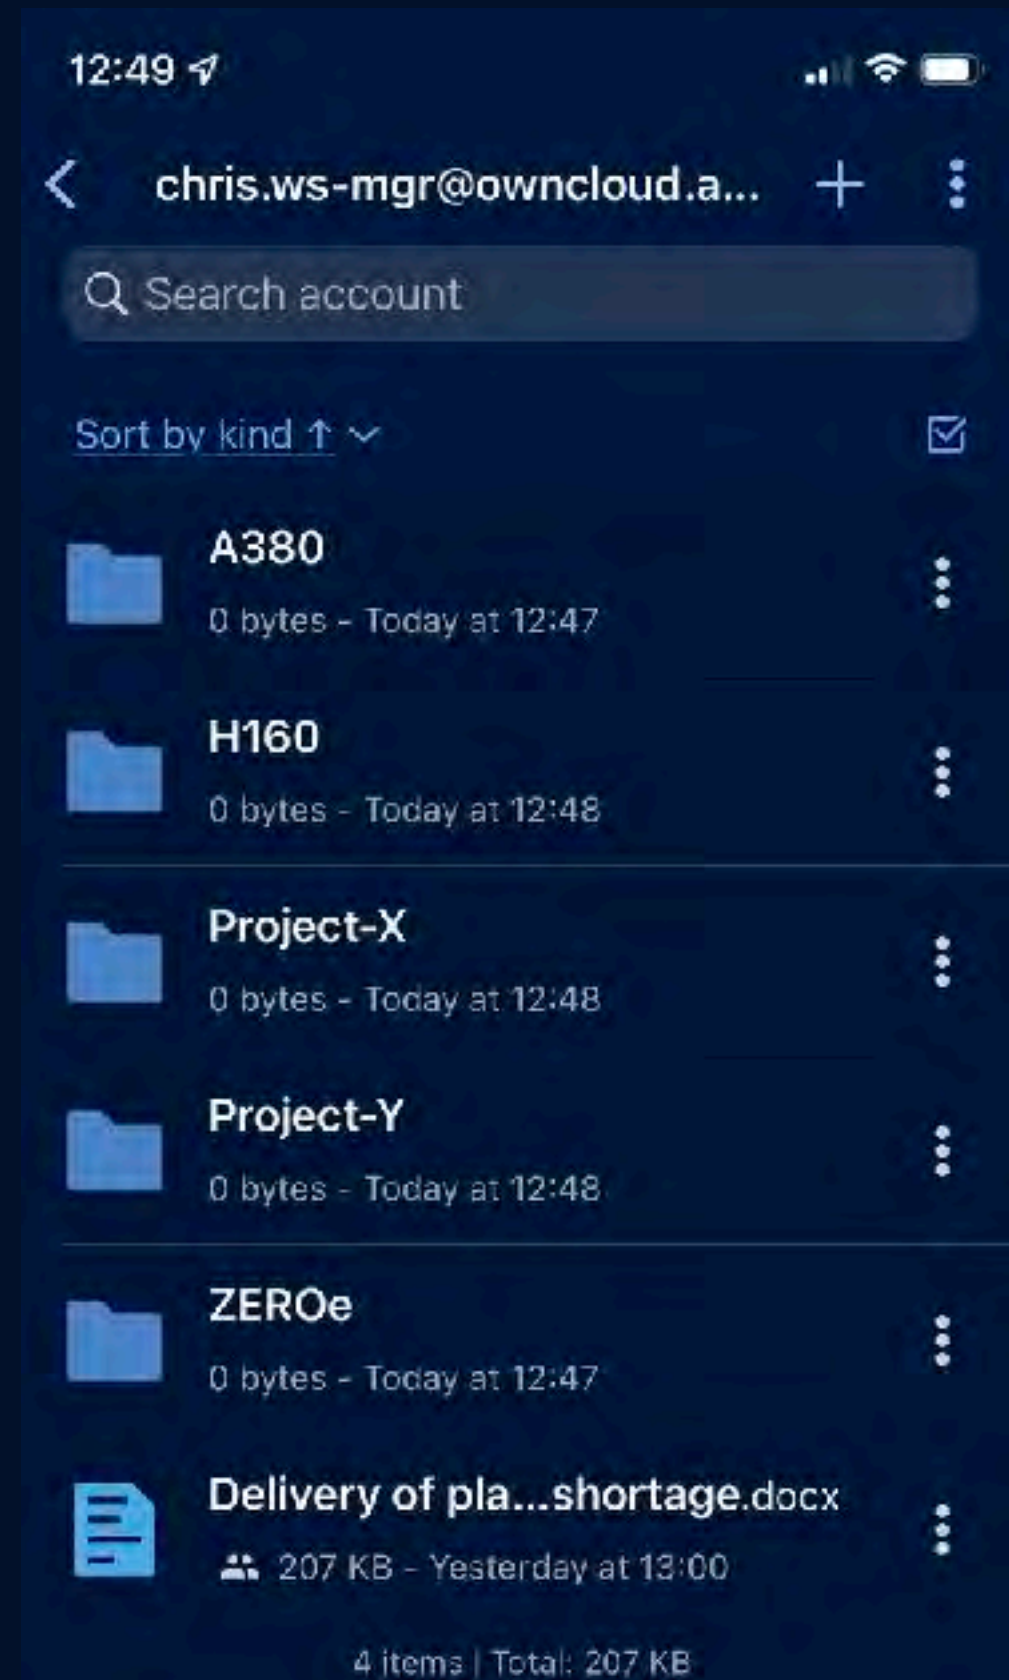

- file sync & share
- secure file handling

# Seamless Experience on Desktop & Mobile

VNCdms

# Document Management System

Store, manage and track electronic documents →

The screenshot displays the VNCdms web interface. The top navigation bar includes the VNCdms logo, a search bar, and user profile information. The main content area shows a file management view for a folder named 'Design system 2.5'. On the left, a sidebar lists various folders and categories like 'All Data', 'Impotent', 'Lead generation', 'Team mates', 'New Sales', 'Design system 2.5', 'Vegetables', 'Apps', 'Jimmy H.', 'Adds', 'Ruffus', and 'Jackie O.'. The main area features a search bar with the text 'Arizona' and a table of files. The table has columns for Title, Size, Author, Date, Version, and Workflow. A 'New Folder' dialog box is open over the table. At the bottom, there are two notification boxes: 'Added to favourites' and 'Removed from favourites'. A 'Remove from favourites' button is also visible on the right side of the table.

# Integration in VNCIagoon

This screenshot shows the VNCdms interface with a file explorer on the left and a user list on the right. The file explorer displays a folder named 'Design system 2.5' containing a file 'Design system documentation. PDF guidelines.'. The user list on the right shows several users, including Andries Grootenck, Jel Chibuzo, Erika Mateo, and Ysam Nassour.

This screenshot shows the VNCdms interface with a file explorer on the left and a user profile on the right. The file explorer displays a folder named 'Design system 2.5' containing a file 'Design system documentation. PDF guidelines.'. The user profile on the right is for 'Alexandr Richards-Westson', CEO + Director of Marketing, with a birth date of 8 June 1986 and a company of Microsoft. The profile also shows a list of users, including Andries Grootenck, Jel Chibuzo, Erika Mateo, and Alexandr Richards-Westson.
